City of Nanaimo Set to Expand Linley Valley Park

Summary

Linley Valley Park will expand with the acquisition of a 20.2 hectare (50 acre) parcel of land. At their May 28, 2018 In Camera meeting, Council approved the purchase of this parcel which was the focus of a development application in 2017 not favoured by the public or Council. The City has been working with the property owner to come to an arrangement to transfer the property to the City for some time and a deal has now been completed between the two parties. Council is excited to protect this property as parkland as part of the City's commitment to environmental stewardship and preserving open space for the enjoyment of the public.
