

CONSTRUCTION NOTICE

TOWNSITE AND HOLLY PEDESTRIAN IMPROVEMENTS

September 14, 2026

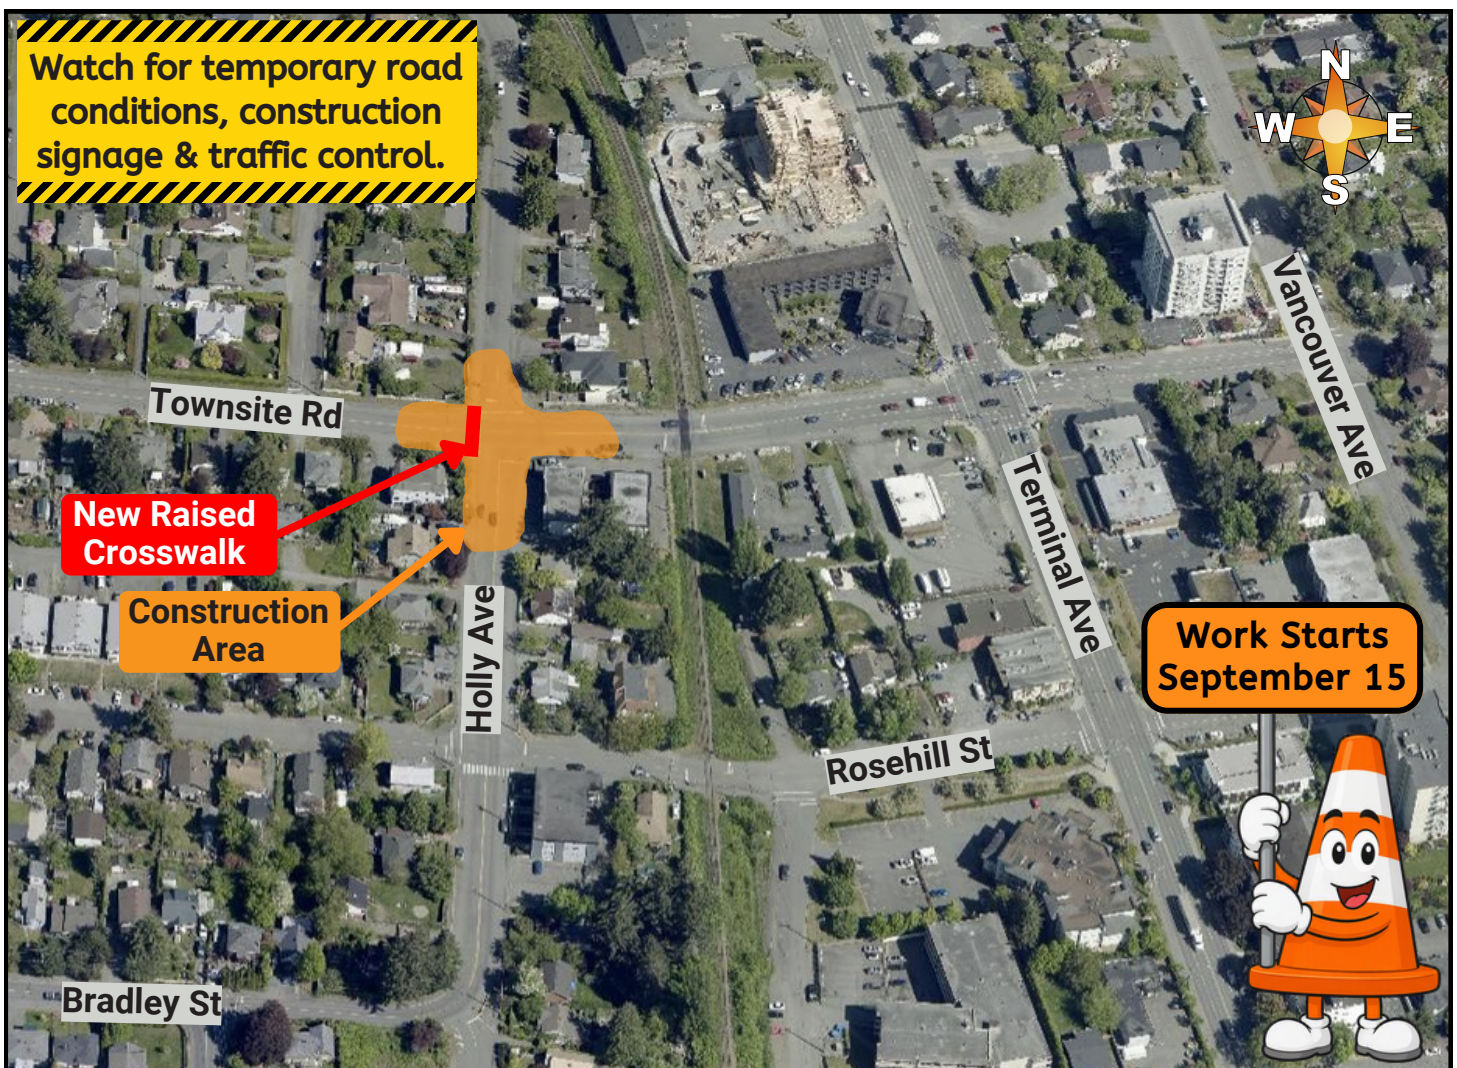

City File: C1878

Starting September 15, Copcan Civil LP, on behalf of the City of Nanaimo, will begin constructing a new raised crosswalk and other pedestrian improvements at the intersection of Townsite Road and Holly Avenue.

Please expect traffic disruptions, including lane, sidewalk, and crosswalk closures, as well as delays. Construction signage and traffic control personnel will be in place to help vehicles, cyclists, and pedestrians move safely through the area.

Please stay alert, follow posted signs, and obey the directions of traffic control personnel. Parents and caregivers are encouraged to remind children to stay clear of construction equipment and work areas.

Construction is expected to be complete by late October. Thank you for your patience and cooperation.

If you have any questions or require further information regarding this project, please contact constructioninfo@nanaimo.ca, or one of the people listed below.
