NANAIMO IDIEGRAATED ACTIONATION DE 2023

TERRITORIAL / LAND ACKNOWLEDGEMENT

We respectfully acknowledge that the city boundary lies within the Traditional Territory of Snuneymuxw First Nation who have many significant ancestral village sites throughout the city including Stlilnup (Departure Bay) and Sxwuyum (Millstone River). We recognize the Snuneymuxw Treaty of 1854, a trade and commerce treaty that forever and always preserves and protects Snuneymuxw villages, waters, enclosed fields, harvesting and gathering sites, and the right to hunt and fish as formerly.

Welcome Pole in Maffeo Sutton Park, by Snuneymuxw Master Carver Noel Brown

WELCOME

A1 PURPOSE

The *Integrated Action Plan* (IAP) is a supporting document to *City Plan: Nanaimo Relmagined*. The IAP is designed to communicate a range of key actions the City of Nanaimo is already doing, and would like to do over the immediate and long term.

The IAP brings together the directions of planning efforts by all City Departments, and actions from City Plan into a comprehensive "library of actions" so they can be reviewed and considered together. The purpose is to support the City's commitment to integration and interdepartmental communication, with the goal of leveraging opportunity, investing efficiently and equitably, and maximizing community benefit through City actions.

A2 REVIEWING & UPDATING

The IAP is a living document to be regularly reviewed and updated to align with capital plans and budgets, to ensure that actions are coordinated and reflect Council priorities to achieve City Plan Goals.

A3 NAVIGATING

The IAP aims to achieve The Five City Goals that make up the Nanaimo Framework (see Section B1), the 35 City Plan Policy Topic Areas and City Structure (see Figure 1).

PRIORITY LIST

The priority list is a collection of actions Council has identified from the "library of actions" as priorities over the next 4 years. The actions are identified by a star and in grey in the "library of actions'.

ACTIONS

The actions are organized based on two key categories: Program Actions and Project Actions. Program Actions are implementable actions that result in something being created, such as a priority list of projects, an initiative, a change in protocols, service or a document. Project actions are something built and are attached to a location and lead to a physical change in the City. They have a geographic location on a map. All actions are listed in tables, in addition to all project actions visually represented on maps.

Timeframes

All actions are organized into three timeframes: Ongoing: Regular and Repeated Actions; Immediate: 0 – 4 years; and, Future: Beyond 4 Years.

CONNECTED CITY PLAN POLICIES

To put change into motion, each action is supported by one or more City Plan policies. Most actions will support progress in multiple topic areas. Follow this guide to find the information you need to navigate the plan.

Figure 1: Integrated Action Plan Guide

The Nanaimo **Doughnut** articulates the interconnectivity between all aspects of our city and defines the space in which Nanaimo will thrive. The Five City Goals represent the five broad areas of focus for our City's future and how we will organize our actions.

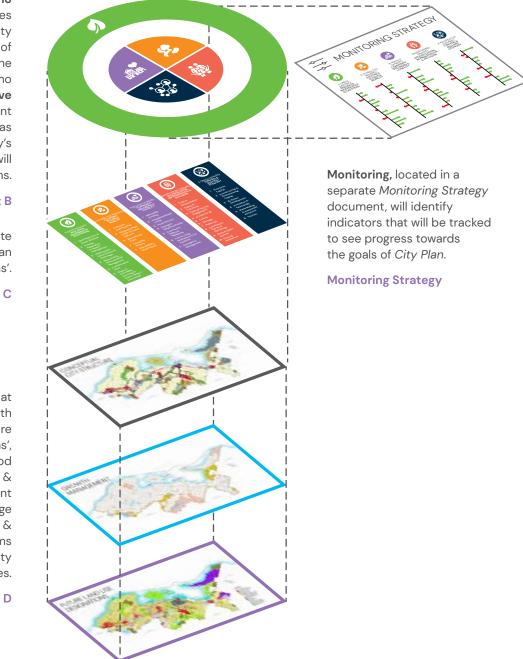

Go to Part B

The Actions that relate to the '35 City Plan Policy Topic Areas'.

Go to Part C

The Actions that relate to 'Growth Management', 'Future Land Use Designations', 'Area & Neighbourhood Planning', 'Bylaws & Permits', 'Development Permit & Heritage Conservation Areas' & 'Financial Mechanisms & Community Benefits' policies.

Go to Part D

FOUNDATIONS

B1 FRAMEWORK & GOALS

The Nanaimo Doughnut is our framework for organizing how we plan for Nanaimo's future in a balanced and integrated way. The Five City Goals, organized around the framework represent the five areas of focus for our City's future. Together, they are meant to guide a balanced approach to achieving our goals. While each of the Five City Goals represents an area of focus, a city is a complex organism where each goal cannot be considered in isolation. The goals we have and the choices we make invariably intersect and overlap. It is these intersections that make a community truly whole.

These goals provide the organizing structure for actions in the Integrated Action Plan. Achieving our goals will happen through a collective commitment to select and implement actions that consistently move the needle closer to where we desire to be.

Figure 2: Relationship between the Nanaimo Doughnut and the Five City Goals

B2 35 CITY PLAN POLICY TOPIC **AREAS & LAND USE PLAN**

Through City Plan - Nanaimo Relmagined, the community identified values of importance to residents, both for today and as we move into the next phase of our evolution as a city. These values are reflective of the Five City Goals and policies, 35 Topic Areas and the Land Use Plan that contain city scale policies to guide decision making (see Figure 3). To view the policies, refer to City Plan: Nanaimo Relmagined.

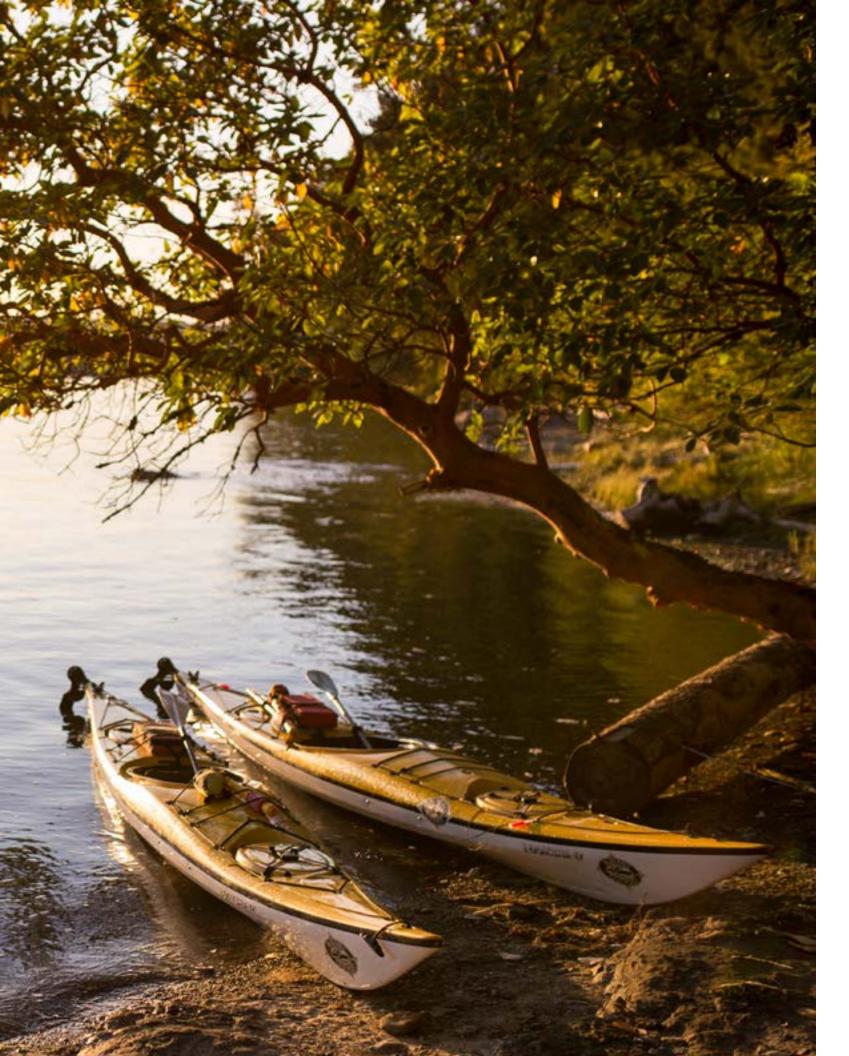

C4.10 Waterfront Use & Protection

Management

INTEGRATED ACTION PLAN COUNCIL PRIORITY ACTIONS

The priority list represent actions that Council have identified from the library of actions as priorities over the next 4 years to implement *City Plan – Nanaimo ReImagined*. They are a subset of a broader 'library' of actions to implement *City Plan* overall. This list is intended to be reviewed and updated every year.

travel.

- government).
- Corporate Climate Change

DOCUMENTS

Plan (2014)

Plan (2007)

BC Energy Step Code

Transportation Master

Action Plan (2012)

Rezoning Policy (2020)

Community Sustainability

WHAT THE CITY DOES

Sets targets for Greenhouse Gas (GHG) emissions reduction in our community.

Develops policies and actions that will support progress towards our targets.

Builds and maintains active transportation routes that allow residents to choose zero-carbon transportation.

Regulates land use to help reduce distances that people must

WHAT OTHERS DO

▶ Set Provincial and National GHG emission targets (senior

Set vehicle emission standards (senior government).

Set building code standards (senior government).

GREENHOUSE GAS EMISSIONS REDUCTION **AT A GLANCE: AREAS OF FOCUS**

Make regular travel in our city zerocarbon

Why? Burning fossil fuels for space heating and hot water in buildings currently generates 31% of Nanaimo's emissions. Shifting to zero-carbon energy in all our buildings is required in order to meet Nanaimo's GHG emissions targets. Improving energy efficiency will help reduce demand for energy, lower operating cost, and improve comfort.

How we plan to do this:

▶ Require new buildings to meet higher energy efficiency standards and/or use zerocarbon fuels.

Why? Burning fossil fuels in our vehicles currently generates 63% of Nanaimo's emissions, most of it from our personal vehicles. Reducing the demand for fossil fuel vehicle travel is the easiest and most affordable way to reduce GHG emissions from transportation.

How we plan to do this:

- Continue building an interconnected active transportation network (see Part C - A Connected Nanaimo).
- Plan our city so that people live closer to their daily needs (see Part D - City Structure).

Why? To reach our targets and support the health of our planet, all residents will have to make changes. Incentives, support, and education are critical tools in supporting equitable opportunities for low-carbon lifestyle shifts.

How we plan to do this:

Make it easier

for all residents

to transition to

zero-carbon

living

- Develop engagement and capacity building programs to mobilize the community on climate mitigation and adaptation.
- ► Work with community partners, including the Nanaimo-Ladysmith School District and the **Regional District of Nanaimo** to explore emerging opportunities and advocate for community funding.

Integrated Actions Areas (view the sections below to see related actions)

GREENHOUSE GAS EMISSIONS REDUCTION **PROGRAM ACTIONS**

ONGOING PROGRAM LIST

REGULAR & REPEATED ACTIONS

IMMEDIATE PROGRAM LIST 0 - 4 YEARS

Ref.	Program	Connected City Plan Policies
OVER/	ALL	
C1.1.13	Implement a Climate Action Communications Plan, including hosting an annual sustainability event to raise awareness on sustainability issues and inspire residents to reflect on them and take actions.	► C1.1.1
C1.1.14	Develop a consumption-based emissions inventory for the City and use it to customize an ecological and carbon footprint calculator that allow Nanaimo residents to measure the impact of their lifestyle choices.	
C1.1.15	Establish a Community Environmental Sustainability Project Grant Program.	► C1.1.1
C1.1.16	As part of the target setting for City Plan, set interim targets for Greenhouse Gas Emission's (2025, 2030, 2035, and 2040).	► C1.1.2
BUILD	INGS	
C1.1.17	Set a 2030 Greenhouse Gas emissions reduction target for all community buildings.	► C1.1.4
C1.1.18	Complete an inventory of energy use and Greenhouse Gas emissions of all community buildings, to identify building energy upgrade opportunities and challenges by building type, and immediately develop a financing and rebate program to accelerate the replacement of high-carbon energy systems with low-carbon energy systems.	► C1.1.5
C1.1.19	Research opportunities for funding to improve the energy efficiency of existing rental buildings.	► C1.1.5
C1.1.20	Develop a home retrofit support program.	► C1.1.5
C1.1.21	Develop an implementation strategy to adopt upper steps of the BC Energy Step Code and the Carbon Pollution Standard for new buildings.	► C1.1.5
C1.1.22	Develop an implementation strategy to adopt upper steps of the BC Energy Step Code and the Carbon Pollution Standard for new buildings.	► C1.1.5
C1.1.23	Develop a building retrofit road map that outlines key actions the City can take on over the next 10 years.	► C1.1.5
C1.1.24	Complete a review of the corporate facilities portfolio's	► C1.1.5
	greenhouse gas emissions, and a strategy for achieving our 2030, and 2050 goals respectively.	► C1.1.6
C1.1.25	Develop a framework for evaluating the full life cycle of carbon emissions of buildings.	► C1.1.6
^{C1.1.26} ★	Advocate to the Province of BC for a moratorium on all new natural gas connections and discourage fuel switching.	► C1.1.7

Ref.	Program	Connected City Plan Policies
C1.1.27	Work with the Province and other partners to prevent fuel switching from low-carbon to high-carbon energy sources.	► C1.1.7
C1.1.28	Modernize regulatory restrictions on the placement of heat pumps, including a review of relevant bylaws.	► C1.1.8
C1.1.29	Confirm final steps with respect to Nanaimo's Energy Step Code implementation strategy, to ensure higher Step Code compliance requirements come into effect before the Provincial mandated implementation timelines.	► C1.1.8
C1.1.30	Update development permit requirements to include energy, climate, and water efficiency from a site and building design perspective. Develop guidelines that may include passive design techniques, shading, rainwater management, green roofs, building orientation, Water Wise landscape, building energy systems and renewable power generation, among other topics.	► C1.1.8
C1.1.31	Support energy labeling in low-rise residential buildings.	► C1.1.8
TRANS	PORTATION	
C1.1.32	Set a 2030 Greenhouse Gas emissions reduction target for transportation.	► C1.1.9
C1.1.33	Through the use of incentives and education, work with existing building owners to provide EV parking, in compliance with City Parking Bylaw.	► C1.1.9
C1.1.34 ★	Conduct a City fleet electrification study.	► C1.1.9
C1.1.35	Develop an EV charging infrastructure rebate program.	► C1.1.9
C1.1.36	Develop a program to encourage the adoption of e-bikes with equity considerations.	► C1.1.10
C1.1.37	Develop and implement an electric vehicle (EV)/e-mobility strategy for public and private lands	► C1.1.10
C1.1.38	Review City parking facilities and rates to identify potential spaces for zero-emission vehicles and other type of vehicles that support transportation mode shift and lower Greenhouse Gas emissions.	► C1.1.10

FUTURE PROGRAM LIST

BEYOND 4 YEARS

Ref.	Program	Connected City Plan Policies
OVER	ALL	
C1.1.39	Identify industrial sites that could be candidates for eco- industrial development. Once identified, work with property owners and tenants to advance the Circular Economy and Eco- Industrial pilots.	
BUILD	INGS	
C1.1.40	Review the feasibility of a Tax Exemption Bylaw to support property owners in undertaking major energy efficiency, Greenhouse Gas reduction, and climate resilient upgrades.	
C1.1.41	 Develop a program focusing on reducing private commercial fleet vehicle emissions. This might include activities such as: Providing workshops or information resources on green driving techniques; Sharing lessons learned from the City's fleet emissions reduction efforts; Encouraging businesses to join the E3 Fleet program of the Fraser Basin Council; and Offering awards / recognition / incentives for businesses that demonstrate innovation, and which achieve high GHG reduction, etc. 	► C1.1.9

Ref.	Project	Connected City Plan Policies
C1.1.43	Kin Pool Boiler Replacement Replace the boiler at the Kin Pool, which will improve efficiency, and reduce Greenhouse Gas emissions.	► C1.1.5
C1.1.44	Nanaimo Art Gallery HVAC Renewal Replace a rooftop HVAC unit at the Nanaimo Art Gallery (150 Commercial St) which will improve efficiency, and reduce Greenhouse Gas emissions.	► C1.1.5
C1.1.45	RCMP Detachment HVAC renewal Replace the several rooftop HVAC units at the RCMP Detachment (303 Prideaux Street) which will improve efficiency, and reduce Greenhouse Gas emissions.	► C1.1.5

C 1.2 CLIMATE ADAPTATION & HAZARD MANAGEMENT

CITY PLAN

C1.2 Climate Adaptation & Hazard Management

SUPPORTING DOCUMENTS

- Climate Change Resilience Strategy (2020)
- Sea Level Rise Study (2019)
- ► Community Wildfire Protection Plan (2016)
- Other Plans & Strategies

ROLES

WHAT THE CITY DOES

- Studies how potential climate change impacts like sea level rise, heat and drought, increased storm events, and other natural hazards could affect our city.
- ▶ Takes steps to help reduce the city's risk and vulnerability to extreme events.

WHAT OTHERS DO

- Prepare analysis and predictions for global climate change (senior government, academic institutions, and scientists).
- Provide funding to complete risk assessment and adaptation (senior government).
- ▶ Provide and support emergency response (RCMP, Fire Department, Emergency Management British Columbia, British Columbia Emergency Health Services).

CLIMATE ADAPTATION & HAZARD MANAGEMENT AT A GLANCE: AREAS OF FOCUS

Prepare for hotter summers

sites.

Why? Climate predictions indicate that we will see an increase in the frequency and severity of extreme storms and higher sea levels in the coming years. Studying potential impacts and adapting our community over time will help manage risks.

How we plan to do this:

- Continue to increase knowledge about areas at risk of coastal flooding, sea level rise impacts, and landslide.
- Develop management plans and processes to systematically reduce risk over time and seek funding to support these plans.
- ► Factor climate change considerations into all new development, both public and private.

Integrated Actions Areas (view the sections below to see related actions)

Why? Studies indicate that our summers are becoming hotter and drier which can affect the health of community members and the health of our natural areas, cause drought, as well as increase wildfire risk.

How we plan to do this:

- Prepare ahead so people have access to water and cooling opportunities in extreme heat.
- Promote climate resilient building practices including shading and passive cooling strategies.
- Use and promote FireSmart principles for managing

Build climate change planning into our processes

Why? While we cannot predict specific weather events, planning ahead for climate change allows us to be proactive so that we limit our vulnerabilities wherever possible.

How we plan to do this:

- Develop a climate risk and vulnerability assessment method to be used when planning or reviewing projects.
- Adapt and protect critical infrastructure and buildings from climate change impacts.
- Continue to review and update standards based on current climate science.

