

- CONSTRUCTION NOTICE - BOWEN ROAD CLOSURE AUGUST 21 & 22, 2010

Please be advised that Contractors working for the City of Nanaimo will be relocating the sanitary sewer in preparation for the upcoming Quarterway Bridge construction in 2011. Anticipated construction completion is mid to late September. **This project requires single-lane alternating traffic at the Quarterway Bridge for the duration of project.** City recommends **AVOIDING THE AREA**, as there will be long traffic delays.

This project requires rock blasting to excavate the utility trench crossing on Bowen Road. To address public safety concerns, the Quarterway Bridge will be CLOSED to all through vehicular and pedestrian traffic. Traffic will be detoured on Saturday, August 21, at 7:00 a.m. and will reopen on Sunday, August 22, at 9:00 p.m. Local businesses are accessible from the Pryde Ave. Intersection end.

Southbound vehicular traffic will be detoured to Townsite Rd. via Pryde Ave. Northbound vehicular traffic will be detoured to Townsite Rd. via Wall St.

Construction signs will be posted and flagpersons will be on duty to assist with the traffic flow. Please exercise caution, obey all signage placed for your safety and follow the directions of the flagpersons on duty.

We thank you in advance for your cooperation and understanding during this construction.
