

TREE REMOVAL NOTICE

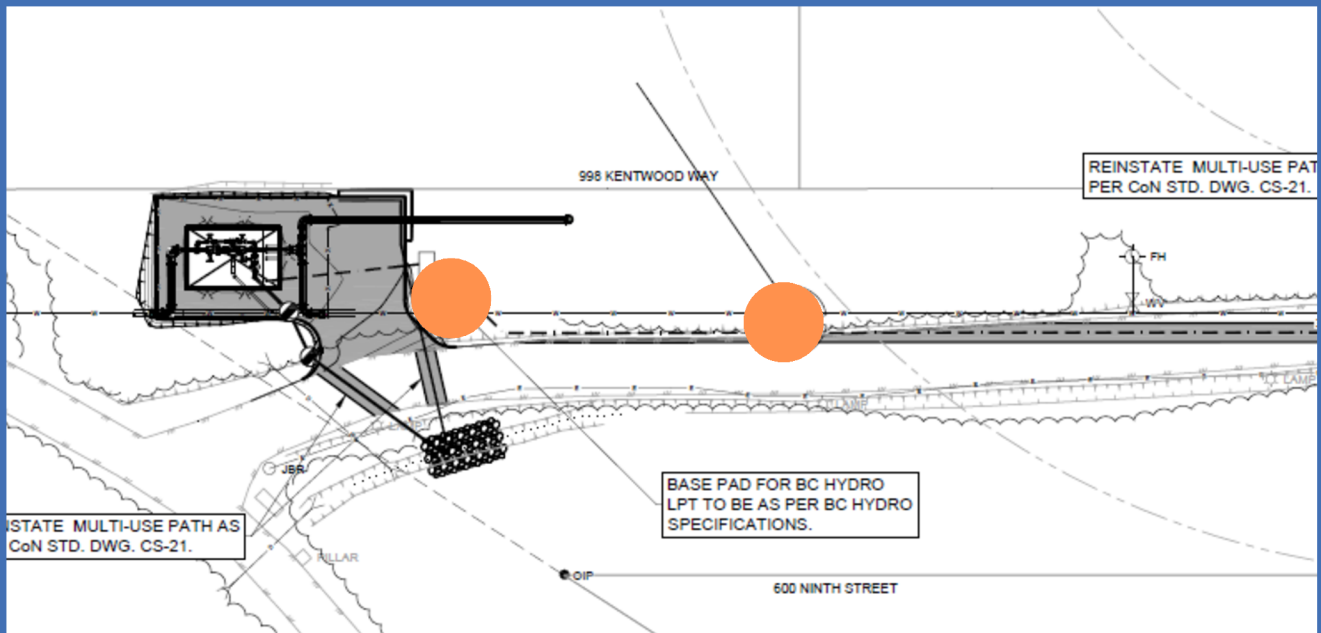

NINTH STREET PRV STATION UPGRADES

MJR Tree Service, working for the City of Nanaimo, will be removing two (2) trees in your area sometime in May 2026. This work is being done to prepare the area for a pressure reducing valve station upgrade project, which will begin construction early summer around June.

This work is expected to take place in 1 day and traffic flaggers will be on site managing trail users during this time. There may be short durations requiring users to wait for up to 5 minutes.

Stay Safe! Please exercise caution and obey all signage and the direction of traffic control personal, who are there for your safety.