C3.5 Emergency Management

C3.6 Recreation, Culture, & Wellness

CLIMATE ADAPTATION & HAZARD MANAGEMENT PROGRAM ACTIONS

ONGOING PROGRAM LIST

REGULAR & REPEATED ACTIONS

Ref.	Program	Connected City Plan Policies
сомм	UNITY & CAPACITY BUILDING	
C1.2.1	Continue to use social media, online platforms, and other tools such as the Emergency Call Alert System – called Voyant Alert, to share seasonal hazard information related to fire, heat waves, flooding, wind, storm, or other seasonal events.	 C1.2.1 C3.5.15
C1.2.2	In partnership with community partners, carry out education and outreach activities to help residents learn about projected local climate impacts and climate adaptation measures (e.g. Cool It! Climate Leadership Training Program for schools, Agent of Change climate volunteer program, emergency preparedness, and ongoing community events).	► C3.5.17
PLANN	IING & STRATEGY	
C1.2.3	Use a climate risk and vulnerability assessment method to be used for reviewing large capital infrastructure investments in the city (e.g. a Public Infrastructure Engineering Vulnerability Committee (PIEVC)).	► C3.5.6
C1.2.4	Update and implement the City's Community Wildfire Protection Plan.	 C1.2.7 C3.5.1
C1.2.5	Incorporate climate change resilience into ongoing reviews and development of asset management plans, and seek funding to support these plans.	► C1.2.7
C1.2.6	Share information and collaborate with the Regional District of Nanaimo, neighbouring municipalities, and Snuneymuxw First Nation on implementation of sea level rise mapping and other resilience strategies.	1

IMMEDIATE PROGRAM LIST 0 -

O – 4 YEARS

Ref.	Program	Connected City Plan Policies
СОММ	UNITY & CAPACITY BUILDING	
C1.2.7	Undertake a community education campaign on FireSmart practices including park use fire safety and awareness, areas of higher potential fire risk, Fire Smart principles in private landscapes (balanced with tree protection and retention), and,FireSmart building materials, such as non-flammable roofing, siding, and thermal pane windows.	 C3.5.2 C3.5.16

Ref.	Program	Connected City Plan Policies
PLANNING & STRATEGY		
C1.2.8	Develop a Green Shores strategy to help naturalize the shoreline to protect waterfront properties from flood risk and landslide, while also protecting and restoring habitats.	► C1.2.6
C1.2.9	Develop an ecological accounting process for stream projects that identifies the values that streams provide. These include health, stormwater, biodiversity benefits to inform the potential for a stormwater utility which would provide budget towards maintaining natural infrastructure.	► C1.2.7
C1.2.10	Develop guidelines and priorities for managing wildfire risk, sea level rise, and extreme weather events for City parks and infrastructure, and budget implement them as part of regular budgeting and maintenance.	 C1.2.7 C3.5.1 C3.5.7
C1.2.11	Review and update the North Slope Geotech Study to incorporate climate change impacts and projections and expand these lessons to other steep slope areas (e.g., Cilaire, Stephenson Point).	 C1.2.8 C3.5.6
C1.2.12 ★	Develop a Sea Level Rise Management Plan.	► C1.2.9
C1.2.13	Complete floodplain modelling for the Chase River.	► C1.2.9
C1.2.14	Complete inundation modelling and mapping for areas identified as vulnerable in the Sea Level Rise Study (i.e. Departure Bay, Downtown, Duke Point, and Protection Island).	 C1.2.9 C3.5.6 C3.5.7
C1.2.15	Develop an extreme weather strategy, which includes results of the extreme heat risk mapping and assessment project (which includes direction on communications and community capacity building).	 C1.2.11 C3.5.6 C3.5.7
C1.2.16	Review and update minimum flood construction levels (FCL) and incorporate the results of the Sea Level Rise FCL Study into the Building and Zoning Bylaw.	 C1.2.12 C3.5.6
C1.2.17	Incorporate climate change considerations in development permit area guidelines (e.g., passive design, future climate modelling, and appropriate shading).	

FUTURE PROGRAM LIST BEYOND 4 YEARS

Ref.	Program	Connected City Plan Policies
PLANN	IING & STRATEGY	
C1.2.18	Identify potentially hazardous lands at risk from coastal flooding, sea level rise, and landslide risk. Review and update the City's Land Acquisition Strategy based on findings and identify potential partnerships with other authorities / stakeholders / levels of government for acquisition of key properties.	 C1.2.4 C3.5.6
C1.2.19	Include climate change impacts in risk analysis for all City- owned buildings, infrastructure, and parks and natural areas.	C1.2.5C3.5.6
C1.2.20	Develop and formalize a coastal erosion monitoring program for City properties.	► C1.2.5

CLIMATE ADAPTATION & HAZARD MANAGEMENT **PROJECT ACTIONS**

ONGOING PROJECT LIST REGULAR & REPEATED ACTIONS

C 1.3 URBAN TREE CANOPY, **NATURAL AREAS, & GREENWAYS**

CITY PLAN

C1.3 Urban Forest, Natural Areas, & Greenways

SUPPORTING DOCUMENTS

- Climate Change Resilience Strategy
- Management and Protection of Trees Bylaw
- Community Wildfire Protection Plan
- Urban Forest Management Strategy (2010)

ROLES

WHAT THE CITY DOES

- Regulate, maintain and expand the urban tree canopy, natural areas, and greenways with a lens of climate change resilience and adaptation.
- Regulate tree cutting on private property.

WHAT OTHERS DO

- Set the legislative regimes for the protection of trees, natural areas, fish and wildlife (senior governments).
- Steward and provide funding for the maintenance, restoration and enhancement of urban trees, natural areas and greenways. (local and national organizations).

URBAN TREE CANOPY, NATURAL AREAS, & GREENWAYS AT A GLANCE: AREAS OF FOCUS

Enhance and protect the health of our natural areas

Why? Our urban tree canopy provides habitat, clean air and water, beauty, and shade. A strong urban tree canopy depends on protection, maintenance, management, and ongoing replanting of healthy trees on both public and private lands.

How we plan to do this:

- Continue to refine and enforce tree cutting regulations.
- Update planting standards to include climate resilient and drought tolerant species.
- Continue to plant trees in public spaces including parks, greenways, and streets.

City owned park. restoration and

Integrated Actions Areas (view the sections below to see related actions)

Why? Impacts from development, human use, invasive species, and other activities can affect the quality of our natural areas. Maintaining healthy natural areas is an ongoing effort requiring participation of the City, senior governments, volunteers, and other partners.

How we plan to do this:

- Continue to acquire and manage natural assets as
- Continue to undertake
 - priority natural area
 - enhancement projects in
 - City parks in collaboration with partners and
 - volunteers.

Why? Environmentally sensitive areas support biodiversity in the city, provide fish and wildlife habitat and access to nature. Increasing our inventory helps preserve these assets for future generations.

How we plan to do this:

- Routinely review and update park and other land acquisition plans to identify natural area priorities.
- Link natural area networks in major new developments and between park and open spaces systems (see Part D - City Structure).
- Protect natural areas from development through environmental setbacks, no-build covenants, and development permit requirements.

URBAN TREE CANOPY, NATURAL AREAS, & GREENWAYS **PROGRAM ACTIONS**

ONGOING PROGRAM LIST REGULAR & REPEATED ACTIONS

C1.3.17 Millstone River Estuary

C 1.4 HEALTHY WATERSHEDS

CITY PLAN

ROLES

SUPPORTING DOCUMENTS

- Climate Change Resilience Strategy
- Buttertubs Conservation Area Management Plan
- Nanaimo Estuary Management Plan

WHAT THE CITY DOES

- Fund watershed management planning.
- Require new developments to meet stormwater management regulations that help protect watersheds.
- Protect habitat and natural areas surrounding watercourses.
- Provides clean drinking water.

WHAT OTHERS DO

- Coordinate watershed planning across boundaries (Regional District of Nanaimo).
- ▶ Install and maintain stormwater management systems in private developments (landowners).

HEALTHY WATERSHEDS AT A GLANCE: AREAS OF FOCUS

Support watershed restoration & enhancement

Why? The water that drains from storm drains, properties, and streets can end up in our lakes, rivers, and oceans. Protecting our water quality requires action from all levels of governments and individual residents.

How we plan to do this:

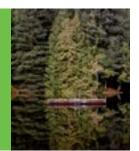

- Apply erosion control standards during development.
- Maintain setbacks and development permit area regulations around watercourse riparian areas.
- ► Enhance watershed storage to build resilience during low summer flows.

wherever possible. ► Work with regional and community partners on watershed restoration and enhancement programs and projects.

► Fund and support restoration efforts.

Integrated Actions Areas (view the sections below to see related actions)

Why? Healthy watersheds are critical for water quality, aquatic habitats, and climate adaptation. Restoring and enhancing existing watersheds will help to restore watersheds and mitigate the impacts of climate change.

How we plan to do this:

Require restoration with native and climate resilient species after development

community watershed

Monitor watershed health

Why? Water quality monitoring can evaluate the health of our watersheds by examining physical, chemical, and biological characteristics of a water body in relation to human health, ecological conditions, and designated water uses.

How we plan to do this:

 Coordinate with regional partners on watercourse habitat health assessments, including diversity management and invasive species control targets.

HEALTHY WATERSHEDS PROGRAM ACTIONS

ONGOING PROGRAM LIST

REGULAR & REPEATED ACTIONS

Ref.	Program	Connected City Plan Policies
OVER	ALL	
C2.1.1	Apply the most current erosion control standards for all City capital projects and approved utilities, works within statutory and road rights-of-way, and works taken over by the City related to private development.	► C1.4.1
C2.1.2	Continue grant programs such as the Community Watershed Restoration Grant, to support community watershed restoration and enhancement programs.	► C1.4.1
C2.1.3	Work with Snuneymuxw First Nation (SFN) and other regional partners on the Nanaimo Estuary Management Committee and the Nanaimo River Watershed Roundtable to support climate adaptation and restoration initiatives that conserve and enhance habitat and protect property within the watershed.	► C1.4.4

IMMEDIATE PROGRAM LIST 0 - 4 YEARS

Ref.	Program	Connected City Plan Policies			
OVER	OVERALL				
C2.1.4	Enhance watershed storage to build resilience for urban streams within the Millstone River catchment area for fish habitat use during low summer flows.				
C2.1.5	Develop a comprehensive soils bylaw that includes updating the Erosion and Sediment Control Guidelines for addressing erosion control during and after construction.				
C2.1.6	Review and update regulatory documents to apply erosion control standards to private development through erosion and sediment control plans required as part of subdivision approval, development permits, building permits, and permits issued under the Fill Removal and Deposit Regulation Bylaw and Flood Prevention Bylaw.				

FUTURE PROGRAM LIST

Ref.	Program	Connected City Plan Policies
OVERA	ALL	
C2.1.7	Coordinate with the Regional District of Nanaimo to complete a detailed watercourse habitat health assessment for urban watercourses within the city, including diversity maintenance and invasive species control targets.	

HEALTHY WATERSHEDS PROJECT ACTIONS

BEYOND 4 YEARS

O - 4 YEARS

No project actions currently identified for this timeframe.

BEYOND 4 YEARS

No project actions currently identified for this timeframe.

C 1.5 WATER, SEWER, & **STORMWATER SERVICES**

CITY PLAN

SUPPORTING DOCUMENTS

- Climate Change Resilience Strategy
- Stormwater Management Policy
- Water Supply Strategy
- Liquid Waste Management Plan

ROLES

WHAT THE CITY DOES

- Plans, designs, constructs, operates, and maintains critical infrastructure depended upon by residents and businesses.
- Collects and manages funds to support maintenance and renewal of our infrastructure.

WHAT OTHERS DO

- Extend infrastructure services as required for new development (developers).
- Pay Development Cost Charges levied by the City to offset costs of development on existing infrastructure (developers).
- Pay utility charges for use of services (residents).
- Manage wastewater treatment (Regional District of Nanaimo).
- Set water quality standards (senior government).

WATER, SEWER, & STORMWATER SERVICES AT A GLANCE: AREAS OF FOCUS

Manage stormwater to support resilient watersheds

Why? Nanaimo's water resources are not infinite. Population growth and hotter drier summers associated with climate change will continue to increase demand on our water supply. Conserving our water and planning ahead ensures everyone has drinking water while deferring the need to invest in costly infrastructure upgrades and expansion.

How we plan to do this:

- ► By implementing key goals in the Water Supply Strategy.
- Collaborating with jurisdictions that also rely on our water supply.
- Continue and enhance water conservation programs and identify additional sources for drinking water.
- infrastructure. Review overland flow paths that flood in extreme events and plan to manage these while protecting surrounding
- Undertake stormwater catchment master planning for local sub-watersheds.

areas.

Integrated Actions Areas (view the sections below to see related actions)

Why? As storms become more intense, we'll need to handle more rainfall in shorter periods of time. This means we need to update our stormwater network to reduce flood risk while maintaining healthy watersheds and affordability.

How we plan to do this:

Pursue a stormwater utility to equitably fund stormwater management

Invest in priority servicing upgrades

Why? Like us, infrastructure ages. We must continue to invest and upgrade our services as they age and as our city grows. Developing and implementing phased servicing upgrades keeps drinking water in our taps and our toilets flushing.

How we plan to do this:

- ► Establish infrastructure priority projects through capital projects planning and budgeting.
- Consider future climate projections when investing in new and upgraded infrastructure (based on any additional actions incorporated into this section).

WATER, SEWER, & STORMWATER SERVICES **PROGRAM ACTIONS**

ONGOING PROGRAM LIST

REGULAR & REPEATED ACTIONS

Ref.	Program	Connected City Plan Policies	
OVERALL			
C1.5.1	Continue to apply through the Manual of Engineering Standards and Specifications (MOESS) updated science to infrastructure projects.	► C1.5.2	
C1.5.2 ★	Target \$28.2 million for annual infrastructure system renewal.	► C1.5.3	
DRINK	ING WATER PROVISIONS		
^{C1.5.3} ★	Implement the Water Supply Strategy which applies current climate science to estimate water supply storage and distribution infrastructure required to meet future growth, and build resilience.		
C1.5.4	Update the Water System Emergency Plan every 5 years to address current risks including mechanical and electrical failures, climate change impacts, and major earthquakes.	► C1.5.5	
^{C1.5.5} ★	Continue to support the Regional District of Nanaimo's Drinking Water and Watershed Protection Technical Advisory Committee.	► C1.5.5

C 1.6 SOLID WASTE MANAGEMENT

CITY PLAN

Solid Waste Management

SUPPORTING DOCUMENTS

- Environmental Management Act – Part 3 – Municipal Waste Management
- Community Sustainability Action Plan
- Regional District of Nanaimo Solid Waste Management Plan

ROLES

WHAT THE CITY DOES

- Collects curb-side organics, recycling, and collects waste from public spaces.
- Collects and manages funds for City waste management services.
- Provides zero waste education, policy, and bylaws.
- Supports for the creation of circular economy initiatives.

WHAT OTHERS DO

- Operate the regional landfill site on Cedar Road (Regional District of Nanaimo).
- Regulates waste management for commercial, industrial, and multi-family sites (Regional District of Nanaimo).
- Operate recycling drop-off services (private businesses).
- Determines product packaging (Provincial Government, private businesses, industry).

SOLID WASTE MANAGEMENT **AT A GLANCE: AREAS OF FOCUS**

Why? The easiest way to reduce waste is to avoid generating it. We've already started reducing packaging and single-use plastics - and there are opportunities to continue on this path. By raising awareness and changing day-today behaviours, we can be a less wasteful community.

How we plan to do this:

- Undertake educational programs to minimize waste.
- Support programs that minimizes food waste.
- Encourage new development to use more sustainable building materials that can be reused or recycled at end of building life.

sectors.

- Support regional initiatives to develop alternative programs to reduce waste and pollution.

Integrated Actions Areas (view the sections below to see related actions)

Why? A large portion of the waste we generate isn't waste at all. It can be reused or recycled. Making it easy and obvious about how to divert waste keeps it out of the landfill.

How we plan to do this:

Increase access to recycling and composting in public spaces and places.

- Work with the Regional District of Nanaimo to enhance waste management
 - practices in non-residential

Embrace circular economy principles

Why? Recirculating existing resources allows us to reduce waste and pollution, recirculate products and materials, and mimic nature by supporting natural processes and leaving more room for nature to thrive.

How we plan to do this:

- Work with local champions to promote circular economy activities related to reuse, repair, shared, and recycled content.
- ► Incorporate circular economy principles into the City's corporate policies and procurement practices.

SOLID WASTE MANAGEMENT PROGRAM ACTIONS

ONGOING PROGRAM LIST

REGULAR & REPEATED ACTIONS

PARTN	IERSHIPS	
C1.6.1 ★	Work with organizations such as the Circular Cities and Regions Initiative and Carbon Disclosure Project to promote circular economy activities related to reuse, repair, shared and recycled content.	► C1.6.6
ZERO	WASTE	
C1.6.2	Continue the curbside collection program for single family dwellings and eligible multi-family dwellings (duplexes, triplexes, and fourplexes) and conduct periodic Solid Waste Summary Reports to monitor the progress of the program.	► C1.6.5
C1.6.3 ★	Continue Zero Waste education campaigns such as Waste Reduction Week, Single-Use Item Reduction, and Green Giving.	► C1.6.7
C1.6.4	Explore opportunities to influence and promote zero waste behaviours including communication, engagement, and social marketing in the following subject areas: waste to resources, waste avoidance, reduction and reuse education, and health and well-being benefits.	► C1.6.7
C1.6.5	Support cross-sector forums to discuss Zero waste in Nanaimo - industry, residents, academia, community organizations, and all orders of government.	► C1.6.7
C1.6.6	Extend Recycling Contamination Remediation Plan to meet the	► C1.6.3
	contamination requirement set by Recycle BC.	► C1.6.8
C1.6.7	Pilot new technologies, processes, and systems within City operations such as use of onboard computers installed on refuse collection trucks.	► C1.6.8
C1.6.8 ★	Expand City services such as Reuse Rendezvous and Trunk Sale to promote Zero Waste.	► C1.6.10
C1.6.9	Support regional requirements for banned and restricted materials and amend the Single Use Item reduction bylaw, when deemed necessary.	► C1.6.13

IMMEDIATE PROGRAM LIST

		C

Ref.	Program	Connected City Plan Policies
PARTN	NERSHIPS	
C1.6.10	Establish policies to support Regional District of Nanaimo's waste management program for non-residential sectors and multi-family dwellings to provide for safe and responsible solid waste management and increased recycling and composting.	
C1.6.11	Work with the Regional District of Nanaimo and private waste management contractors to develop a Waste Management and Diversion Monitoring Strategy that includes all users within the city.	
ZERO	WASTE	
C1.6.12	Develop and implement a construction recycling, decontruction, and demolition bylaw. The bylaw will include measures to reduce the amount of waste that goes to landfill from construction and demolition activities, and promote re-use of construction materials in Nanaimo.	
C1.6.13 ★	Develop Zero Waste Public events program as part of a waste reduction effort and experiential community education program.	► C1.6.7
C1.6.14	Purchase waste receptacles to increase the number of waste receptacles in public spaces.	► C1.6.7
C1.6.15	Analyze the resources required to expand recycling and composting programs in public streetscape, parks, and community centres. Implement phased improvements based on resource allocation.	
C1.6.16	Revise the fee structure for solid waste collection into separate rate cost for each waste stream, to reflect the varying service cost and in turn encourage users to reduce unnecessary waste.	
C1.6.17	Conduct a study on Enhancing Recycling Self-Consolidation to improve the environmental impact and financial cost of consolidating and transporting recycling materials.	
C1.6.18	Support the development of private and not-for-profit sector, circular economy or zero waste infrastructure, in partnership with the Regional District of Nanaimo.	► C1.6.10
C1.6.19	Review the City's corporate policies and procurement practices to ensure they incorporate circular economy principles	C1.6.4C1.6.11
C1.6.20	Develop a Zero Waste Plan for City facilities.	► C1.6.11

Ref.	Program	Connected City Plan Policies
C1.6.21	Analyze tools such as regulations, Development Permit Guidelines, and/or incentive programs that can be employed to reduce construction waste. These can include waste audits on construction sites, processes for tracking construction waste, alternatives to traditional building material, recycling programs, and improved commercial building design guidelines.	
C1.6.22	Review and update Schedule D of the Zoning Bylaw to understand uptake and potential revisions to encourage use of sustainable building materials in new development.	► C1.6.14

C 1.7 BROWNFIELD SITES

CITY PLAN C1.7 **Brownfield Sites**

SUPPORTING DOCUMENTS

► None

ROLES

brownfield sites.

WHAT OTHERS DO

- (landowners).

WHAT THE CITY DOES

Encourages and, where possible, supports redevelopment of

Provide examples of best practices from across Canada (Federation of Canadian Municipalities and Canadian Brownfield Network).

Administers the Contaminated Sites Regulation that guides the identification, investigation, and remediation of contaminated sites in BC (province).

Undertakes site investigations and provide advice on redevelopment options (consultants).

Undertakes required clean-up of Brownfield sites

BROWNFIELD SITES AT A GLANCE: AREAS OF FOCUS

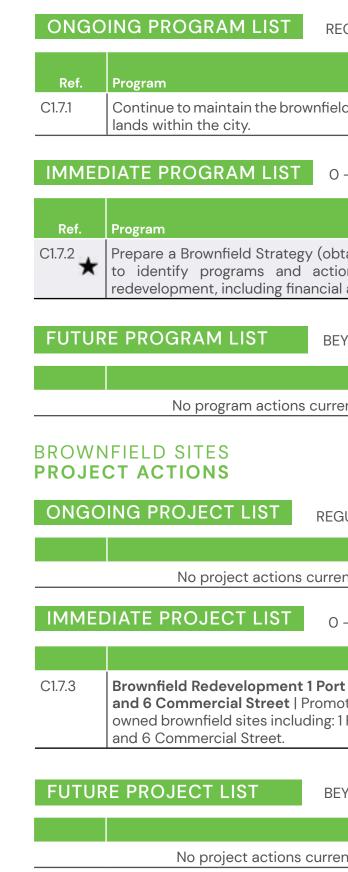

Why? Nanaimo has a long history of industrial development along the waterfront, railway, and former coal mine sites. Many of these sites are considered to be brownfields due to the nature of the soils. Many sites sit in prominent locations of our community and when abandoned or left undeveloped, have significant visual impacts and affect revitalization efforts. Working with landowners to clean-up these properties can have strong urban benefits.

