## City remembers miners lost in mining disaster

### Summary

Flags located at City of Nanaimo facilities will be lowered to half mast on Monday, May 3 to mark the anniversary of the coal mining disaster of 1887 that took 150 lives.

The explosions of the No. 1 Esplanade Mine are known as the worst mining disaster in British Columbia's history and second worst in Canada (the mining disaster of 1914 in Hillcrest, Alberta killed 189 miners). A jury blamed the explosion on the firing of an unprepared and badly planted charge that ignited accumulated gas fuelled by coal dust.
