

CONSTRUCTION NOTICE

HAMMOND BAY RD - SEALAND RD TO VENTURA DR

July 10, 2025

Milestone Equipment Contracting, on behalf of the City of Nanaimo, will soon start major construction on the Hammond Bay Area Utility & Transportation Upgrade Project on Hammond Bay Road, between Turner Road and Rutherford Road. This work is part of the City's 2025 Capital Projects Infrastructure Improvements.

To assist with the installation of a new sanitary sewer, temporary lane road closures are necessary along Hammond Bay Road. To avoid expected traffic delays, vehicles are advised to use Rutherford Road and Uplands Drive. Drivers are asked to be respectful to residents and not to take short cuts through residential areas.

Access to all residential properties shall be maintained at all times (including Ventura Dr, Emil Pl & Roy Ln).

Typical work hours will be Monday to Friday, 7am - 7pm. Construction signs will be posted and flag persons are on duty to assist with the traffic flow. Please exercise caution, look out for stationary vehicles, obey all signage placed for your safety, and follow the directions of the flag persons on duty. We ask local residents to please help us communicate these temporary impacts to your visitors and delivery drivers.

This project will be ongoing along Hammond Bay Road and is expected to last until the spring of 2026.