How we plan to do this:

- Complete a brownfield inventory to track sites on both public and private lands.
- Prepare a strategy to identify program and actions that will encourage brownfield development.

BROWNFIELD SITES PROGRAM ACTIONS

C 1.8 ARTIFICIAL LIGHTING & DARK **SKIES**

CITY PLAN

ROLES

C1.8 Artificial Lighting & Dark Skies

SUPPORTING DOCUMENTS

None

WHAT THE CITY DOES

- Sets lighting policies for the community.
- Manages and maintains lighting in public spaces including streets, parks, and facilities.

WHAT OTHERS DO

Install and retrofit lighting on their properties (business) owners, residents).

ARTIFICIAL LIGHTING & DARK SKIES AT A GLANCE: AREAS OF FOCUS

Why? Like in our homes, limiting lighting where and when it's not needed both saves energy and helps promote dark skies, which in turn helps protect wildlife, supports human health, and provides access to night sky viewing.

How we plan to do this:

Review and update our park and City facility lighting so they're off when we don't need them.

Why? Dark skies is an emerging area of consideration for Nanaimo. As we grow, we want to be thoughtful about managing light pollution that can occur if it goes unchecked. Undertaking analysis will help us better understand what actions we can and should take to create the right balance between dark skies and safe and effective lighting in our community.

How we plan to do this:

- an action plan for improvements.

Integrated Actions Areas (view the sections below to see related actions)

Complete a dark skies assessment and develop

Develop lighting standards for private developments.

Why? To demonstrate our efforts to the preservation of the night sky through responsible lighting and dark sky stewardship, in addition to setting examples for surrounding communities.

How we plan do this:

Exploring designating the City as an International Dark Sky Community, in balance with safety and users of City facilities.

A CONNECTED NANAIM QUITABL ACCESS & MOBILITY

C2.1 CONNECTED COMMUNITIES

CITY PLAN

Communities

ROLES

- **SUPPORTING** DOCUMENTS
- Transportation Master Plan
- ► Nanaimo Age-Friendly City Plan
- Economic Development Strategy
- Complete Street Design Guidelines
- Fund upgrades to the mobility network to support proposed developments (landowners, developers).

WHAT THE CITY DOES

- Encourages land use patterns that help reduce distances that people must travel through plans like City Plan -Nanaimo Relmagined.
- Reviews and approves development proposals based on how well they meet plans and policies.
- Plans and facilitates upgrades to mobility networks, creating and maintaining links between neighbourhoods.

WHAT OTHERS DO

Propose and design development on specific lands (landowners, developers).

CONNECTED COMMUNITIES **AT A GLANCE: AREAS OF FOCUS**

Manage parking to reduce demand

Why? Our city will continue to grow. By thoughtfully linking future residential and commercial development with our mobility network, we can make it easier to move around in ways that create fewer impacts.

How we plan to do this:

- ► Align land use and mobility so the majority of new development is focused in areas that have good access to transit and active mobility.
- Design new neighbourhoods and retrofit existing areas to have a fine-grained network with small blocks that are easy to walk or bike.

city is dedicated to automobile parking. Parking is typically counter-productive to other community goals including walkability, green space, and safety. Finding ways to reduce the amount of space we allocate to parking makes this space available for higher priority uses and can help shift our choices towards other mobility options.

Why? A substantial part of our

How we plan to do this:

- Move towards underground parking options in Urban Centres and higher density areas.
- Support shared parking facilities and update standards to minimize parking infrastructure.

Integrated Actions Areas (view the sections below to see related actions)

Why? The ability to have goods delivered quickly and reliably is an essential component of our economy and city living. This includes space in the network for delivery vehicles to move, as well as to stop and complete deliveries.

How we plan to do this:

Keep goods

moving

- ► Through land use planning, allocate Industrial land uses in areas with strong connections to the highway, air, and water transport networks.
- Prioritize key corridors for the movement of goods.
- Continue to support intersection improvements on the Nanaimo Parkway to increase efficiency.

CONNECTED COMMUNITIES **PROGRAM ACTIONS**

C2.2 INTEGRATED WALK, ROLL, **CYCLE, & TRANSIT NETWORK**

CITY PLAN

C2.2

Integrated Walk,

Transit Network

Roll, Cycle, &

ROLES

WHAT THE CITY DOES

- mobility routes.

SUPPORTING DOCUMENTS

► RDN Transit Future Plan

Redevelopment Strategy

► Active School Travel Guide

Plan

RDN Transit

Transportation Master

WHAT OTHERS DO

- operators).

Plans, develops, operates and maintains streets and active

Collaborates with the Regional District of Nanaimo and BC Transit to plan transit routes to support resident needs.

Supports siting and development of transit hubs.

Negotiates development of active mobility routes through development and redevelopment projects.

Operate and manage the transit network (BC Transit,

Regional District of Nanaimo).

• Operate connecting modes of interregional transportation (BC Ferries, Nanaimo Airport, Nanaimo Port Authority, private

INTEGRATED WALK, ROLL, CYCLE, & TRANSIT NETWORK **AT A GLANCE: AREAS OF FOCUS**

Why? One bus can carry the same number of people that would normally fit into about 50 cars. Making transit accessible, frequent, and reliable will make it easier to get more people to use it. This would free up space on our City streets and help everyone move more efficiently while reducing the need for expansion of streets for private vehicles.

How we plan to do this:

- Support the creation of Rapid and Frequent Transit routes.
- Add transit priority measures like bus lanes, queue jumpers, and signal priority that reduce bus delays and increase reliability.

Why? People will drive less if there are safe, connected, convenient, and reliable options for active ways to move around.

How we plan to do this:

- Expand and connect our network by connecting our Urban Centres and key destinations with safe cycling, rolling, and walking routes for all ages and abilities.
- Provide better amenities like wayfinding, weather protection, and secure bike storage.
- Support events that build skills and awareness around active mobility.

Make it seamless to destinations beyond

Why? Nanaimo residents wish to take a ferry, catch a plane, or travel to another Island community without having to rely on a personal vehicle. A seamless network integrates all modes of travel so connections are efficient, cost effective, and timely.

How we plan to do this:

- ► Work with all transportation providers to integrate schedules and routes including transit, ferries, air travel, and active mobility.
- Improve wayfinding and mobile information so people can plan their route.
- Support and encourage shared mobility options (e.g.,car or bike shares).

C2.3 RECREATIONAL TRAILS

CITY PLAN

ROLES

SUPPORTING DOCUMENTS

- Trail Implementation Plan
- Various Park Improvement and Implementation Plans

WHAT THE CITY DOES

- Plans and develops recreational trails.
- Operates and maintains recreational trails, sometimes in partnership with others.
- Maintains trails standards for developing and maintaining different types of trails.
- Provides amenities and information about the park and trail system.

WHAT OTHERS DO

- Partner with the City and/or volunteer to support trail development and maintenance (user groups, organizations).
- Identify trail priorities (users, organizations).
- Dedicate land and negotiate trail creation through development.

RECREATIONAL TRAILS AT A GLANCE: AREAS OF FOCUS

Balance recreation a environmenta objectives

Why? Recreational trails are best when you can follow a loop and have different experiences throughout the journey. By looking at our trails as a linked network, we can seek to close gaps and create network that provides many journey options.

How we plan to do this:

- Link to our Active Mobility Network.
- Improve signage and wayfinding to help people explore.
- Identify key linkages to be secured when development in an area occurs.

development. Maximize buffers when acquiring sensitive lands to support potential integration of recreational trails without compromising corridor health.

Integrated Actions Areas (view the sections below to see related actions)

Why? Parks and open spaces play a critical role for both human activity and enjoyment and protection of environmentally sensitive areas and habitat. Thoughtfully locating trails, protecting our most sensitive areas, and providing a safe access point to where people want to go.

How we plan to do this:

Assess existing conditions when considering trail

Make trails a priority in our parks and neighbourhoods

Why? A high quality, safe trail system can significantly enhance our experience of our parks and neighbourhoods, providing recreation and wellbeing opportunities to nearby residents, and support our active mobility goals.

How we plan to do this:

- Prioritize trail development and connectivity as we plan for and upgrade neighbourhoods and parks.
- Explore new trends and wellness opportunities on our existing trails.
- Maintain trails to identified levels of service and standards.

RECREATIONAL TRAILS **PROGRAM ACTIONS**

ONGOING PROGRAM LIST REGULAR & REPEATED ACTIONS

Ref.	Program	Connected City Plan Policies
C2.3.1	Regularly update the Trail implementation Plan and City Plan mapping to keep community visions, standards, and goals up to date.	► C2.3.1
C2.3.2	Continue to promote and market the recreational trail system through hard copy and online materials, including those at bus stops.	► C2.3.3
C2.3.3	Continue to educate the public about trail etiquette and expectations among growing user groups.	► C2.3.3

IMMEDIATE PROGRAM LIST 0 – 4 YEARS

Ref.	Program	Connected City Plan Policies
C2.3.4 ★	Complete a wayfinding signage network update, and develop an online app-based program for the recreational trail system that includes information on trail accessibility levels and special features.	► C2.3.3
C2.3.5	Incorporate updated Trail Standards into the Manual of Engineering Standards and Specifications (MOESS).	► C2.3.9
C2.3.6	Create an implementation plan for more inclusive trails on City- owned sites including trails, trailheads, signage and information, and more.	► C2.3.10

FUTURE PROGRAM LIST

Ref.		Connected City Plan Policies
	Review the feasibility of developing a Shinrin-yoku wellness trail with information about the practice. Location to be determined.	

RECREATIONAL TRAILS **PROJECT ACTIONS**

ONGOING PROJECT LIST

Ref.	Project	Connected City Plan Policies
C2.3.8	Cable Bay Trail, Joan Point Park, to City Boundary Connector Collaborate with SFN and other partners and secure a legal trail right-of-way between Cable Bay Trail, Joan Point Park, and the City boundary.	► C2.3.2
C2.3.9	Westwood Lake Park Trails Work with user and bike groups to continue to maintain and expand the diversity of single- track trails at Westwood Lake Park. Consider the integration of adaptive trails. In addition, consider conflict reduction routes and techniques for mountain bikers at First and Second Beach.	► C2.3.3

IMMEDIATE PROJECT LIST

Ref.	Project	Connected City Plan Policies
C2.3.10	Beaufort Park Wellness Walkways Complete wellness walkways through Beaufort Park with trail surfacing upgrades, universally accessible features, and site furniture and comforts, as part of the Beaufort Park Plan implementation	
C2.3.11	Beban Park Perimeter Recreational Trail Develop a perimeter trail around the Beban Park campus as part of Beban Park Master Plan Implementation.	► C2.3.3
C2.3.12	Linley Valley (Cottle Lake) Shoreline Enhancement Improve trail safety and environmental impacts along the south side of Cottle Lake with consideration for a floating boardwalk along some portions.	► C2.3.3
C2.3.13	Linley Valley Park Recreational Trail Network Through the park planning process for Linley Valley Park, formalize trails at Linley Valley Park with a variety of trail types including soft surface, boardwalk, wellness, universally accessible, and single track. Integrate wayfinding and interpretive information as well as trail comforts.	► C2.3.3
C2.3.14	Lotus Pinnatus Park – Nature Trails To reduce impacts from informal trail activities in Lotus Pinnatus Park, complete a dedicated soft surface trail and boardwalk network with signs and fencing to restrict access to sensitive areas.	► C2.3.3

REGULAR & REPEATED ACTIONS

0 – 4 YEARS

Ref.	Project	Connected City Plan Policies
C2.3.15	Mid-Town Connector - Beban Park Link In collaboration with the Mid-Town Water Supply infrastructure upgrades which includes a trail connection between the E&N Trail and Parkway Trail, complete an urban hard surface trail connection through Beban Park in accordance with the Beban Park Master Plan.	 C2.3.2 C2.3.3
C2.3.16	Molecy Creek Trail Through development, complete a trail along the Molecy Creek corridor to link Linley Valley Drive to Turner / Nelson Road.	 C2.3.2 C2.3.3
C2.3.17	1150 Nanaimo Lakes Road Recreational Trail Through the park planning process for Reservoir #1 (1150 Nanaimo Lakes Road), formalize a trail network with a variety of trail types including single track, soft surface, and adaptive trails. Integrate wayfinding and interpretive information as well as trail comforts. Ensure that through this process, a formal trail system is developed to link Colliery Dam Park to 1150/1151 Nanaimo Lakes Road.	 C2.3.2 C2.3.3
C2.3.18	Oliver Woods Park Marsh Trail Loop Through development, complete a marsh loop trail around Oliver Park Marsh with connections to adjacent neighbourhoods and Oliver Woods Community Centre. Where possible, consider trail pullouts for gathering and programming.	 C2.3.2 C2.3.3
C2.3.19	Rock City - Ocean Pearl Connector Through development, complete a trail network through the Barrington Bog that links Rock City Road to Ocean Pearl Drive.	 C2.3.2 C2.3.
C2.3.20	Rutherford - Salal Connector Through development, complete an urban hard surface trail with lighting along the Lakeview Road corridor connecting Rutherford Road to Salal Drive.	 C2.3.2 C2.3.3
C2.3.21	Walley Creek Trail - East Extension Through development, extend the hard surface Walley Creek Trail corridor east between Vista View Crescent and McGuffie Road. Connect with the Hammond Bay Neighbourhood Commercial Centre.	 C2.3.2 C2.3.3
C2.3.22	Walley Creek Trail - West Extension Through development, extend the hard surface Walley Creek Trail corridor between Entwhistle Road and Springfield Place.	 C2.3.2 C2.3.3

FUTURE PROJECT LIST BEYOND 4 YEARS

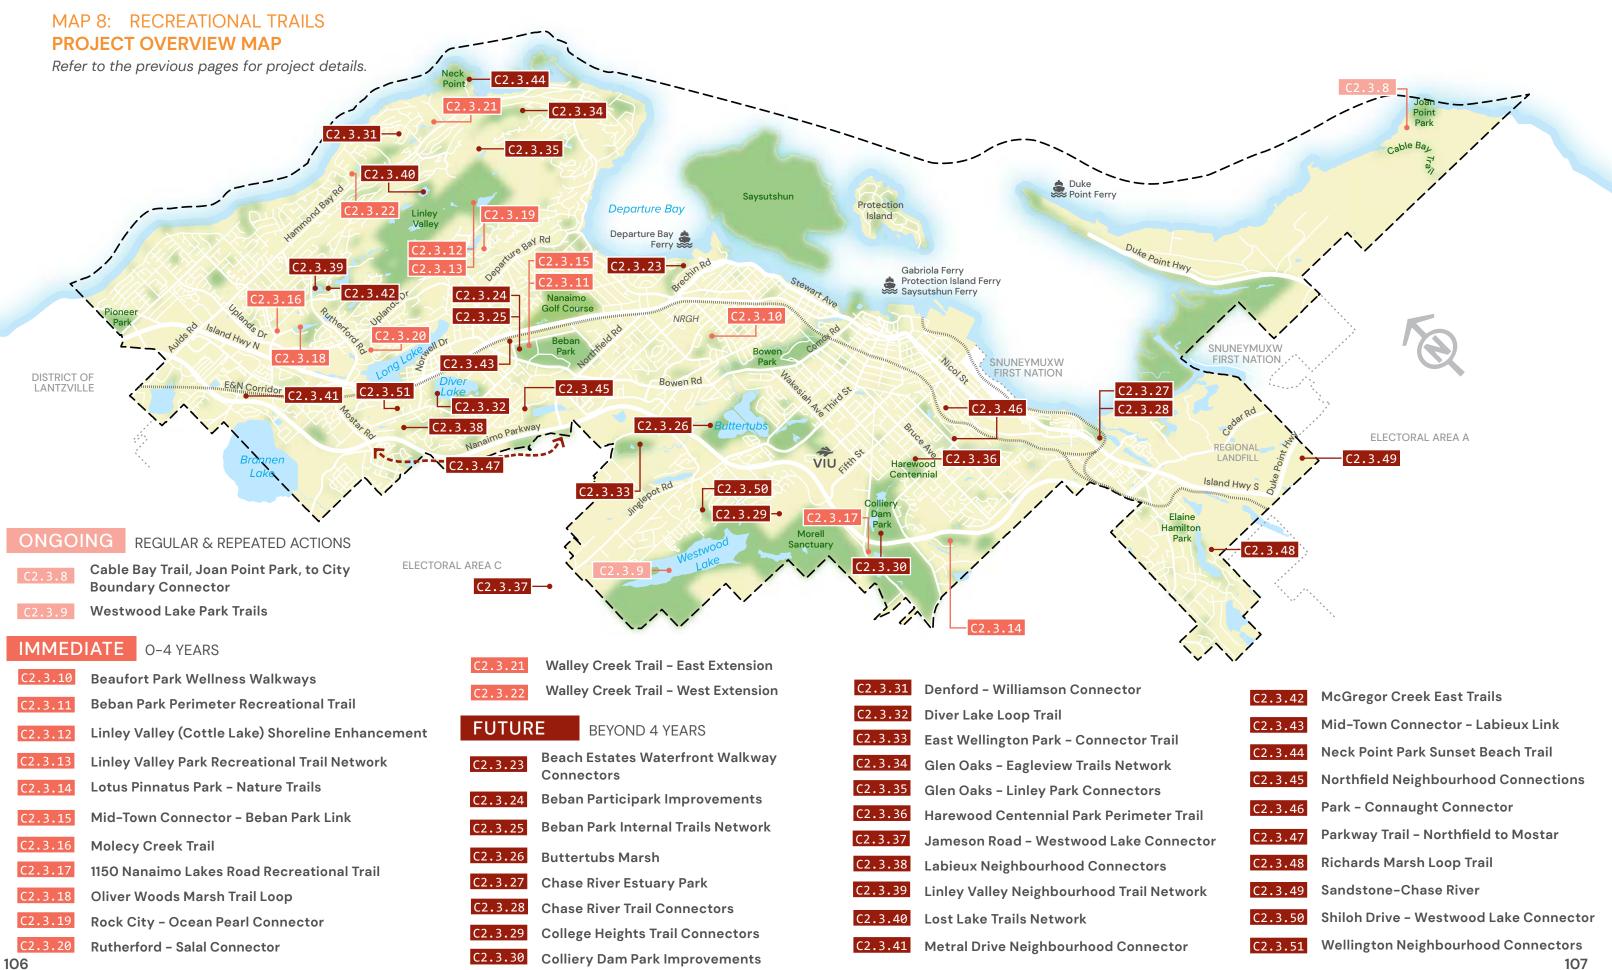

Ref.	Project	Connected City Plar Policies
C2.3.23	Beach Estates Waterfront Walkway Connectors Upgrade trail networks at Beach Estates Park and White Eagle Terrace to improve access to the Waterfront Walkway planned extension to provide local access to the walkway and improve CPTED and safety considerations.	► C2.3.3

Ref.	Project
C2.3.24	Beban Participark Improvements Beban Park Master Plan Update ind improvements for Crime Preventa Design (CPTED), fitness, and multipl green level mountain biking.
C2.3.25	Beban Park Internal Trails Network Development Opportunity area im create an internal network of linke campus. This will ensure pedestric campus and to various park desti Park Master Plan.
C2.3.26	Buttertubs Marsh Improve the Marsh and better connect to adj active mobility networks.
C2.3.27	Chase River Estuary Park Cons restore interpretive viewing areas and connecting into the greater Ch network.
C2.3.28	Chase River Trail Connectors Co River Estuary trail and boardwalk s Waterfront Walkway and other trail
C2.3.29	College Heights Trail Connectors trail rights-of-way in the College lands beyond the city limits.
C2.3.30	Colliery Dam Park Improvemen universally accessible trail option.
C2.3.31	Denford - Williamson Connecto complete a trail connection be Williamson Road to offer a safe ne to school.
C2.3.32	Diver Lake Loop Trail Acquire land Diver Lake, considering railing desig fishing and multiple uses where po be required).
C2.3.33	East Wellington Park - Connector Tupgrades, complete a soft surfaction as well as a trail connection that livestwood Road.
C2.3.34	Glen Oaks - Eagleview Trails Netv complete connecting trails betweer Park areas, Gulfview Drive, Laguna V
C2.3.35	Glen Oaks - Linley Park Connecto rights-of-way to link the Glen Oaks lands and Linley Valley Park.

