

CONSTRUCTION NOTICE

WEBER ST & BRUCE AVE AREA UTILITY UPGRADES

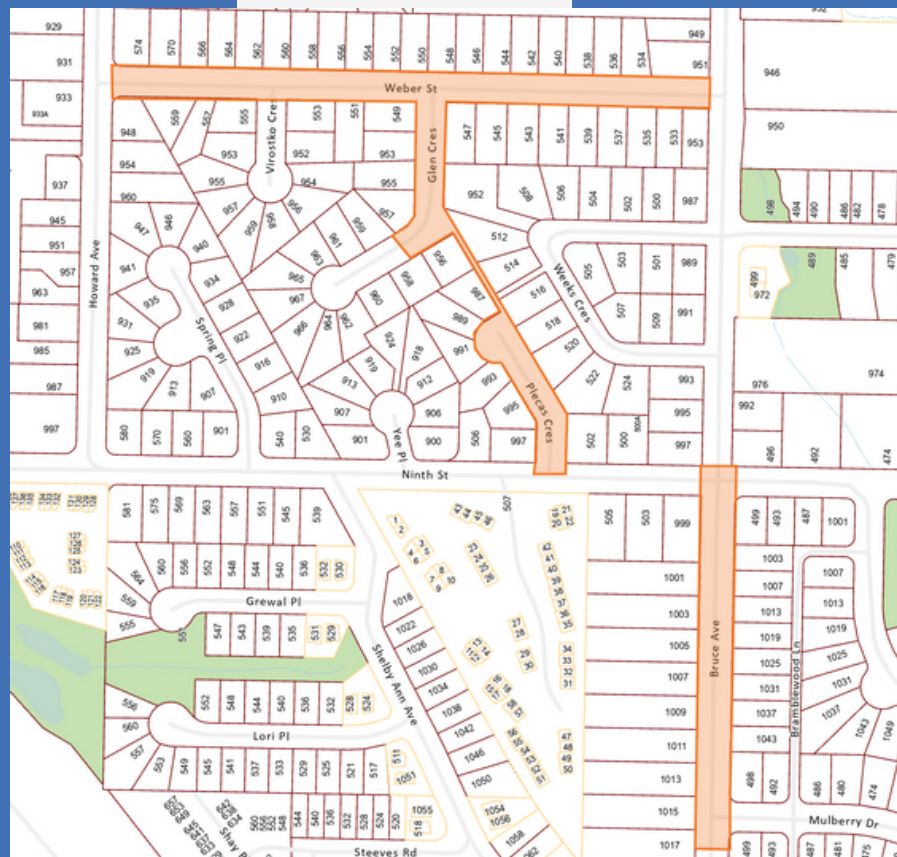

Locar Industries Ltd, working on behalf of the City of Nanaimo is scheduled to begin construction in your area on December 14, 2023. Typical construction hours will be 7am - 5pm.

Construction for this project is expected to occur over the course of approximately 4 months. Lane closures and some traffic detours will be necessary during construction, any road closures will be communicated in advance. The walkway from Glen Crescent to Plecas Crescent will be completely closed during construction. **Stay Safe!** Please exercise caution, obey all signage and instructions from the traffic control personnel, who are there for your safety. If you have young children, please advise them of the dangers of construction and the limited visibility of heavy equipment and trucks.

The project spans Weber Street from Howard Avenue to Bruce Avenue; Glen Crescent from Weber Street through the walkway to Plecas Crescent; Plecas Crescent from the cul-de-sac to Ninth Street, & Bruce Avenue from Ninth Street to Mulberry Drive.

PROJECT AREA

The works generally consists of:

- The replacement of watermain with the installation of approximately 900m of 200mm dia. PVC pipe, associated fittings, service connections and tie-ins
- The replacement of sanitary sewer with the installation of approximately 80m of pipe, associated fittings, service connections and tie-ins
- The replacement of storm sewer with the installation of approximately 35m of pipe, 2 manholes, associated fittings, service connections and tie-ins
- Repair and restoration of the associated lengths of road including approx. 2880m² of paving.
