

Note: Field conditions change very quickly on the West Coast. It is imperative that field users evaluate and inspect field conditions prior to each use. Fields that do not meet appropriate playing conditions are not to be used. If use of a field in adverse conditions results in damage beyond normal wear and tear, the field user may be charged the full cost to repair the field.

Field Evaluation

Date: May 11, 2017

Field	Condition	Comments
Barney Moriez	Low	User Discretion
Beban Park Gyro	Low	User Discretion
Bowen West	Low	User Discretion
Caledonia	Low	User Discretion

Robins*	Low	User Discretion
Serauxman - #1	Low	User Discretion
Serauxman - Mariner	Low	User Discretion

Ratings:

Low - no risk, field in good shape

Moderate - some wear, avoid

High - damage or potential for damage is high, avoid practice and adult play

Not Used - Field not booked in the winter

*Lit fields, practice is a priority