C2.4 SAFE MOBILITY (VISION ZERO)

CITY PLAN

SUPPORTING DOCUMENTS

- Transportation Master Plan
- Nanaimo Age-Friendly City Plan

WHAT THE CITY DOES

- Manages city street operations (e.g., set speed limits).
- Completes traffic calming projects.
- Undertakes safety improvement projects such as intersection upgrades.

WHAT OTHERS DO

- Track crash data (ICBC).
- Provide Road Safety Education (ICBC).
- Enforce road safety regulations (RCMP).

SAFE MOBILITY (VISION ZERO) AT A GLANCE: AREAS OF FOCUS

Make our neighbourhoods safe and comfortable

Why? Each year, there are collisions that occur on our streets that result in a serious injury or fatality. Preventing these tragedies through proactive, preventative improvements prioritizes public health and wellbeing.

How we plan to do this:

- Deliver safety improvements in high-injury areas.
- Manage travel speed through street design and speed limits.

traffic to prioritize living is important. How we plan to do this:

streets.

- demand across many streets.
- Develop better people- and experience-focused level of service standards, rather than only vehicle-focused.

Integrated Actions Areas (view the sections below to see related actions)

Why? A slower pace and quiet areas are part of neighbourhoods. Managing

► Use traffic calming measures to slow neighbourhood

- Manage short-cutting in neighbourhoods.
- ► Increase redundancy in road network to distribute

SAFE MOBILITY (VISION ZERO) **PROGRAM ACTIONS**

ONGOING PROGRAM LIST REGULAR & REPEATED ACTIONS

Ref.	Program	Connected City Plan Policies
C2.4.1	Continue to collaborate with partners (i.e. ICBC, RCMP, and School District 68) to promote and educate about road safety in Nanaimo.	
C2.4.2	Continue the traffic-calming program to promote safety in the community and work towards Vision Zero goals.	► C2.4.3
C2.4.3	Monitor intersections and streets to identify potential operational and safety updates and implement spot improvements as required (working in partnership with Ministry of Transportation and Infrastructure where required).	► C2.4.5

IMMEDIATE PROGRAM LIST ~

0	-	4	YEARS	

Ref.	Program	Connected City Plan Policies
C2.4.4	Target \$365,000 over the next 5 year to enhance safety through traffic calming.	► C2.4.3
C2.4.5	Create a Vision Zero Toolkit to support strategic monitoring, assessing, and mitigation of collision characteristics across the City.	► C2.4.5
C2.4.6	Utilizing emerging technology, undertake a pilot project to test the capabilities of the system to predict collision patterns at intersections to enable staff to proactively make changes at high-risk intersections that have yet to generate high collision rates.	► C2.4.5
C2.4.7	Develop a citywide speed management strategy.	▶ C2.4.2▶ C2.4.3
C2.4.8	Develop a Vision Zero business case to identify future road improvements projects.	 C2.4.1 C2.4.4
C2.4.9	Review and update Council Policy for application of school zones.	

FUTURE PROGRAM LIST

No program actions currently identified for this timeframe.

SAFE MOBILITY (VISION ZERO) **PROJECT ACTIONS**

REGULAR & REPEATED ACTIONS

No project actions currently identified for this timeframe.

O – 4 YEARS

No project actions currently identified for this timeframe.

BEYOND 4 YEARS

No project actions currently identified for this timeframe.

C2.5 COMPLETE STREETS

CITY PLAN

ROLES

C2.5 Complete Streets

SUPPORTING DOCUMENTS

- Transportation Master Plan
- Complete Street Design Standards (MOESS)

WHAT THE CITY DOES

- Classifies different streets in the city and provides standards for them.
- Incorporates complete street design in city street improvements.

WHAT OTHERS DO

Manages upgrades to highways in the city (Province).

COMPLETE STREETS **AT A GLANCE: AREAS OF FOCUS**

Tailor street design to prioritize different mobility needs

Why? People walking and cycling are typically the most vulnerable street users. We wish to design our streets to achieve a safe, accessible street for people, no matter their mode of transportation.

How we plan to do this:

- Treat our streets and mobility corridors that provide equitable space for all modes.
- Separate and protect different types of road users.
- Make operational adjustments such as speed reduction in certain areas.

Why? A "one-size fits all" approach to street design can increase risks of conflicts between different users. Tailoring our street design to prioritize different users or functions will create a more complete mobility network that enhances safety, efficiency, and comfort for all modes. How we plan to do this:

- land uses.
- Consistently apply street standards in new development or street upgrade.

Integrated Actions Areas (view the sections below to see related actions)

Maintain up-to-date street standards that align with our

Reclaim stree space for people and nature

Why? Streets are part of our public space network. Green street elements bring life to the street, capture carbon, reduce heat island effects, and provide stormwater management functions. Giving our streets a better sense of place will help improve connections to our neighbours and community.

How we plan to do this:

- Foster vibrant public spaces and street life with plazas, patios, and parklets.
- Provide space in our streets for healthy street trees.
- Re-purpose underutilized street space for vegetation and bioswales to capture runoff.

COMPLETE STREETS **PROGRAM ACTIONS**

ONGOING PROGRAM LIST REGULAR & REPEATED ACTIONS

Ref.	Project	Connected City Plan Policies
C2.5.1	Work with the Ministry of Transportation and Infrastructure to transition the Island Highway (19A) through or adjacent to Urban Centres to become Mobility Arterial Street.	► D4.3.22
C2.5.2	Work to transition all Collector and Arterial Streets, including the Provincial Highway, that are within or adjacent to Corridor designations, to provide an urban, pedestrian-oriented, and attractive street character.	► D4.4.7

IMMEDIATE PROGRAM LIST 0 – 4 YEARS

Ref.		Connected City Plan Policies
C2.5.3	Develop consistent maintenance regime for complete streets.	► C2.5.1
C2.5.4	Integrate the Complete Streets Design Guidelines into the Development Permit Area Design Guidelines.	▶ C2.5.3▶ C2.5.4

FUTURE PROGRAM LIST

BEYOND 4 YEARS

Ref.		Connected City Plan Policies
C2.5.5	Incrementally transition the Island Highway (Route 1 / 19A) to an urban arterial complete street with improved facilities for pedestrians, cyclists, and transit, particularly within or adjacent to Urban Centres, and improved connectivity to the City's transportation network.	

COMPLETE STREETS **PROJECT ACTIONS**

ONGOING PROJECT LIST

REGULAR & REPEATED ACTIONS

No program actions currently identified for this timeframe.

|--|

Ref.	Project	Connected City Plan Policies
C2.5.6 ★	Cranberry Avenue/Island Hwy – Intersection Improvements Implement intersection improvements and expanded left-turn capacity to reduce congestion for vehicles entering or leaving the Cinnabar Valley via Cranberry Avenue. Timing of this project is correlated to future development within the Cinnabar Valley.	► C2.5.3
C2.5.7	Country Club High Street and Transit Exchange In cooperation with Regional District of Nanaimo and BC Transit, and in conjunction with future improvements at the Country Club Transit Exchange, complete a comprehensive streetscape plan for Norwell Dr. This will improve conditions for pedestrians, cyclists, transit buses, and riders while encouraging street-oriented development and the evolution of the Country Club mobility hub.	
C2.5.8	Design Commercial Complete a conceptual design from Commercial / Wallace / Albert Street and Victoria Crescent intersection to Front Street.	► C2.5.2
C2.5.9	Fourth Street Complete Street / VIU Bikeway Review updating sections of the VIU Bikeway to current standards.	► C2.5.1
C2.5.10	Howard Avenue / Third Street Intersection Improvements to support safe and efficient movement of pedestrians, cyclists, transit, and vehicles.	 C2.5.2 C2.5.4
C2.5.11	Mid-Town Gateway Complete Street Complete the Boxwood Connector complete street as part of the Mid-Town Gateway and Water Supply Infrastructure upgrades to provide a complete street multi-modal link in Central Nanaimo.	► C2.5.1
C2.5.12	Park Avenue Completion Complete the southern extension between Park Avenue to Tenth Street to increase redundancy in the major road network.	► C2.5.5
C2.5.13	Terminal Avenue Corridor Improvements Complete construction Phase 1 – Esplanade Street to Commercial Street to support the Downtown Transit Exchange.	
C2.5.14	Stewart Avenue Complete Street Corridor - North of Cypress I Consistent with the proposed vision within the Newcastle + Brechin Neighbourhood Plan, study options for reallocating space within the existing Stewart Avenue cross-section to create AAA cycling facilities and shorten crosswalks along the corridor.	 C2.5.2 C2.5.4 C2.5.5
C2.5.15	Stewart Avenue Complete Street - Terminal to Cypress Redistribution of space along Stewart Avenue demonstrates that numbered Highways can be integrated into an urban environment while still supporting all mobility needs.	► C2.5.2

4 YEARS

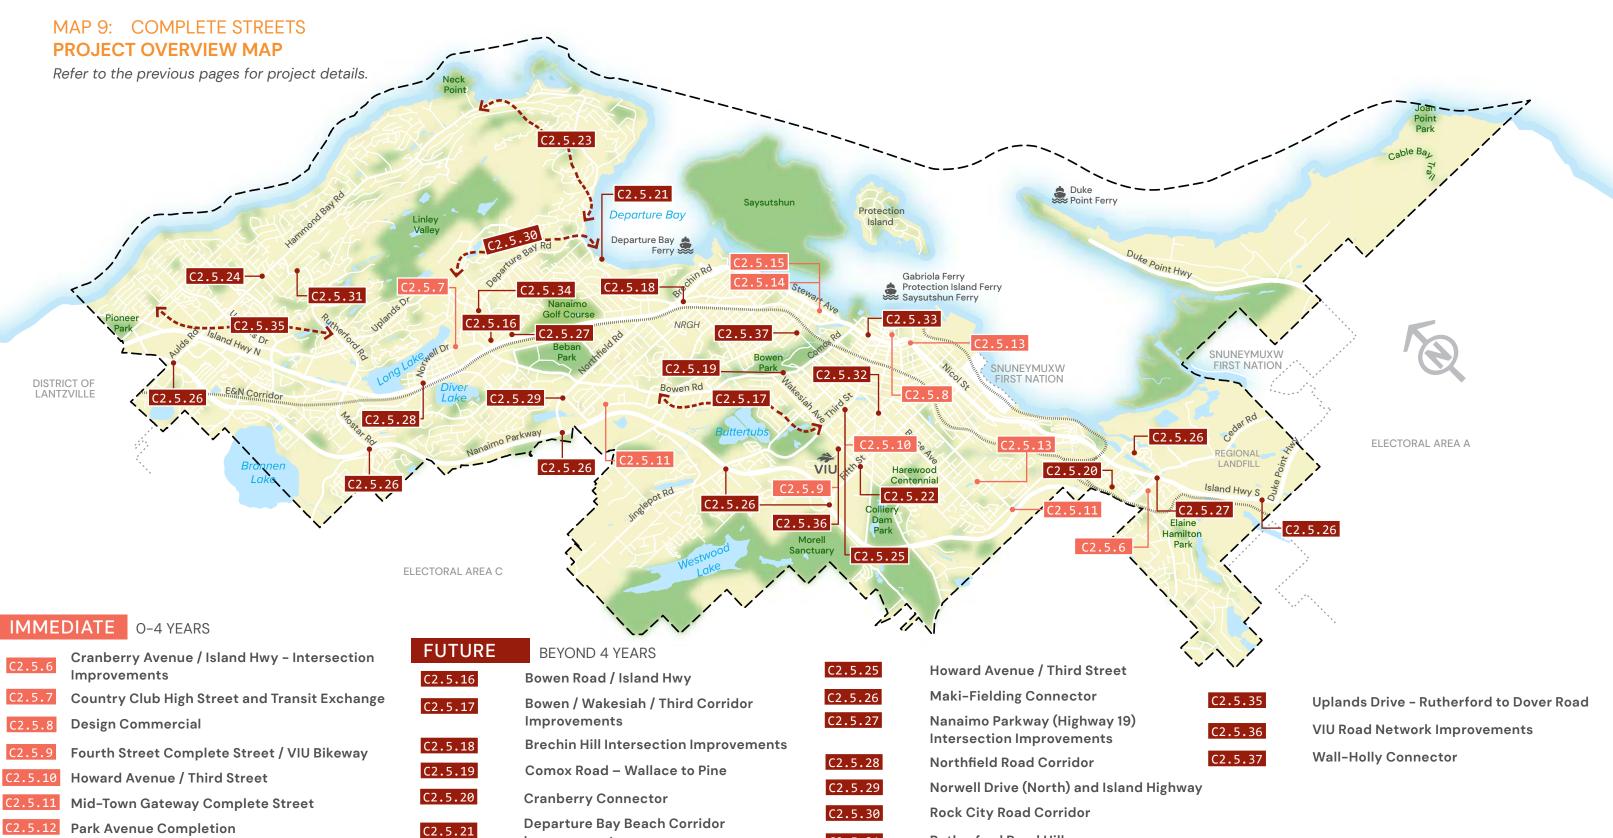

FUTURE PROJECT LIST BEYOND 4 YEARS

Ref.	Project	Connected City Plan Policies
C2.5.16	Bowen Road / Island Hwy Intersection Improvements. Congestion at the intersection of Bowen Road and Island Hwy is projected to increase over the long-term. The widening of Bowen Road/Norwell Drive could increase capacity of the intersection, improve crossing conditions for E&N Trail users, and improve the overall intersection safety performance. Island Highway is a provincial highway and improvements would require cooperation from the Ministry of Transportation and Infrastructure.	 C2.5.1 C2.5.2 C2.5.6
C2.5.17	Bowen/Wakesiah/Third Corridor Improvements A series of long-term projects to upgrade Bowen Road, Wakesiah Avenue, and Third Streets to accommodate future projected traffic volume increases within the central portion of the City.	► C2.5.1
C2.5.18	Brechin Hill Intersection Improvements Projected increases in future traffic volumes combined with ferry traffic will require increased capacity and reliability for this important node within the City's road network. The complexity of the intersections will require further analysis to identify potential improvement concepts. Island Highway and Brechin Road are provincial highways and improvements would be led by the Ministry of Transportation and Infrastructure.	 C2.5.2 C2.5.6
C2.5.19	Comox Road – Wallace to Pine Upgrades to Comox Road to enhance active mobility and to create interface that supports the anticipated land use along the corridor.	 C2.5.1 C2.5.2
C2.5.20	Cranberry Connector Proposed improvements would connect Cranberry Avenue with Lawlor Street via a new roadway in front of Fire Hall #4 creating a connection between the Cinnabar Valley and the Southgate Commercial without the need to use Island Hwy. Timing of this project is correlated to future development within the Cinnabar Valley.	 C2.5.1 C2.5.2 C2.5.4
C2.5.21	Departure Bay Beach Corridor Improvements This project would seek to improve conditions for all road users along the Departure Bay beach front including pedestrians, cyclists, and vehicles accessing the beach while supporting future access to Hammond Bay via Departure Bay.	 C2.5.1 C2.5.2
C2.5.22	Fifth Street Corridor – Wakesiah to Bruce Upgrades to Fifth Street to enhance Active Mobility and to create human scale interface with adjacent land use. New traffic signal at Bruce and Fifth to support walking, rolling, and cycling and to address congestion producing excess green house gases.	 C2.5.1 C2.5.2

Ref.	Project	Connected City Plan Policies
C2.5.23	Hammond Bay Road - Morningside to Departure Bay Rd Future upgrades to Hammond Bay Road between Morningside Drive and Departure Bay Road to support walking, rolling, cycling, and transit, while working within the physical constraints of the topography. Speed management while still maintaining connectivity within the community.	 C2.5.1 C2.5.2 C2.5.3
C2.5.24	Hammond Bay Road – Turner Rd to Rutherford Rd Upgrades to Hammond Bay Road between Turner Road and Rutherford Roads, incorporating Complete Street design principles.	C2.5.1C2.5.2
C2.5.25	Howard Avenue / Third St Intersection Improvements to support safe and efficient movement of pedestrians, cyclists, transit, and vehicles.	► C2.5.2
C2.5.26	Maki-Fielding Connector Proposed improvements would connect the ends of Maki and Fielding Roads via a new roadway creating a connection between Cedar Road and the Southgate Commercial Area without the need to use Island Hwy. This project would be advanced in coordination with future development of the area.	► C2.5.3
C2.5.27	Nanaimo Parkway (Highway 19) Intersection Improvements Initial improvements could include the extension and/or addition of left turn lanes. The Nanaimo Parkway is a provincial highway and improvements would be led by the Ministry of Transportation and Infrastructure.	► C2.5.6
C2.5.28	Northfield Road Corridor Northfield Road forms a major link between Island Hwy, Bowen Road, and the Parkway. Improvements between Bowen and Boxwood Roads (in coordination with the Mid-town Upgrades / Boxwood Connector) will likely occur in the short-term. Longer-term improvements would see intersection improvements at Dorman Road and road widening from Boxwood Road towards the Parkway. Future development west of the Parkway would see Northfield Road extended to East Wellington Road.	 C2.5.1 C2.5.2
C2.5.29	Norwell Drive (North) and Island Highway A lack of left turn bays on Norwell Drive and Jinglepot Road approaching this intersection leads to delays and collisions. Long-term improvements would widen both approaches to improve intersection operations. Island Highway is a provincial highway and improvements would be in collaboration with the Ministry of Transportation and Infrastructure.	 C2.5.1 C2.5.2 C2.5.6

Ref.	Project	Connected City Plan Policies
C2.5.30	Rock City Road Corridor Initial proposed improvements include a signalized intersection and extension of Rock City Road south across Island Hwy connecting to Labieux, Kenworth and Bowen Road to improve access to the adjacent neighbourhood, reduce congestion at Island Hwy and Bowen Road and formalize a strong pedestrian/cycling desire line. Intersection improvements at Departure Bay Road and extension of Rock City Road north to the east end of Linley Valley Drive is proposed over the long term in coordination with future development. Island Highway is a provincial highway and improvements would require support from the Ministry of Transportation and Infrastructure.	► C2.5.1
C2.5.31	Rutherford Road Hill Improvements to the two-lane alignment of Rutherford Road Hill are proposed to improve safety performance between Hammond Bay and Vanderneuk Road.	► C2.5.2
C2.5.32	Fourth Street Complete Street Corridor Improvements Improvements would help better facilitate cyclists on this important connection between VIU and Downtown while addressing improving safety performance within the corridor. In the long-term signalization of Fourth and Bruce Avenue is also expected.	 C2.5.1 C2.5.2 C2.5.4
C2.5.33	Terminal Avenue Corridor Improvements Complete Phase 2 – Commercial to Wentworth and Phase 3 – Wentworth to Stewart Avenue, including Comox Road to Wallace Street of the Terminal Avenue Corridor Improvements.	 C2.5.3 C2.5.4
C2.5.34	Uplands Drive Complete Street Phase 1 – Departure Bay Rd to Tunnah Road Complete Street Phase 1 of a complete street corridor upgrade which will support all modes of travel. Includes signalization of the intersection of Uplands Drive at Departure Bay Road.	
C2.5.35	Uplands Drive - Rutherford to Dover Rd Upgrade Uplands Drive to a complete street format, which safely and efficiently supports all modes of travel. Land use along the corridor varies and the road design and features will need to be structured to support and compliment the needs associated with each unique section.	 C2.5.1 C2.5.3 C2.5.4
C2.5.36	VIU Road Network Improvements Identified within the 2008 VIU Campus Master Plan, improvements to Fourth Street west of Wakesiah Avenue and development of a new road connection and intersection with Third Street will improve access for transit and vehicles to the VIU Campus and reduce traffic volumes on Wakesiah Avenue. Improvements will be undertaken by VIU.	► C2.5.2
C2.5.37	Wall-Holly Connector Traffic volumes crossing the Millstone River are projected to grow in the future resulting in increased traffic on the City's five road crossings of the river. Proposed long-term improvements to Wall, Holly, and Bradley Streets are proposed to improve the safety and capacity of this corridor.	► C2.5.2

C2.5.6	Cranberry Avenue / Island Hwy – Intersection Improvements

- ► Nanaimo Age-Friendly City Plan
- Downtown Community Safety Action Plan
- Annual Policing Priorities (RCMP)

ROLES

WHAT THE CITY DOES

- Advocates for projects and funding.
- Secures land for supportive housing and services.
- Public sanitation and maintenance of public infrastructure.
- Police, Fire Protection Services, Bylaw and Building Code enforcement and Community Policing supports.

