NEWS RELEASE

FOR IMMEDIATE RELEASE

2011 NANAIMO GARBAGE & RECYCLING SCHEDULES IN THE MAIL

City of Nanaimo residents should watch their mail for new Garbage and Recycling Collection Schedules. This applies to the City's E-3 Route (Cilaire area) and all households not on the Green Bin Program.

Residences that recently started receiving kitchen waste service, received 2010/2011 schedules with their new green bin. These schedules are good through to the end of 2011 and they will not have another schedule sent to them.

Canada Post started delivering the peach-coloured 2011 Schedules on December 13th with completion expected by December 23, 2010. The new Schedules show collection days for City of Nanaimo serviced households.

Households that don't receive a 2011 Schedule by December 23rd can either call Public Works at 250-758-5222 or download a new one. On-line Schedules can be downloaded by visiting www.nanaimo.bc.ca, clicking on Residents and selecting Garbage and Recycling. Follow the instructions to obtain your City of Nanaimo Schedule.

Households are reminded that garbage, recycling and green bin collection days advance by one day after a statutory holiday. To avoid missed pick-ups, residents should check their schedules and ensure garbage, recyclables and green bin food and kitchen waste is at the curb by 8 a.m. on their scheduled collection day.
