Quotes

"We are very excited to launch this new software and are confident the public will enjoy some of the new features. Just to clarify, not all clients were transferred into the new system. To be sure, please check your current email address to see if a temporary password and login were sent to you to avoid account duplication.

Also, we ask that you please "bear with us" as we anticipate slightly longer than normal wait times at registration. If you'd like to register in person, we suggest visiting Beban Pool Lobby because there will be additional staff on site. Thank you in advance. We appreciate everyone's patience during this transition."