WHAT OTHERS DO

- Provide supportive services (senior government, non-profits, First Nations governments).
- Respond to safety concerns and safety programs such as Block Watch (RCMP).
- Judicial oversight and prosecutor services.

Works in partnership with others to support programs and services for vulnerable residents.

Provide health services (health authority).

COMMUNITY SAFETY & SECURITY AT A GLANCE: AREAS OF FOCUS

Why? Feeling safe in your community is important for quality of life. Through engagement, some participants reported feeling unsafe at certain times or in parts of the city. While crime and safety are complex, the City has a role in improving environments and programs for safety.

How we plan to do this:

- Continue to incorporate safety considerations into design and maintenance of public spaces.
- Continue to support programs like Block Watch that enable citizens to support neighbourhood safety.

Why? Being able to safely and easily access services increases the chances people are connected to what they need.

How we plan to do this:

- Support the Systems Planning Organization (SPO) to implement the actions in the Health and Housing Action Plan (HHAP).
- Increase the number of places people can connect to supports, including through civic facilities and schools.
- ► Locate social services and support systems throughout the community and where it's easy for users to get to them (e.g. close to Urban Centres, transit routes).

Why? The complexity of health and housing for vulnerable populations requires involvement from all levels of government, health

Help all

community

members feel

safe in our city

How we plan to do this:

services, non-profit agencies,

stakeholders, and individuals.

- Support creation of a central organization to coordinate and streamline systems and services.
- Improve communications to more efficiently connect people to the specific services they need, regardless of where they come for support.
- Involve people with lived experiences to provide advice and knowledge.

C3.2 AFFORDABLE HOUSING

CITY PLAN

Affordable

SUPPORTING DOCUMENTS

- Nanaimo Affordable Housing Strategy
- ▶ Nanaimo Health & Housing Action Plan
- ► Economic Development Strategy
- ► Nanaimo Age-Friendly City Plan

ROLES

WHAT THE CITY DOES

- Participates in generating and distributing funds towards affordable housing.
- Participants in collaborative planning to increase affordable housing.

WHAT OTHERS DO

- Build affordable housing projects for housing needs across the spectrum (developers, non-profits, senior government).
- Manage affordable housing units (non-profits, senior government).
- ▶ Participate in funding, including provision of grants and incentives (senior government, private sector).

- Advocates for projects and funding from senior government.
- Creates policies, guidelines, and information that enable development forms that support affordable housing.

AFFORDABLE HOUSING AT A GLANCE: AREAS OF FOCUS

Update City bylaws and processes to support affordable housing

Increase affordable housing

Why? Making it easy, efficient, and cost-competitive to build affordable housing supports the development community in increasing this much-needed form of housing.

How we plan to do this:

- Review and adjust our existing bylaws such as the Zoning Bylaw and Off-Street Parking Regulations Bylaw to better accommodate affordable housing.
- ► Work with developers and the community to increase the variety of affordable housing units, including more familyfriendly units.
- ► Enhance incentives to encourage more integration of affordable units in new developments.

Why? Increasing affordable housing requires participation from the City, senior governments, non-profit organizations, developers, stakeholders, and many others. Through collaboration, we can maximize community benefit.

How we plan to do this:

- Support the Systems Planning Organization to coordinate communitywide efforts on health and housing strategies.
- Share learning and resources with the development community, partners, neighbours, and other organizations.

Why? Securing and maintaining appropriate housing is essential to an individual's health and the health of the community.

How we plan to do this:

Continue

to support

securing and

maintaining

people in

homes

- Be involved in programs and advocacy that helps tenants secure and maintain affordable homes.
- Continue programs that contribute to affordable housing (like the Housing Legacy Reserve Fund) or help people maintain housing (like the Nanaimo Rent Bank).
- Continue to lead and participate in programs to increase equity and inclusivity in housing.

AFFORDABLE HOUSING **PROGRAM ACTIONS**

ONGOING PROGRAM LIST **REGULAR & REPEATED ACTIONS**

C3.3 INTERGENERATIONAL LIVING

CITY PLAN

ROLES

WHAT THE CITY DOES

- community. Integrates policies and standards that encourages developments to support aging-in-place.

WHAT OTHERS DO

- Child care policy and funding (senior government).
- Child care programs (private operators).

SUPPORTING DOCUMENTS

Mid-Island Region Child Care Action Plan

C3.3

Living

Intergenerational

- ► Nanaimo Age-Friendly City Plan
- ► RDN Social Needs Assessment & Strategy

- Provides program, services, spaces, and facilities for all ages.
- Supports establishment of child care spaces in the

Identify issues and potential service gaps for seniors (advocacy groups, stakeholders).

INTERGENERATIONAL LIVING **AT A GLANCE: AREAS OF FOCUS**

Why? High quality, accessible and affordable childcare is essential to the well-being of children, their families, and the broader community. Childcare plays a critical role in economic development, poverty reduction, gender equality, social inclusion, and healthy child development.

How we plan to do this:

- Update our bylaws to increase opportunities and incentives for including child care spaces in new development.
- Support potential for child care in civic facilities and City-owned spaces.
- Collaborate on a regional approach to child care.
- Support and advocate for spending on child care and supports for families.

Why? Nanaimo's senior's population is increasing and it is anticipated that seniors will represent an even larger percentage of Nanaimo's residents in the future. Remaining connected to our communities as we age, helps maintain important social networks and reduces social isolation.

How we plan to do this:

- Develop policy that increase accessible or adaptable units in new developments.
- Promote financial assistance programs like the BC Rebate for Accessible Home Adaptation that help people adapt in their existing homes.

Why? Intergenerational interactions help us learn from one another and grow. Building spaces and environments where these interactions happen naturally can increase quality of life for all ages.

How we plan to do this:

ncrease opportunities

for inter-

generational

interaction

- Explore programs and incentives that lead to creation of intergenerational shared spaces in new developments.
- Seek to increase programming that encourages intergenerational participation.

INTERGENERATIONAL LIVING **PROGRAM ACTIONS**

ONGOING PROGRAM LIST **REGULAR & REPEATED ACTIONS**

Ref.	Program	Connected City Plan Policies
CHILDREN & YOUTH		
C3.3.1	Support equitable access for children, youth, and families to City recreational programs and facilities. Examples include the Leisure Economic Access Pass (LEAP) program, supports to sport and youth organizations, and the Health Hub at the Nanaimo Aquatic Centre.	► C3.3.2
C3.3.2	Support and collaborate with the Early Learning and Child Care Council.	► C3.3.3
C3.3.3	Work with School District 68 to support and prioritize the integration of childcare spaces into elementary school sites across the city.	► C3.3.4

IMMEDIATE PROGRAM LIST

Ref.	Program	Connected City Plan Policies	
CHILDREN & YOUTH			
C3.3.4	Update the Zoning Bylaw to include the following related to child care:	► C3.3.1	
	 Review Schedule D and consider allocating a higher point value for including childcare in developments; 		
	 Amend terminology related to "day care" to clarify that day care includes child care and/or provide definition for adult care and childcare; and 		
	 Review, and where applicable, increase the number of zones in which childcare facilities could be accommodated as a permitted use. 		
C3.3.5	Review utilizing the Strategic Infrastructure Reserve funding towards childcare spaces.	► C3.3.1	
AGING-IN-PLACE			
C3.3.6	Develop an Accessible and Adaptable Housing policy to increase the amount of adaptable and accessible residential units that:	 C3.3.8 C3.3.9 C3.210 	
	Explores requiring a minimum number of adaptable units for all new developments, including flexibility and options for different types of housing.	C3.3.10C3.3.11	
	 Considers higher adaptable unit requirements for seniors- oriented developments. 		
	 Encourages the use of universal design features.

C3.5 EMERGENCY MANAGEMENT

CITY PLAN

Emergency Management

SUPPORTING DOCUMENTS

- City of Nanaimo **Emergency Response and Recovery Plan**
- City of Nanaimo Hazard Risk and Vulnerability Assessment

ROLES

WHAT THE CITY DOES

- Maintains an Emergency Response and Recovery Plan that outlines protocols the city will take in the event of different types of emergencies.
- Undertakes periodic Hazard, Risk, and Vulnerability Assessments to identify potential vulnerabilities and consider mitigations.
- Coordinate City response during a community emergency.
- Provide community with information.
- Support post-emergency clean-up.

WHAT OTHERS DO

- Provide immediate emergency response (RCMP, First) Responders).
- Lead response during / post-emergency (varies depending) on nature of emergency).

EMERGENCY MANAGEMENT **AT A GLANCE: AREAS OF FOCUS**

Increase our community resiliency

Why? While no one wants an emergency to arise, being prepared can help us respond efficiently and support those who are impacted.

How we plan to do this:

- Maintain emergency response protocols for natural and man-made emergencies.
- Continue to review potential community risks, and take steps to be prepared.
- Enable community members and business members to increase their preparedness.

Why? As we learn more about potential risks, we can develop plans to increase our community's resiliency by making choices to develop or redevelop in a way that reduces risk.

How we plan to do this:

- future.
- occurs.

Integrated Actions Areas (view the sections below to see related actions)

Continue to analyze potential risks and integrate learnings into plans for the

Limit new development in areas with potential risks and take steps to shift existing infrastructure and development away from

risk area as redevelopment

C3.6 RECREATION, CULTURE, & **WELLNESS**

CITY PLAN

ROLES

Culture, & Wellness

SUPPORTING DOCUMENTS

- Beban Park Master Plan Update and Facilities improvement Plan
- 2005 PRC Master Plan
- Culture Plan for a Creative Nanaimo
- Various other park plans

WHAT THE CITY DOES

- Works with community groups, developers, and non-profits to plan and fund indoor and outdoor facilities.
- Delivers recreation programs and activities for all residents
- Publishes information and facilitates registration.
- Provides assistance to helps all residents access facilities, programs, and services.

WHAT OTHERS DO

- Provide land dedications or contributions for Parks, Recreation, and Culture facilities to accommodate growth (developers).
- Fundraise and deliver some programs (non-profits, partners, individuals).
- Operate complementary recreational facilities (non-profits, private enterprise).

RECREATION, CULTURE, & WELLNESS AT A GLANCE: AREAS OF FOCUS

Reinvest in what we have and expand into underserved areas

Why? It's important that programs and services offered are representative of, and accessible and inclusive to, all demographics in Nanaimo.

How we plan to do this:

- Plan programs and services that take into account typical and under-represented populations.
- Provide regular engagement with clientele to ensure programs and services are relevant.
- Provide opportunities that are financially, physically, and culturally accessible.

and access.

Integrated Actions Areas (view the sections below to see related actions)

Why? Nanaimo is fortunate to have well-used and loved facilities for indoor and outdoor recreation, sports, events, and tourism. Reinvestment and renewal will keep these facilities serving our city for years to come. Expanding into underserved areas of Nanaimo will increase geographic equity

How we plan to do this:

Align facility and development planning to add new facilities that are most in need and where they are most needed,

starting with South Nanaimo.

Prioritize new facilities in under-serviced areas.

Work with others to be responsive to current trends and issues

Why? Individual and collective health and wellness is essential for a resilient community.

How we plan to do this:

- Continue collaborating to meet current trends affecting community health and wellness such as reconciliation, physical literacy, and gender diversity.
- Continue working with Snuneymuxw First Nation to create great communities.
- Follow a community wellness approach that delivers social, physical, and mental wellbeing resources to help residents live healthy and fulfilled lives.

RECREATION, CULTURE, & WELLNESS **PROGRAM ACTIONS**

ONGOING PROGRAM LIST REGULAR & REPEATED ACTIONS

AN EMPOWERED NANAIMO

RECONCILIATION, REPRESENTATION, & INCLUSION

C4.1 TRUTH & RECONCILIATION

CITY PLAN

Truth & Reconciliation

ROLES

- WHAT OTHERS DO
- Share knowledge, stories, and perspectives (First Nations) governments, elders, residents).
 - members).

- **SUPPORTING DOCUMENTS**
- ► Truth and Reconciliation Commission of Canada: Calls to Action
- ▶ UN Declaration of the **Rights of Indigenous** People
- Declaration on the Rights of Indigenous Peoples Act (DRIPA)
- Health & Housing Action Plan

WHAT THE CITY DOES

- Engages in ongoing dialogue with First Nations governments.
- Supports opportunities for community learning, knowledgesharing, and understanding.
- Seeks to incorporate First Nations and Urban Indigenous perspectives into City work, services, and decisions.

Take time to learn, reflect, and grow (all community)

TRUTH & RECONCILIATION AT A GLANCE: AREAS OF FOCUS

Why? Working together promotes prosperity and progress towards shared goals, supporting the mutual success of communities and the wellbeing of all residents.

How we plan to do this:

- Sustain and strengthen government-to-government relationships.
- Pursue opportunities to collaborate on economic and social development opportunities.
- Engage and coordinate on land use planning and community development.
- Collaborate to increase Indigenous youth participation in recreation, culture, and sport.

Why? Historical colonial systems and practices have created the inequities and challenges faced by Indigenous peoples today. Building shared understanding is a way toward creating a legacy of meaningful

How we plan to do this:

change.

- Continue to support opportunities for learning and sharing.
- Honour the National Day for Truth and Reconciliation.
- ► Increase access to information about colonial systems such as residential schools that have shaped the experiences of Indigenous peoples.

Why? The power of art, storytelling, performance, and language can help build a culture of respect and honour Indigenous values and traditions.

How we plan to do this:

Collaborate

to increase

projects and

celebrations

Indigenous arts

that share

and culture

- Continue to support community events and cultural activities in partnership with First Nations such as National Day for Truth and Reconciliation, National Indigenous Peoples Day, and Tribal Journeys.
- Under the guidance of First Nations governments, commission local Indigenous artists to create works in public spaces throughout the community.

C4.2 EQUITY & INCLUSIVITY

CITY PLAN

ROLES

SUPPORTING DOCUMENTS

- ► Nanaimo Age-Friendly City Plan
- Economic Development Strategy
- Nanaimo Health and Housing Action Plan

WHAT THE CITY DOES

- Operates inclusive public space and develops and provides diverse programs and services intended to offer opportunities for all residents.
- Reviews and Updates Accessibility and Inclusion Plans a minimum of every three years in accordance with the Accessible BC Act.
- Establishes a feedback mechanism to receive comments from the public on accessibility and inclusion strategies.

WHAT OTHERS DO

- Advise on matters of inclusion (Advisory Committee for Accessibility and Inclusion).
- Share knowledge, stories, and perspectives (organizations, stakeholders, individuals).
- ▶ Take time to learn, reflect, and grow (all community members).

EQUITY & INCLUSIVITY **AT A GLANCE: AREAS OF FOCUS**

Create inclusive facilities, spaces, and programs so that all feel welcome

ncrease understandin and acceptance about diversity

Why? Being active in the community starts with feeling safe and welcomed. By identifying and preventing barriers and establishing a culture of inclusivity, we can help people participate and live well.

How we plan to do this:

- Continue supporting the work of the City's Accessibility and Inclusion Committee.
- Establish and marketing a public feedback mechanism on policies and actions related to accessibility and inclusivity.
- Design and retrofit our facilities and spaces to provide universal access and gender-neutral options.

Why? Building a culture of compassion and tolerance requires shared understanding and demonstrated leadership.

How we plan to do this:

- ► Use language and communications that are gender-inclusive and accessible.
- Build City staff and Council knowledge and awareness on equity, diversity and inclusion.
- Support organizations opening doors for recent immigrants.
- Promote programs that encourage economic development and employment opportunities for diverse or underrepresented groups.

Integrated Actions Areas (view the sections below to see related actions)

Celebrate diversity and inclusivity through special events and activities

Why? Celebrations foster respect and open-mindedness for others. Celebrating our differences, as well as our common interests, helps unite and educate us.

How we plan to do this:

- Continue to work with local organizations to support community events that promote inclusivity.
- Increase diversity of programming opportunities and cultural programs with ethnic content.
- Continue to engage with the community to understand what programs or services we may be missing.

EQUITY & INCLUSIVITY **PROGRAM ACTIONS**

C4.3 ACCESS FOR ALL

CITY PLAN

C4.3

SUPPORTING

DOCUMENTS

City Plan

► Nanaimo Age-Friendly

Access for All

ROLES

WHAT THE CITY DOES

WHAT OTHERS DO

174

Provides indoor and outdoor spaces, amenities and facilities for all members of the community.

Reviews and Updates Accessibility and Inclusion Plans a minimum of every three years in accordance with the Accessible BC Act.

Establishes a feedback mechanism to receive comments from the public on accessibility and inclusion strategies.

Advise on matters of accessibility (Advisory Committee for Accessibility and Inclusion).

► Represent the needs of people with accessibility requirements (organizations, associations, and stakeholders).

Provides standards for accessible design for the built environment (Canadian Standards Association, BC Building Code and others).

ACCESS FOR ALL **AT A GLANCE: AREAS OF FOCUS**

Why? Outdoor spaces, public buildings, and mobility networks are essential parts of our community that allow people to connect.

How we plan to do this:

- ► Ensure current accessibility standards are followed for all new public spaces, buildings, and active mobility routes where possible.
- Work to identify and update City-owned facilities, including public washrooms, street crossings, and playground spaces, to provide universal access where possible.

Why? Accessible recreation and wellness programs and services help to address social isolation and foster the physical and psychological health and wellbeing for all.

How we plan to do this:

- ► Offer programs that are inclusive and accessible for all ages and abilities.
- ► Work with partners to offer adaptive sport options and recreational experiences such as wheelchair basketball and sledge hockey.
- Continue to offer summer camps and programs for people diverse abilities.

Continue to develop and maintain standards for inclusive design

Why? Universal design and accessibility continue to evolve, and it is important our planning, design, and awareness evolve as well.

How we plan to do this:

- Continue to review and update accessible design standards used in city planning and development review processes.
- Maintain an Advisory Committee on Accessibility and Inclusion.
- ► Continue to engage people with diverse abilities to identify priority improvements and updates to accessibility policies and actions.

C4.4 POLITICAL VOICE & **ENGAGEMENT**

CITY PLAN

ROLES

C4.4 **Political Voice** & Engagement

SUPPORTING DOCUMENTS

- Community Engagement Task Force Final Report
- ► Nanaimo Age-Friendly City Plan

WHAT THE CITY DOES

- Shares information on initiatives and provides opportunities for people to engage and provide feedback.
- Listens to and incorporates public input into civic decisionmaking.
- Empowers public choice through elections and referendums.

WHAT OTHERS DO

- Represent perspectives of the broader community (organizations, associations, and stakeholders).
- Learn about initiatives and share individual opinions and perspectives (residents).

POLITICAL VOICE & ENGAGEMENT **AT A GLANCE: AREAS OF FOCUS**

ncrease participation of voices that have not been as represented

Why? Not everyone participates in the same way. Providing options allows people to share input in a way that works for them.

How we plan to do this:

- Design engagement programs that utilize multi-faceted, multi-media engagement options.
- ▶ Integrate online, print, and in-person engagement opportunities where feasible.
- Continue to ask for participant feedback on engagement processes to learn and improve over time.

Why? Hearing a diversity of voices provides a better representation of community opinion. Reaching those who may be harder to engage can provide a more equitable outcome.

How we plan to do this:

- youth.

Integrated Actions Areas (view the sections below to see related actions)

184

▶ Build-in engagement opportunities that focus on

Partner with School District 68 and VIU to engage students in the classroom.

 Work with organizations that can encourage involvement of individuals or groups who have been harder to reach.

Demonstrate how community input is influencing decisions

Why? Community engagement requires commitment of time and energy from participants. It is important for people to provide input where it brings the most value and to see how this input has been considered in the decision that is made.

How we plan to do this:

- Develop a municipal consultation policy manual.
- Integrate engagement reporting in all community engagement processes.
- ► Focus community engagement to where it is meaningful and brings value.
- Incorporate engagement inputs alongside technical expertise and analyses.

POLITICAL VOICE & ENGAGEMENT **PROGRAM ACTIONS**

C4.5 CULTURE

CITY PLAN

ROLES

SUPPORTING DOCUMENTS

- Cultural Plan for a Creative Nanaimo
- Nanaimo Heritage Conservation Program

WHAT THE CITY DOES

- Continue to provide and explore options to expand city run cultural programs.
- Enables partners who operate City-owned facilities to offer programs and services.
- Invests in, supports, and celebrates those delivering arts and culture programs.
- Integrates cultural development options into City programs, plans and projects.

WHAT OTHERS DO

- Operate cultural facilities (independent, non-profit societies).
- Provide contributions for culture facilities (private sector).
- Offer programs, services, festivals, and events and create and share works to inspire and engage (arts organizations, artists).
- Provide financial support (businesses, individuals, other levels of government, agencies, foundations).

CULTURE AT A GLANCE: AREAS OF FOCUS

Address the need for affordable, high-quality spaces for all kinds of cultura activities

Grow the capacity of those delivering ar and <u>culture</u> activities

Why? With projected growth of the City, plan for needed Cultural facilities and spaces so that a variety of programs, services, and events are provided and accessible to all to enjoy and use.

How we plan to do this:

- ▶ Integrate arts spaces in new City recreation facilities and where possible adapt existing facilities to include cultural spaces.
- Implement updates to key public spaces like Diana Krall Plaza, Swy-A-Lana Park, and Beban Park, to support cultural activity.
- Consider cultural space for Community Amenity Contributions.

How we plan to do this: Review funding levels for arts and culture. Create new programs

- including cultural forums and networking events to promote cultural development, provide mentorship, and catalyze collaboration.
- Develop sponsorship opportunities, new partnerships, and unique cultural tourism opportunities.

Integrated Actions Areas (view the sections below to see related actions)

Why? Arts, culture, and events contribute to our social wellbeing and collective identity as a community. A healthy arts and culture sector fuels innovation, civic engagement, and resilience by attracting and retaining talent and investment.

Prioritize access, equity and inclusion i delivery of arts and culture programs and services

Why? To ensure that arts and culture programs, services, and events in Nanaimo respect, embrace, and celebrate the rich diversity, identities, traditions, and values of the people who live here.

How we plan to do this:

- Strengthen relationships and facilitate opportunities for co-design with Snuneymuxw First and Snaw-Naw-As in planning and executing cultural programs, services, and events.
- Update funding programs so investment is aligned with ethics that support equity, diversity, and inclusion.

C4.6 ARCHAEOLOGY & HERITAGE

CITY PLAN

C4.6 Archaeology & Heritage

SUPPORTING DOCUMENTS

- ► Truth and Reconciliation policy and programs
- Nanaimo Heritage **Conservation Proposal**
- City of Nanaimo Community Heritage Register

196

Heritage Building Design Guidelines

ROLES

WHAT THE CITY DOES

- Works with Snuneymuxw First Nation and the Province on Archaeological awareness and preservation.
- Manages a heritage conservation program and heritage register.
- Encourages and supports residents wishing to recognize natural, cultural and built heritage.
- Integrates heritage information into city spaces and communications.

WHAT OTHERS DO

- Maintain and share natural, cultural and built heritage and historical information (Snuneymuxw Fist Nation, Nanaimo Museum, Community Archives, VIU).
- Protect and recognize natural and built heritage on private property (landowners).

ARCHAEOLOGY & HERITAGE AT A GLANCE: AREAS OF FOCUS

Recognize and protect natural, cultur and built heritage

ncrease awareness and showcase Nanaimo's heritage

place.

Why? Protecting built heritage relies on participation of both the City and of property owners. Heritage conservation programs provide information and resources for protecting assets with heritage value.

How we plan to do this:

- Continue to maintain and update a heritage conservation program.
- Maintain and promote the Heritage Registry.
- Use a range of tools and incentives to protect heritage assets.
- Encourage new development to respect and support Nanaimo's built heritage using tools like design guidelines.

Integrated Actions Areas (view the sections below to see related actions)

Why? An aware community can contribute to the protection and celebration of heritage resources, strengthening the community pride and sense of

How we plan to do this:

Providing educational programs, events, and information to share and exchange information.

► Highlighting heritage in the built environment through art, interpretive information, and other measures.

Using new technologies to share heritage information in interactive ways.

Partner with others to explore the many aspects of heritage

Why? Heritage encompasses many aspects of an area's past, including both tangible, or physical, heritage resources and intangible, or non-physical resources. Collaborations can help highlight different and meaningful aspects of heritage.

How we plan to do this:

- Work with Snuneymuxw First Nation and Snaw-Naw-As First Nation to share information about Indigenous history.
- In partnership with First Nations, study and protect archaeological heritage.
- Continue to work with and support the Nanaimo Museum and Community Archives.

& Programs

Community Plan for Public

Cultural Plan for a Creative

Public Art Projects

ROLES

WHAT THE CITY DOES

- Commissions public art in visible areas throughout the city.
- Identifies opportunities for integrating public art into a broad selection of civic projects.
- Manages programs and procedures for selecting public art.
- Maintains public art pieces.

WHAT OTHERS DO

- Develop art installations (creative community).
- Commission art in private developments (developers).

PUBLIC ART PROJECTS & PROGRAMS **AT A GLANCE: AREAS OF FOCUS**

Create strong processes for selecting public art that fits the community

Why? Encountering public art in daily life contributes to quality of life and sense of place and helps create an attractive community.

How we plan to do this:

- Commission new art pieces throughout the community.
- Consider integration of art into appropriate civic projects.
- Look for ways to incorporate small art pieces in surprising and unexpected places.
- Continue temporary public art programs.
- Support communitydriven art projects that are consistent with city goals and policies.

- Use a selection panel to review potential acquisitions.
- Consider full costs for proposed public art projects including maintenance and life-cycle.

Integrated Action Areas (view the sections below to see related actions)

Why? Selecting the right art for the right location is essential to placemaking and success.

How we plan to do this:

- Develop and communicate clear processes for
 - identifying art opportunities and commissioning pieces.
- Carefully consider potential future art sites throughout the community to select sites with high visibility and to locate contextappropriate art pieces.

Why? Like all infrastructure, public art has a lifespan and requires management, maintenance, and at times, removal.

How we plan to do this:

- Develop a program to annually review public art assets and identify maintenance projects.
- Support thoughtful deaccessioning of public art works when they have reached end of life or require removal.

ROLES

WHAT THE CITY DOES

- Develops and maintains community spaces and facilities that can support events (cultural and sporting), Tournaments and gatherings.
- ▶ Hosts select community events and tournaments.
- Provides support to other organizations hosting community events in City-owned spaces.
- Establishes procedures and regulations for events, tournaments and celebrations.

WHAT OTHERS DO

Host and manage community events (community) organizations, government organizations, not-for-profits).

COMMUNITY EVENTS, FESTIVALS, TOURNAMENTS, & GATHERINGS AT A GLANCE: AREAS OF FOCUS

Support others who organize great events

Why? Prior to the COVID-19 pandemic, events and celebrations were part of the Nanaimo experience. Encouraging the return of events paused during this time, as well as new events, will help reconnect the community.

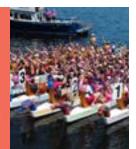

How we plan to do this:

- Connect with previous event organizers to support reestablishment of events and festivals.
- Help to promote and advertise upcoming events.
- Encourage new events and celebrations, notably those that may occur in the shoulder or off-season.

appropriate.

Integrated Actions Areas (view the sections below to see related actions)

Why? Most community events are organized by nonprofits and local organizations. Supporting these organizations through funding, space, logistical support, outreach, and other measures can help them deliver great community experiences.

How we plan to do this:

- ► Facilitate, support, and encourage a range of transportation and parking options for events, potentially including transit alternatives.
- Provide logistical, funding, and/or outreach support as

Why? Most events (cultural or Sporting) take place in public spaces. By planning new spaces and updating our existing facilities, we can accommodate events, games and gatherings of all sizes.

How we plan to do this:

- Inventory and analyze our existing event spaces and venues and identify opportunities for improvements, as well as gaps.
- Incorporating public open space as an essential part of all Urban Centres as they evolve (see City Plan, Section 5.3).

COMMUNITY EVENTS, FESTIVALS, TOURNAMENTS, & GATHERINGS **PROGRAM ACTIONS**

ONGOING PROGRAM LIST

REGULAR & REPEATED ACTIONS

Ref.	Program	Connected City Plan Policies
C4.8.1	Host, permit and support festivals, celebrations, sporting and other events in public spaces such as Family Day, Concerts in the Park, Pride Festival and Blue Festivals.	► C4.8.2
C4.8.2	Continue to support local sports and community organization in their bids and implementation of regional, provincial and national sporting tournaments and championships. Example includes Vancouver Island Regional Figure Skating Championship and Provincial High School Track and Field Jamboree.	► C4.8.2
C4.8.3	Maintain a Downtown Event Revitalization Funding Grant to support events and initiatives which attract residents and visitors to downtown, such as the International Jazz Festival and Commercial Street Night Market.	 C4.8.4 C4.8.11
C4.8.4	Partner with cultural organizations and other government agencies to host multi-cultural events and gatherings such a the Junior All Native Tournament (JANT).	► C4.8.9
C4.8.5	Collaborate across departments for placemaking and events in streets and public places such as Parking Day, the Night Market, and the Play on Ball Hockey Tournament.	► C4.8.10
C4.8.6	Work with Tourism Nanaimo and the Nanaimo Hospitality Association to attract shoulder-season and off-season events and gatherings such as the BC 55+ Games.	► C4.8.13
C4.8.7	Facilitate and expand the support for large events and festivals to offer alternative transportation and bike valets for events such as the National Truth & Reconciliation, VIEX, Silly Boat, and Marine Festival.	► C4.8.14

IMMEDIATE PROGRAM LIST 0 – 4 YEARS

Ref.	Program	Connected City Plan Policies
C4.8.8	Work with First Nations, Team Nanaimo, Indigenous Sports, Physical Activity & Recreation Council (ISPARC), and other partners to develop a bidding plan to host the North American Indigenous Games.	► C4.8.1
C4.8.9	Implement the Sport Tourism Strategy options which include focusing on Indigenous sport, all things cycling, paddling, individual/small sport disciplines, adaptive sport, and sport business.	

Ref.	Program	Connected City Plan Policies
C4.8.10	Host the 55+ BC games in 2025 from Sept 9 – 13 for athletes from across BC.	► C4.8.2
C4.8.11	Participate on an annual basis in the Communities in Bloom program, a friendly competition between Canadian communities to beautify their civic spaces.	► C4.8.2

FUTURE PROGRAM LIST

Ref.	Program	Connected City Plan Policies
C4.8.12	Work towards hosting national and international events and tournaments such as the World Indigenous Games, National Track and Field, and Tribal Journeys.	C4.8.1C4.8.2

C4.9 PARKLAND & PARK AMENITY MANAGEMENT

CITY PLAN

Parkland & Park Amenity Management

SUPPORTING DOCUMENTS

- Stadium District and Sport Zone plans and designation
- Sport Tourism Strategy
- Maffeo Sutton Master Plan
- Cottle Lake Park Master Plan
- Harewood Centennial Park Plan
- Various other plans and strategies

ROLES

WHAT THE CITY DOES

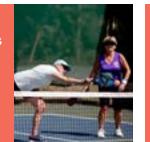

- Develops and maintains community spaces and facilities that can support events (cultural and sporting), Tournaments and gatherings.
- Hosts select community events and tournaments.
- Provides support to other organizations hosting community events in City-owned spaces.
- Establishes procedures and regulations for events, tournaments and celebrations.

WHAT OTHERS DO

Host and manage community events (community) organizations, government organizations, not-forprofits).

PARKLAND & PARK AMENITY MANAGEMENT **AT A GLANCE: AREAS OF FOCUS**

Update existing parks and facilities to continue meeting the needs of the community

Plan ahead to identify and prioritize park updates

Why? Over the years, community members have identified many ways the city can improve its existing park assets. Continuing to implement identified actions will realize projects residents wish to see.

How we plan to do this:

- Continue to implement the actions of completed Park Improvement Plans.
- ▶ Be prepared to respond to opportunities that arise and adapt Park Improvement Plans accordingly.

Why? Park planning allows us to thoughtfully plan future investments in our parks network and budget accordingly. It also allows us to align with related opportunities such as development or infrastructure upgrades.

- upgrades.

Integrated Action Areas (view the sections below to see related actions)

C4.8 C4.10 C5.5 Community WaterfrontUse Place Making Events, Festivals, & Protection & Investment Tournaments,& Attraction Gathering

C5.6 Tourism Future Land Use Designations

How we plan to do this:

Maintain a Land Acquisition Strategy to identify desirable locations for future parks, trails and nature areas.

 Create Park Improvement Plans for major parks that don't have one to plan for future investments and

Allocate sufficient resources to maintain parks in good condition

Why? While it's important all parks are maintained, requirements will vary for different parks in the system. Considering park needs and allocating maintenance resources appropriately will keep the system in good condition.

How we plan to do this:

- Regularly assess and update maintenance practices to remain current with best management practices.
- ► Integrate climate change consideration into maintenance planning.

PARKLAND & PARK AMENITY MANAGEMENT **PROGRAM ACTIONS**

ONGOING PROGRAM LIST REGULAR & REPEATED ACTIONS

Ref.	Program	Connected City Plan Policies			
ACQU	ACQUISITION				
C4.9.1 ★	Maintain a Land Acquisition Strategy to identify desirable locations for future parks, trails and nature areas, recreation, culture, and heritage sites.	► C4.9.3			
C4.9.2	Continue to follow the School District 68 Sports field and Recreation Service Agreement, which provides support and recreational use for each other's sports fields and facilities and an ongoing voice in each other's recreational services.	► C4.9.4			
PARK	DEVELOPMENT				
C4.9.3	Continue to partner with services clubs and other organizations to build park amenities such as the Rotary Centennial Garden at Maffeo Sutton.	► C4.9.8			
C4.9.4	As part of open space and land acquisition planning, establish co- management agreement with the Regional District of Nanaimo for publicly-owned lands used by city residents that are outside city limits. An example includes creating a co-management agreement between the Regional District of Nanaimo, Mosaic and the City for trail management at Westwood Ridges.	► C4.9.13			
PLAN	NING & MANAGEMENT				
C4.9.5	Co-manage and monitor natural sites with partners as identified through existing co-management agreements such as Buttertubs West Marsh with Ducks Unlimited, Nature Trust and Vancouver Island University.	► C4.9.14			
C4.9.6	Promote educational programs with potential partners interested in raising the awareness of the natural and cultural features of parks and natural assets, such as monitoring and education of wildflowers and the Western Painted Turtle in partnership with the Province and the Nanaimo and Area Land Trust.	► C4.9.14			
C4.9.7	Regularly assess and update operational, maintenance, and life cycle costs in preserving the value of park investments.	► C4.9.15			
C4.9.8	Implement computerized asset management practices across all parkland and amenities in order to achieve a proactive and preventative maintenance approach.	► C4.9.18			
C4.9.9	Continue to educate and advocate for behavioral change amongst dog owners using the park systems.	► C4.9.18			
C4.9.10	Review levels of service and maintenance for parkland and park amenities to ensure expectations are being met.	► C4.9.19			

Prog	gram		
	USE	&	P.

Ref.		Connected City Plan Policies
FLEXIE	BLE USE & ADAPTATION	
C4.9.11	Continue to review the parkland inventory and usage and seek opportunities for adaptation and creative use of underutilized spaces, such as the public beach at Colliery Dam.	

IMMEDIATE PROGRAM LIST 0 - 4 YEARS

Ref.	Program	Connected City Plan Policies
ACQU	ISITION	
C4.9.12	Formalize and promote ecological gifting and life estate dedication programs to acquire desirable lands for future park.	► C4.9.3
PARK	DEVELOPMENT	
C4.9.13	Review the Partners in Parks Program.	► C4.9.8
C4.9.14	Develop additional beginner and progression style bike skill trails within existing parks such as Harewood Centennial Park, and Beban Park.	► C4.9.8
C4.9.15	Complete a review of park spaces to identified environmental restoration and educational stewardship locations.	C4.9.8C4.9.11
C4.9.16	Review opportunities to integrate youth parks into the downtown with purpose-built skate park features (i.e. skateable features on trails, plazas and public art) and other amenities that appeal to youth.	► C4.9.24
C4.9.17	Complete a review of parkland across the city to identify opportunities for additional covered outdoor sports facilities and opportunities to add or improve other covered programmable spaces. (i.e. picnic shelters)	► C4.9.10
PLAN	NING & MANAGEMENT	
C4.9.18	To meet growing and evolving community demand, improve existing disc golf facilities and consider facilities at additional locations.	► C4.9.18
C4.9.19	Assign appropriate park zoning (i.e. PRC 1, 2 or 3) to meet current and future expected uses of a park and maintenance expectations.	► C4.9.19
C4.9.20	Review natural asset areas and identify locations where there is potential for impact to environmentally sensitive areas.	► C4.9.21

Ref.	Program	Connected City Plan Policies
C4.9.21	Explore improving youth sport courts and facilities throughout the community with more modern amenities. Examples include Harewood Centennial Park covered and open sport box hoops, as well as the courts at Maffeo Sutton Park and Beban Park.	► C4.9.18
FLEXIE		
C4.9.22	Establish additional dog off-leash sites in under-serviced areas.	► C4.9.22
C4.9.23	Explore partnering with recreational climbing societies to improve, market, and restore existing rock climbing facilities in Linley Valley Park.	► C4.9.22
C4.9.24	Integrate flexible amenities for parking, informal sport, and other recreational and cultural activities and events across the City.	► C4.9.24

FUTURE PROGRAM LIST

BEYOND 4 YEARS

Ref.	Program	Connected City Plan Policies
PARK	DEVELOPMENT	
C4.9.25	Review opportunities to establish additional dog off-leash sites with the following location a priority:	► C4.9.8
	 South Nanaimo (potentially at the Regional Landfill site during phased closure) 	

PARKLAND & PARK AMENITY MANAGEMENT **PROJECT ACTIONS**

ONGOING PROJECT LIST

REGULAR & REPEATED ACTIONS

No ongoing project actions currently identified for this timeframe.

Ref.	Project	Connected City Plan Policies
ACQU	ISITION	
C4.9.26	Deverill Square Gyro Park Sport Courts Acquire the sport courts adjacent to Deverill Square Gyro Park and make available for public access. Refer to the Deverill Square Park Improvement Plan.	► C4.9.3
C4.9.27	Ecole Oceane Work with School District 93 to identify opportunities to co-locate park spaces on the existing school site, Ecole Oceane, to support shared use of outdoor and indoor amenities and development of local hubs (<i>see City Plan policy C4.5.5</i>).	► C4.9.4
C4.9.28 ★	 Neck Point Park Improvements Complete the implementation of the Neck Point Park Improvement Plan including: Pedestrian access and safety improvements on Deane Finlayson Way to provide better access from Morningside Drive; Create accessible beach access at Finn Beach; Clarified park entrance and parking lot circulation, organization, and signage in the main lot / trailhead area; and, Additional amenities for scuba dive use. 	 C4.9.8 C4.9.9 C4.9.12
C4.9.29	Beaufort Park Improvements Complete the Beaufort Park Improvement Plan including: • Wellness walkways and accessible seating; • Removal of invasive species; • Integrated stormwater management (i.e. Millstone upgrades); • Expansion of local food production areas (with partners); • Infrastructure to support food production areas; and, • Consideration of other recreational amenities such as disc golf.	 ► C4.9.8 ► C4.9.9

0 – 4 YEARS

C4.9.29	Beaufort Park Improvements Complete the Beaufort Park Improvement Plan including:	C4.9.8C4.9.9
	 Wellness walkways and accessible seating; 	
	 Removal of invasive species; Integrated stormwater management (i.e. Millstone upgrades); 	
	 Expansion of local food production areas (with partners); 	
	 Infrastructure to support food production areas; and, Consideration of other recreational amenities such as disc golf. 	
C4.9.30	Buttertubs West Improvements Review and update the Buttertubs West Master Plan as a guide to conserve, maintain, and enhance the natural state and the area's fish and wildlife habitat.	► C4.9.8

Ref.	Project	Connected City Plan Policies
C4.9.31	CollieryDamParkImprovements Complete the implementation of the Colliery Dam Park Improvement Plan including:	C4.9.8C4.9.9
	 Enhanced water access for dogs and associated regulatory signage; 	
	 Multi-use floating docks at Middle Lake and Lower Lake designed for fishing, swimming, and other uses. 	
C4.9.32	East Wellington Park Improvements Implement the East Wellington Park Improvement Plan (once complete) including:	C4.9.8C4.9.9
~~	 Public access improvements; 	► C4.9.10
	 Food production and agroforestry supporting infrastructure; 	► C4.9.12
	 Habitat enhancement projects along the Millstone River and park wetlands; 	
	 Dark sky viewing amenity integration; and, 	
	 Trail system improvements within the site and connecting to external networks. 	
C4.9.33	Harewood Centennial Park Improvements Implement the Harewood Centennial Park Improvement Plan including:	C4.9.8C4.9.9
^	 Conversion of Sherry Fields to artificial turf; (2023) 	► C4.9.11
	A mountain bike skills park with beginner features; (2023)	► C4.9.12
	 Expanded parking and pedestrian facilities parallel to Howard Avenue; 	
	 A more inclusive playground; 	
	 Partnerships with the Harewood Neighbourhood Association and residents to support stewardship of the park; 	
	 A trail system around the entire campus in partnership with the school district; 	
	 Interpretive signage (historical and ecological) along the trails; and, 	
	 Stormwater management features. 	
C4.9.34	Lakeview Park Improvements Implement the Lakeview Park Improvement Plan including:	C4.9.8C4.9.9
	 New trails, universally accessible where feasible; 	► C4.9.12
	 Existing nature trail improvements; 	
	 A fishing pier; and, 	
	 Parking on Salal Road. 	
C4.9.35	Linley Valley Park Complete and implement a Park Improvement	
*	Plan, including an Environmental Management Plan that includes considerations for environmental management, recreational	
	access, trail networks, circulation, and interpretive information.	▶ 04.9.12

Ref.	Project	Connected City Plan Policies
C4.9.36	Lotus Pinatus Park Create and implement the Lotus Pinatus Park Plan and explore co-management opportunities.	► C4.9.8
C4.9.37	 Loudon Park Improvements Implement the Loudon Park Improvement Plan including: A community activity centre in 2022/23; and, Playground and park improvements as per 2021 	► C4.9.8
C4.9.38	updated concept plan. Maffeo Sutton Park Improvements Complete the Maffeo Sutton Master Plan, which includes:	 ► C4.9.8 ► C4.9.9
	 Constructing a universally accessible washroom, change room, amenity building and event storage building; and, Collaboration with Snuneymuxw First Nation and park 	F C4.9.9
C4.9.39	partners on future infrastructure needs and integration.Mansfield Park Improvements Complete implementing the Mansfield Park Improvement Plan including:	► C4.9.8► C4.9.9
	 A water fountain (kid sized); 	
	 Community-based public art; 	
	 Definition of park entrances and increased widths for universal accessibility; 	
	 A community notice board; 	
	 A power hookup and exploration of opportunities to use the park for special events such as concerts; 	
	 Interpretive information about the park name and history; 	
	 More youth facilities, including skate features; and, 	
	 Soccer and hockey nets. 	
C4.9.40	Nanaimo Lakes Road Create and implement the Nanaimo Lake Road Park Plan, and explore opportunities for co-management partners.	 C4.9.8 C4.9.9 C4.9.10
C4.9.41	Neck Point Park Entrance Upgrade trail connections and wayfinding between Annie Clark Way and the Hammond Bay School parking lot, to support a safer and improved park entry experience to Neck Point Park from overflow parking areas.	 C4.9.8 C4.9.12
C4.9.42	Participark at Beban Park Complete the following upgrades and new features:	 C4.9.8 C4.9.9
	 Fitness trail improvements; and, 	
	Amenities that support educational programs and forest demonstration.	
C4.9.43	Pleasant Valley Field Upgrades Extend Pleasant Valley natural turf field to be sized to accommodate soccer. Refer to the Sport Field Strategy.	► C4.9.8

Ref.	Project	Connected City Plan Policies
C4.9.44	Sid Clark Gyro Field Upgrades Carry out field and amenity improvements at Sid Clark Gyro Field. Refer to the Sports Field Strategy.	► C4.9.8
C4.9.45	Stadium District Complete the development of the Stadium District, as a primary area for sporting and outdoor event development.	

PLANNING & MANAGEMENT

C4.9.46	Participark at Beban Park Complete:	► C4.9.16
	 Maintenance and protection of existing tree cover and planning for succession; 	C4.9.18C4.9.21
	 Implement fire-smart management principles; 	
	 Invasive species management; and, 	
	Definition and clearing of sight lines to improve comfort.	

FUTURE PROJECT LIST

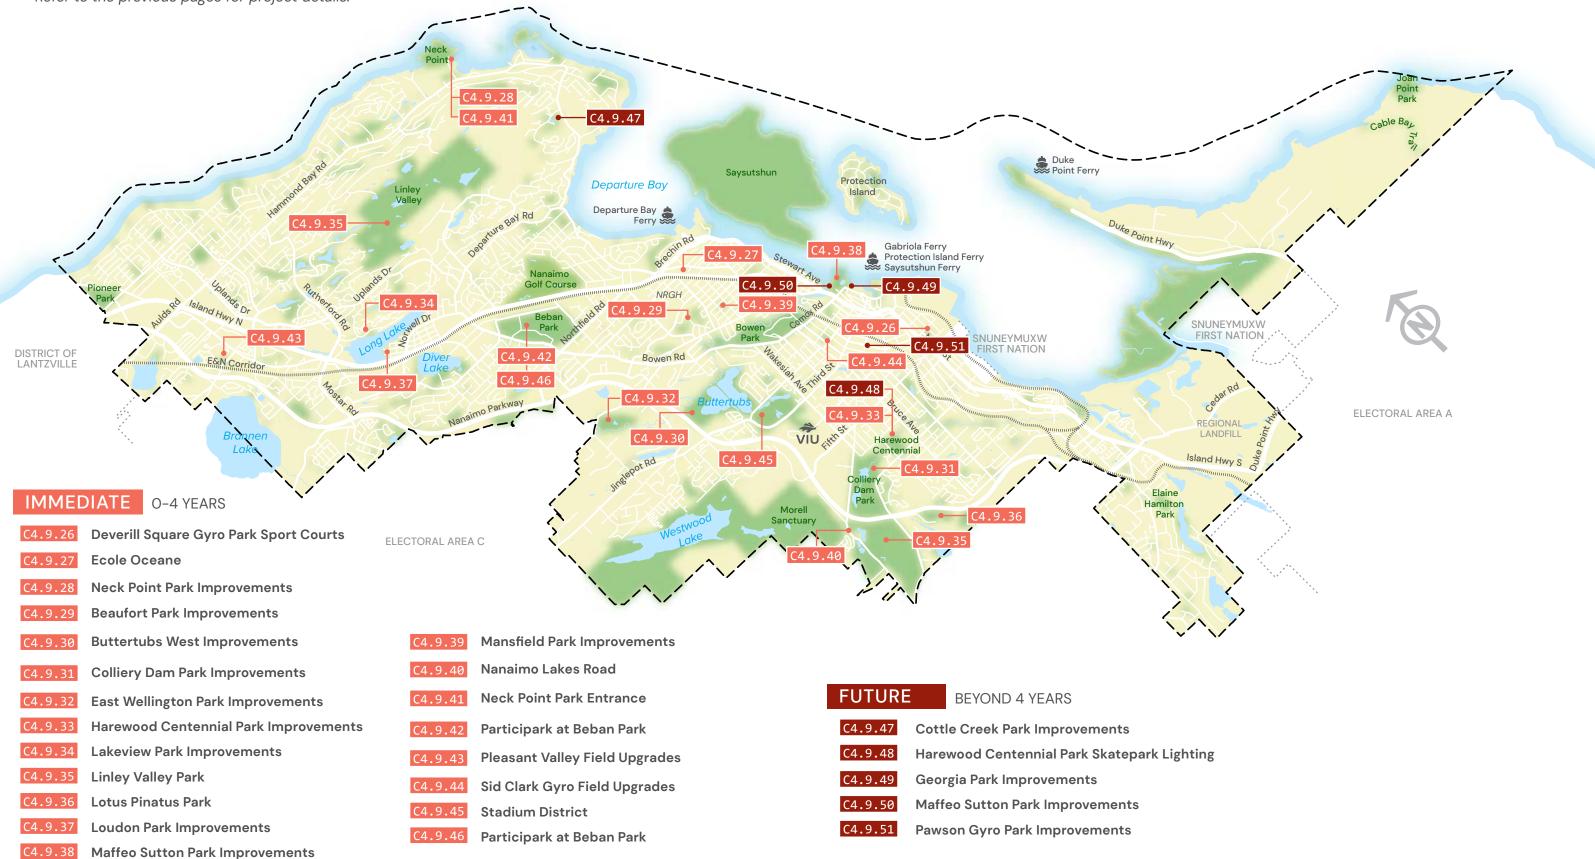

BEYOND 4 YEARS

Ref.	Project	Connected City Plan Policies
PARK	DEVELOPMENT	
C4.9.47	Cottle Creek Park Improvements Consider planning future Cottle Creek Park improvements in partnership with neighbourhood volunteers	► C4.9.8
C4.9.48	Harewood Centennial Park Skatepark Lighting Add lighting to the youth / skatepark at Harewood Centennial Park. Refer to the Harewood Centennial Park Improvement Plan.	► C4.9.8
C4.9.49	Georgia Park Improvements Complete improvements to Georgia Park area including:	C4.9.8C4.9.9
	 Terracing of the Queen Elizabeth II and Georgia Park walkway banks for harbour and event viewing and to enhance slope stability / usability; 	C4.9.11C4.9.12
	 Waterfront Walkway improvements for universal accessibility; 	
	 A public access connection between the park area and Front Street (through future development); and, 	
	 Consideration for a pebble beach that supports water access. 	

Ref.	Project	Connected City Plan Policies
C4.9.50	Maffeo Sutton Park Improvements Implement remaining Maffeo Sutton Master Plan actions including:	 C4.9.8 C4.9.9 C4.9.12
	 A community needs assessment for a performance venue and supporting audience lawn / seating space to determine program requirements; 	
	 Additional youth facilities such as skateable features, sand volleyball, or parkour; 	
	 Potential parking updates to increase efficiency (with consideration for future parking structures); 	
	 Traffic calming and improved pedestrian facilities on Cliff Street; 	
	 Expanded shoreline paving features (e.g., continuing the paving pattern that denotes the original shoreline); and, 	
	 Expanded perimeter trail widths. 	
C4.9.51	Pawson Gyro Park Improvements Implement remaining actions in the Pawson Park Improvement Plan including:	 C4.9.8 C4.9.9
	A covered structure for programmed events and casual park use, with integrated lighting, good sight lines from the neighbourhood, and quality design that adds character to the neighbourhood;	► C4.9.10
	 Universally accessible curb cuts; 	
	The installation of a power box to facilitate special events; and existing trail paving.

WATERFRONT USE & C4.10 PROTECTION

CITY PLAN

Waterfront Use

SUPPORTING DOCUMENTS

- Waterfront Walkway Implementation Plan
- Maffeo Sutton Master Plan
- ► Westwood Lake Phase 1 & 2 Improvement Plan
- Various other plans

ROLES

WHAT THE CITY DOES

- Secures public waterfront parks, access points, trails and boat launching facilities in marine and freshwater environments.
- Regulates waterfront land use on private lands through Development Permits and obtains public access where possible.
- Undertakes environmental restoration of sensitive ecosystems.

WHAT OTHERS DO

- Regulate off-shore activity (senior government).
- Manage port lands including boat basins and water lots (Port of Nanaimo).
- Set regulations to protect riparian areas and fish (senior government).

WATERFRONT USE & PROTECTION **AT A GLANCE: AREAS OF FOCUS**

Add more ways to experience Nanaimo's amazing waterfront

Build our reputation as a waterfront destination

Why? Waterfront is one of the aspects people love most about Nanaimo. Continuing to add access reinforces our waterfront identity.

How we plan to do this:

- Continue extending the Waterfront Walkway from Departure Bay to the Nanaimo River Estuary.
- Prioritize new waterfront park in future development, including Port Drive and Assembly Wharf areas.
- Prioritize park additions around lakes and along stream corridors.

Why? While locals know and love our waterfront, Nanaimo's identity as a vibrant waterfront community is not yet as wellknown on the world stage.

How we plan to do this:

- Continue featuring Nanaimo's waterfront in our tourism initiatives.
- Encourage our waterfront community events to return and grow.
- Support a future foot passenger ferry between Nanaimo and Vancouver.
- Expand recreation programs for waterfront activities like paddling and fishing.

Integrated Action Areas

Prepare our waterfronts for a changing climate

Why? Our treasured waterfront assets are at risk for flooding related to sea level rise and extreme weather events.

How we plan to do this:

- Build sea level rise recommendations into future waterfront improvements.
- Improve urban rainwater management to reduce potential for damaging floods to our natural watercourses.
- Selectively focus public access away from vulnerable natural areas to protect them.

(view the sections below to see related actions)

C4.10.18

A PROSPEROUS NANAIMO:

THRIVING **& RESILIENT** ECONOMY

C5

C5.1 ECONOMIC CAPITAL

CITY PLAN

C5.1

Economic Capital

SUPPORTING DOCUMENTS

Economic Development Strategy

ROLES

WHAT THE CITY DOES

- Adds and updates strategic infrastructure to support the economy such as facilities, roads and utilities.
- Designates land for business and industrial activity.
- Communicates city plans and priorities to developers and investors and provide timely approvals of development applications.
- Provides a vision for the community through the City Plan process to help steer growth and investment in infrastructure.

WHAT OTHERS DO

- Contribute to funding and building infrastructure (senior government, developers).
- Strategically expand facilities and programs (NRGH, VIU, other major employers).

ECONOMIC CAPITAL AT A GLANCE: AREAS OF FOCUS

Position Nanaimo as the transportation and logistics hub for Vancouver Island

Why? The downtown core is the City's 'primary urban node'. It is the heart of the community and the focal point for cultural venues, business, government and shopping and dining. The goal is to create a vibrant and prosperous downtown.

How we plan to do this:

- ► There are a broad range of public and private sector investment occurring in the downtown core including:
 - Downtown Transit Hub.
 - Commercial Street Revitalization.
 - Redevelopment of key sites (Jean Burns, A&B Sounds, Telus, Port Drive).
 - Commercial Street Nightmarket.

Why? Nanaimo has a competitive advantage over other communities on Vancouver Island as a centrally located, deep sea port with excellent marine, road and rail connections.

How we plan to do this:

Develop and implement a Transportation and Logistics Strategy with a long term multi modal perspective to position Nanaimo towards a healthy economic, demographic and technological future.

Why? Centralizing health care services for residents of Vancouver Island north of the Malahat in Nanaimo will create significant employment in the City and provide a high level of care for residents and make Nanaimo an even more attractive

How we plan to do this:

place to live, work and play.

Develop a

Centre of

Excellence

Health Care

- Advocate for new health care activities and care at Nanaimo Regional General Hospital.
- Work with Nanaimo Regional General Hospital and Vancouver Island University to establish a medical school in Nanaimo.

ECONOMIC CAPITAL **PROGRAM ACTIONS**

C5.2 HUMAN, SOCIAL, & **ENVIRONMENTAL CAPITAL**

CITY PLAN

C5.2 Human, Social, & Environmental Capital

SUPPORTING DOCUMENTS

- Economic Development Strategy
- Health and Housing Action Plan

ROLES

WHAT THE CITY DOES

- Develops and implements social procurement practices to promote diverse and inclusive opportunities.
- Builds and nurtures strategic partnerships.
- Supports progress on Truth & Reconciliation.
- ▶ Works with BC Housing, nonprofit housing providers, and the development community to create affordable housing.
- Funds the Nanaimo Systems Planning Organization to help coordinate the nonprofit health and housing sector.

WHAT OTHERS DO

- Provide educational services (School District, VIU).
- Employ residents and attract new workers (employers).
- Lead health and housing initiatives (senior government).

HUMAN, SOCIAL, & ENVIRONMENTAL CAPITAL AT A GLANCE: AREAS OF FOCUS

Promote **Principles of** the Doughnut Economy

Why? Human capital is one of the key inputs needed to establish a thriving and healthy economy.

How we plan to do this:

- Lead and assist in programs developed to retain and attract new talent to our community.
- Share employer labour market feedback from business retention programs with training institutions.

Why? A prosperous economy must ensure that no one falls short on life's essentials (from food and housing to healthcare and political voice).

How we plan to do this:

- Doughnut).
- ► The City will work with the Chamber of Commerce to promote doughnut economic awareness amongst business and the broader community.

Integrated Action Areas (view the sections below to see related actions)

► The City Plan is founded on the Doughnut Economic Framework (the Nanaimo

Support the Development of the Circular Economy in Nanaimo

Why? To help move the City closer to meeting its climate action goals and to reduce dependence on goods being sourced off of Vancouver Island.

How we plan to do this:

- Design and deliver a Circular Economy program that helps local businesses to work together to reuse and share each other's inputs to production.
- Provide educational workshops and tools that assist businesses to move towards a net zero carbon future.

C5.3 BUSINESS DEVELOPMENT

CITY PLAN

SUPPORTING DOCUMENTS

Economic Development Strategy

WHAT THE CITY DOES

- Compiles and shares research and data to improve planning and decision-making.
- Develops a positive business climate.
- Undertakes business retention and expansion (BRE) programming to identify strategic and tactical employment and diversification.
- Promotes trade opportunities.
- Support economic emergency preparedness and recovery.

WHAT OTHERS DO

- Generate and manage data (senior government, private companies, non-profits).
- Designate, regulate, and encourage global, national, and provincial trade activities (senior government).
- Own and run businesses (private companies).

BUSINESS DEVELOPMENT AT A GLANCE: AREAS OF FOCUS

Support and Grow a Diversified **Business Base**

public Why? A diversified business base helps build a strong local economy, which is important for withstanding economic cycles. Businesses provide jobs for residents and a tax base for public amenities, which helps

How we plan to do this:

residents and visitors.

Work with partners to provide support for new entrepreneurs.

improve the quality of life for

- Grow and strengthen the existing business base by implementing a business retention and expansion program.
- Focus on attracting new economic drivers to our community.

community success.

Integrated Action Areas (view the sections below to see related actions)

248

Why? Market intelligence is helpful in strategic planning, communications, marketing, business development, and enables informed investment and policy decision making. Strategic investments lead to greater overall business and

How we plan to do this:

Provide comprehensive research products in various print and digital formats on demographic, business, economic, industry, trade, labour market, and community indicators.

Create a Business Friendly Environment

Why? Leads to retention of our existing businesses and helps them to expand. Also helps attract new investment to our community.

How we plan to do this:

- Identify process improvements.
- Remain cost competitive with other communities.
- Respond to business concerns.

C5.4 INNOVATION & TECHNOLOGY

CITY PLAN

C5.4 Innovation & Technology

SUPPORTING DOCUMENTS

- ► Economic Development Strategy
- City Fibre Strategy

ROLES

WHAT THE CITY DOES

- Strengthens and supports connections between companies, students, and initiatives.
- Markets the city as a destination for tech sector development.
- Works with telecommunication providers to invest in infrastructure in Nanaimo.
- Develops policy and strategy to enhance broadband capacity.

WHAT OTHERS DO

- Deliver tech programs (organizations, senior government, VIU).
- Develop tech business and employ residents (private companies).
- Install fibre optic and cell tower infrastructure.

INNOVATION & TECHNOLOGY AT A GLANCE: AREAS OF FOCUS

Improve Connectivity in Nanaimo

Why? The Technology Sector is one of the fastest growing sectors in the economy and provides well-paying jobs for post-secondary graduates. The sector fosters innovation and creates opportunity for growth of local companies.

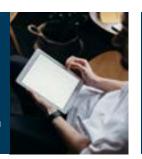

How we plan to do this:

- Ensure suitable infrastructure is in place to attract technology based business.
- Explore the idea of creating a downtown hub for tech business.
- Implement business and worker attraction programs that are focused on technology workers and companies.
- Supporting and creating networking events for the technology sector.

Integrated Action Areas (view the sections below to see related actions)

connections.

Why? Enhanced internet speed and digital connectivity is important to remain competitive with other communities and to attract workers and businesses to the community.

How we plan to do this:

- ► Work with
 - telecommunication
 - providers to maintain and expand existing broadband
 - networks and mobile device

Become **Recognized** as an "Intelligent City"

Why? Using just in time data to drive decision making in the City will ensure that resources are allocated effectively to the most pressing areas.

How we plan to do this:

- Develop and implement an intelligent community plan.
- Undertake pilot projects to help advance status as an intelligent city.
- Partner with telecommunication providers and industry leaders.

INNOVATION & TECHNOLOGY PROGRAM ACTIONS

C5.5 PLACE MAKING & INVESTMENT **ATTRACTION**

CITY PLAN

C5.5 Place Making & Investment Attraction

SUPPORTING DOCUMENTS

Economic Development Strategy

ROLES

WHAT THE CITY DOES

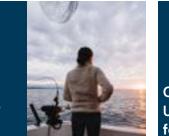

- Analyzes global trends and identifies opportunity to leverage emerging opportunities.
- Promotes the city to potential investors.
- Invests in city revitalization and enhancements that increase the city's profile and attractiveness.
- Invests in the Nanaimo Prosperity Corporation.

WHAT OTHERS DO

Champion strategies for place making and attraction (Mayor's Leaders' Table, business community, Tourism Nanaimo Society, Nanaimo Prosperity Corporation).

PLACE MAKING & INVESTMENT ATTRACTION AT A GLANCE: AREAS OF FOCUS

Prepare an Investment Attraction Strategy for Nanaimo

Create a **Uniform Brand** for Nanaimo

Why? It is important to have a clear focus on the opportunities that exist in Nanaimo and type of business the community wishes to attract

How we plan to do this:

- Conduct an inventory of existing business assets and conduct a gap analysis.
- Understand what infrastructure needs to be in place to support emerging sectors.
- Conduct an investment ready analysis.

Integrated Actions Areas (view the sections below to see related actions)

Why? Opportunity to have a shared vision and brand for Nanaimo that all business leaders and residents support. Nanaimo residents must be fond of the City to build a positive external image and reputation.

How we plan to do this:

Branding strategy with Tourism Nanaimo, Nanaimo Prosperity Corporation, and the City of Nanaimo.

Why? Preserving and developing the City's unique assets builds community pride and increases visitors to the community.

How we plan to do this:

- Invest strategically in wellness and cultural amenities, services, natural areas, and open spaces that give Nanaimo a unique identify.
- Collaborate with First Nations on place making initiatives that acknowledge and celebrate their traditional territories and cultural values.

PLACE MAKING & INVESTMENT ATTRACTION **PROGRAM ACTIONS**

ONGOING PROGRAM LIST

C5.6 TOURISM

CITY PLAN

ROLES

SUPPORTING DOCUMENTS

- Development Strategy
- Nanaimo Sport Tourism Strategy
- **Business and Meetings** Tourism and Sport Tourism MOU
- Other strategies

WHAT THE CITY DOES

- Fund the Tourism Nanaimo Society.
- Develops and supports meetings and events that draw visitors to Nanaimo.
- Provides an annual operating subsidy to the Vancouver Island Conference Centre to draw visitors.
- Create and maintain spaces and places that support tourism opportunities such as the Vancouver Island Conference Centre, museums and cultural spaces, recreational facilities, parks, and the waterfront walkway.

WHAT OTHERS DO

 Market tourism opportunities in Nanaimo (Tourism Nanaimo, Nanaimo Hospitality Association, 4VI (formerly Tourism Vancouver Island, Destination BC).

TOURISM AT A GLANCE: AREAS OF FOCUS

Implement the Meetings and **Events Strategy**

Why? The City and the key tourism stakeholders in Nanaimo established the Tourism Nanaimo Society to oversee destination marketing and product development for the City.

How we plan to do this:

► The City makes a significant financial contribution to Tourism Nanaimo annually to deliver tourism services for the community.

Why? Drawing visitors to Nanaimo for meetings and events creates overnight room stays in local hotels and supports local restaurants and retailers. These visitors have a positive economic impact on the

community.

► The City, Vancouver Island Conference Centre, Tourism Nanaimo and the Nanaimo Hospitality Association are working together to market Nanaimo as a meeting and events destination in BC through a jointly developed Memorandum of Understanding (MOU).

Integrated Policy Areas (view the below sections to see related policies)

How we plan to do this:

Implement the Sport Tourism Strategy

Why? Implementing the Sport Tourism Strategy will draw visitors to the community in non-peak periods to help bolster the local economy. A focus on local, regional and national events Nanaimo is well positioned with its excellent recreational facilities, hotels, and accommodation providers to tap into this market segment.

How we plan to do this:

Implement the Sport Tourism Strategy, which was recently endorsed by Council.

TOURISM **PROGRAM ACTIONS**

ONGOING PROGRAM LIST

WHAT THE CITY DOES

- Considers revisions to the City Boundary and Urban Containment Boundary to reflect current land use and future needs.
- storm).

WHAT OTHERS DO

- ► The Regional District of Nanaimo defines a regional vision for sustainable growth through Nanaimo's Regional Growth Strategy.
- Province approves servicing agreements.
- Senior governments negotiate treaties with First Nations.

- Set the City Boundary and Urban Containment Boundary.
- Support full community servicing (road, sewer, water, and

GROWTH MANAGEMENT AT A GLANCE: AREAS OF FOCUS

Why? To help focus growth and development to defined areas (both regionally and within the city) so our city is efficiently serviced and supports complete, compact communities.

How we plan to do this:

- Maintain a City Boundary and Urban Containment Boundary.
- Consider future changes based on community needs.
- Align with the goals of the Regional District of Nanaimo's Regional Growth Strategy.

Strategic growth combined with efficient servicing, transportation, and amenities

Why? Strategic growth allows for the efficient delivery of services and infrastructure while protecting lands with natural, agricultural, or ecological values.

How we plan to do this:

- Maintain a City Boundary and Urban Containment Boundary.
- Focus growth in strategic locations guided by City
 Plan policy and the Future Land Use Plan.

- Regional Housing Needs Report (2020)
- Population, Housing and **Employment Projections** (2020)

270

Set the long-term vision for community by adopting an Official Community Plan.

 Set desired outcomes and policies that guide decisions on land use management, the environment, social and cultural, and economic matters.

Establish legislation to develop official community plans under the Local Government Act.

Establish other provincial and federal guidelines and

FUTURE LAND USE DESIGNATIONS AT A GLANCE: AREAS OF FOCUS

Why? To achieve more livable, walkable, well-serviced centres that support efficient transit, walking, biking, and rolling.

How we plan to do this:

- ► Focus the majority of the City's future growth in seven urban centres.
- ► Focus additional growth along Corridors to support efficient mode split.
- ► Focus infrastructure investment in urban centres and along corridors.

Why? Supporting lighter, more modest growth in existing neighbourhoods allows a mix of housing types.

How we plan to do this:

- Support lower density forms of infill housing that align with the scale and character of existing neighbourhoods.
- Support a greater diversity of housing options and increased investment in transportation options and services for areas near Urban Centres and Corridors.
- Direct growth away from lands that are physically constraint by transportation, utility services and / or steep slopes.

Maintain and expand industrial lands 🔤 🔤

Why? To strategically activate economic opportunities and sustain Nanaimo over the long term.

How we plan to do this:

- Maintain a sufficient ongoing supply of industrial lands that support jobs and a strong economy.
- Offer a broad and innovative range of uses.
- ► Direct encroaching uses to Urban Centres and Corridors.

D3 AREA PLANNING

ROLES

CITY PLAN

Area Plans

• Create area plans to provide more detailed policy direction for future land use and development in a specific area of the City experiencing, or positioned to experience, major change in land use, development, transportation, servicing, and related topics.

SUPPORTING DOCUMENTS

- ► The Nanaimo Downtown Plan (2002)
- Port Drive Waterfront Master Plan (2018)
- Hospital Area Plan (2018)
- Bowers District Master Plan (2022)
- Sandstone Master Plan (2022)

274

WHAT THE CITY DOES

Uses area plans as a key tool for exploring detailed directions for areas where a large portion of the city's future growth and densification is anticipated, notably in Urban Centres.

WHAT OTHERS DO

 Advise City of priority setting for area plans (residents, businesses, neighbourhood associations, stakeholder groups, general public).

• Utilize area plans for strategic investment and to guide development in specific areas of the City (developers, government, and businesses).

AREA PLANNING AT A GLANCE: AREAS OF FOCUS

Why? To advance the goals of City Plan through development of area plans for locations with potential for major change, typically Urban Centres.

How we plan to do this:

- Create area plans that provide clear directions on meeting the five City Plan goals within a defined urban area.
- During area plan development, undertake broad engagement that includes residents, employees, businesses, and landowners of the study area, as well as participation from the broader community.
- Area Plans adopted by Council will form part of City Plan.

Why? To make adjustments to reflect emerging city conditions..

How we plan to do this:

- Explore opportunities and constraints to create complete Urban Centres and urban areas on a continuing basis.
- Initiate review and update of existing area plans on a periodic basis based on demographic changes and development pressure.

AREA PLANNING **PROGRAM ACTIONS**

D4 NEIGHBOURHOOD PLANNING

CITY PLAN

E1.2 Neighbourhood Plans & Community Engagement

SUPPORTING DOCUMENTS

Neighbourhood Plans:

Chase River; Departure Bay; Harewood; Newcastle + Brechin; Old City; Rocky Point / Hammond Bay / Stephenson Point; & South End.

ROLES

WHAT THE CITY DOES

- Engages in ongoing dialogue with neighbourhood associations and residents on community development and planning initiatives.
- Provides support, services and information to neighbourhood associations with respect to engagement, education, funding, planning and community development initiatives and projects.

WHAT OTHERS DO

- Provide input related to rezoning and City Plan amendment referrals (neighbourhood associations).
- Advise City of priority setting for neighbourhood planning areas (neighbourhood associations, general public).
- Provide a means of communication between neighbourhoods and the City (neighbourhood associations, neighbourhood network).

NEIGHBOURHOOD PLANNING AT A GLANCE: AREAS OF FOCUS

Provide city services and support for neighbourhood associations

Why? To hear the perspectives of neighbourhoods with respect to priority actions and their implementation.

How we plan to do this:

- Engage with neighbourhoods to get broad representative input on priorities and concerns.
- Establish an organizational process where individual neighbourhood associations meet every 5 years (at least) to set priorities for their neighbourhood in writing.
- Refer OCP amendment and rezoning development applications to recognized neighbourhood associations for input purposes, and development permits for information.
- Use existing neighbourhood plans as key guiding documents in the review of development applications, and as a foundation for City project prioritization.

Why? To help neighbourhood associations build capacity and represent their neighbourhoods.

How we plan to do this:

- Provide services and support to neighbourhood associations as per Council policy.
- ▶ Encourage the establishment of new neighbourhood associations and increased organizational capacity of existing associations to better represent neighbourhood interests.

Pursue an equitable approach to supporting neighbourhoods

Why? To support neighbourhoods based on community demographics and growth pressures.

How we plan to do this:

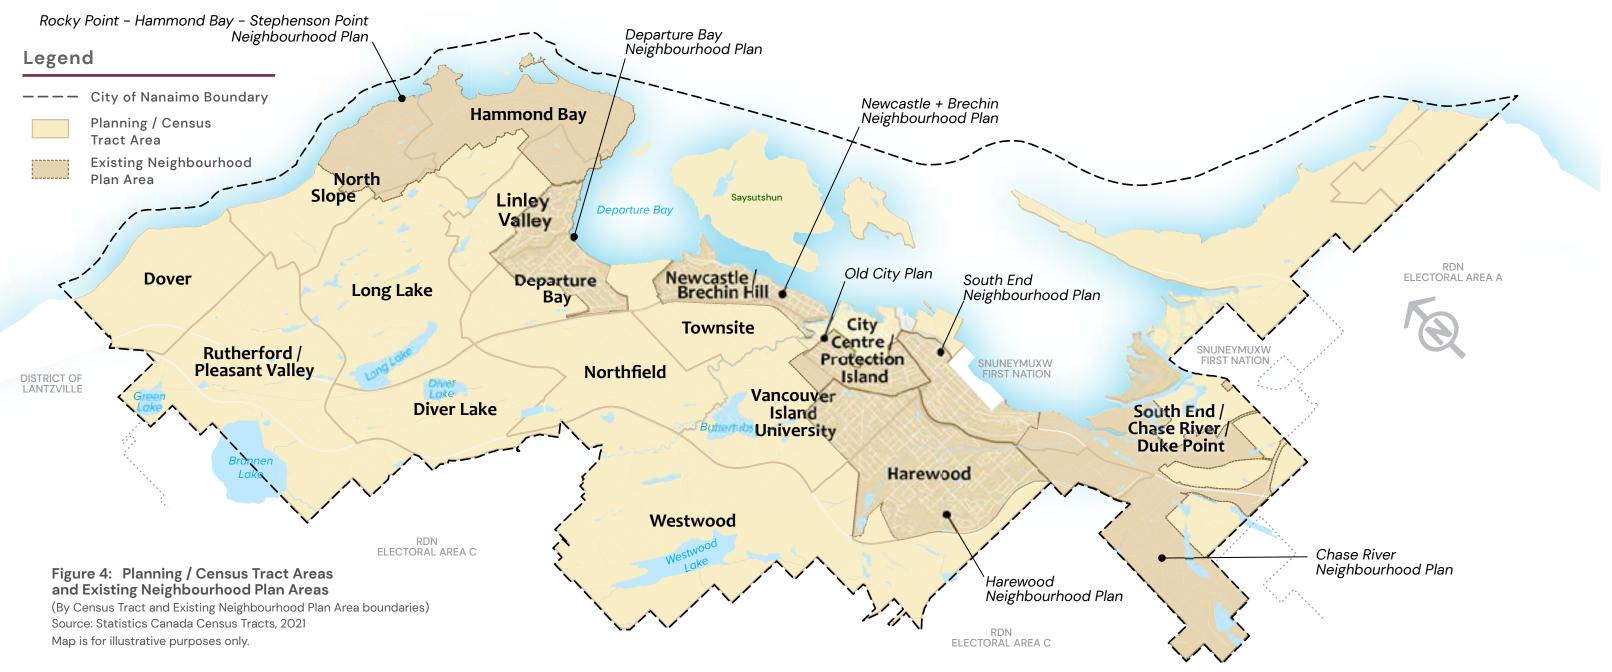

- Provide services and support to neighbourhood associations as per Council policy.
- ► Focus community investment and support in areas where population increase and development are likely to create the need for these investments and supports.
- Ensure that community investment is spread throughout the City based on identified need on an annual basis.
- Ensure that evolving neighbourhood priorities are reflected in the Integrated Action Plan so they may be considered as the City identifies community investment priorities through its annual and long term budget processes.

NAVIGATING NEIGHBOURHOOD **PLANNING ACTIONS**

The actions contained within this section have been sorted into five planning districts, and further sorted by planning/census tract area. The actions contained within this section are from existing neighbourhood plans. Note that not all actions identified in these documents are included in this section, as they may have been placed in other relevant sections of Part C and D of this document.

FIVE PLANNING DISTRICTS

- SOUTH NANAIMO DISTRICT | Includes South End, Chase River & Duke Point
- **DOWNTOWN UNIVERSITY DISTRICT |** City Centre/Protection Island, Vancouver Island University & Westwood, Harewood
- ▶ DEPARTURE BAY MID-TOWN DISTRICT | Includes Linley Valley, Departure Bay, Newcastle & Northfield Townsite
- ▶ NORTH TOWN DISTRICT | Includes Rutherford/Pleasant Valley, Long Lake & Diver Lake
- ▶ NORTH SLOPE DISTRICT | Includes Dover, North Slope & Hammond Bay

NEIGHBOURHOOD PLANNING **PROGRAM ACTIONS**

ONGOING PROGRAM LIST

REGULAR & REPEATED ACTIONS

OVERALL ACTIONS APPLICABLE TO ALL NEIGHBOURHOODS.

Ref.	Program	Connected City Plan Policies
D4.1	Implement the Neighbourhood Associations Supports Policy.	► E1.2.1
*	 Council will host an annual engagement opportunity to hear the collective concerns and priorities of neighbourhoods, and to share updates on City initiatives. 	 E1.2.3 E1.2.7 E1.2.8
	Official Community Plan amendments and Rezoning development applications will continue to be referred to relevant neighbourhood associations for input purposes, and development permit applications will continue to be referred to relevant neighbourhood associations for information.	
	 Provide services and support to neighbourhood associations. 	
	 Maintain a map of neighbourhood association self- defined boundaries for public and reference purposes. 	
D4.2	Support the establishment of neighbourhood associations to represent neighbourhood interests.	► E1.2.7
D4.3	Work with neighbourhoods to increase support for community crime prevention programs and neighbourhood safety initiatives (e.g. Community Policing Program).	► C1.3.8
D4.4	Work with neighbourhood groups to identify tree plantings opportunities within their neighbourhoods.	C1.3.2C1.3.3
D4.5	Work with neighbourhood associations to promote events, festivals, and other activities in the neighbourhood.	► C4.8.2
D4.6	The City will continue to work with BC Hydro and developers to evaluate where candidates for power line burial may exist under BC Hydro's power line burial program and how these projects can be facilitated in cooperation with the City and/or development proposals.	 C1.2.5 C1.2.7

D5 DEVELOPMENT PERMIT & HERITAGE CONSERVATION AREAS

CITY PLAN

ROLES

E3 Development Permit & Heritage Conservation Areas

SUPPORTING DOCUMENTS

- Zoning Bylaw No. 4500
- Area Plans
- Neighbourhood Plans

WHAT THE CITY DOES

- Establish Development Permit and Heritage Conservation Areas regulatory guidelines to achieve the goals and policies of City Plan: Nanaimo Relmagined.
- Ensure a proposed development meets the policies and objectives of the City Plan and guidelines.
- Update regulatory guidelines when new information and research becomes available.

WHAT OTHERS DO

- Establish the legislation for Development Permit & Heritage Conservation Areas.
- Apply for a Development or Heritage Alteration Permit when a property falls within a designation.

DEVELOPMENT PERMIT & HERITAGE CONSERVATION AREAS AT A GLANCE: AREAS OF FOCUS

Implement the Development Permit & Heritage Conservation Area regulatory guidelines

Why? To ensure proposed developments meet the policies and objectives of the City Plan as well as the City's environmental, heritage, and design guidelines.

How we plan to do this:

- Require properties located within one or more Development Permit Area or Heritage Conservation Area to apply for a permit.
- Update Development Permit Area guidelines to align with new City Plan policies
- available.

Update Development Permit Area guidelines when new information and research becomes

CITY PLAN

ROLES

E4.2 Financial Mechanisms & Community Benefits

SUPPORTING DOCUMENTS

- Development Cost Charges Bylaw No. 7252 (2017)
- Community Amenity Contribution Policy (2022)

WHAT THE CITY DOES

Apply Development Cost Charges to development to mitigate development demand places on utilities and services.

Apply Community Amenity Contributions as part of a rezoning or land use covenant amendment process.

WHAT OTHERS DO

• Establish the legislation for establishing Development Cost Charges and Community Amenity Contributions.

Pay Development Cost Charges and Community Amenity Contributions to the City.

FINANCIAL MECHANISMS & COMMUNITY BENEFITS **AT A GLANCE: AREAS OF FOCUS**

Update Development Cost Charges and **Community Amenity** Contributions to reflect growth

Why? To ensure proposed developments are making a reasonable balanced contribution to the neighbourhood and community at large.

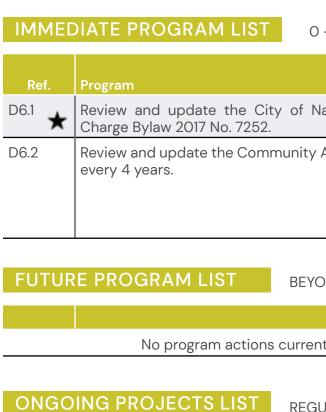

How we plan to do this:

- Update the Development Cost Charges program regularly.
- Update the Community Amenity Contribution policy regularly.

FINANCIAL MECHANISMS & COMMUNITY BENEFITS **PROGRAM ACTIONS**

2024 NEIGHBOURHOOD ASSOCIATION PRIORITY REQUESTS

The requests contained within this section represent those identified by recognized neighbourhood association at the Neighbourhood Association Engagement Event held on May 22, 2024. Council will review the requests identified by the neighbourhood associations within four years, for consideration of inclusion into the City's capital plans, budgets and department work plans.

NORTH SLOPE DISTRICT

Ref.	Program	Connected City Plan Policies
	COMMUNITY ASSOCIATION	
1	The Parks, Recreation, and Culture Division to work with the Dover Community Association to identify opportunities for two new parks in the southwest corner of the Dover Planning Area.	► C4.9.2
2	As part of the Woodgrove Area Assessment, work with the Dover Community Association to examine and address traffic issues (volume, control, noise, calming at the following intersections: Hammond Bay/Applecross Road, Hammond Bay/Aulds Road/ Island Highway, Aulds Road/Nanaimo Parkway, and Island Highway/Enterprise Way.	 C2.1.1. C2.2.1
3	The City to set up a Planning and Development 101 session for all neighbourhood associations. The purpose of the session is to learn about the planning process, and opportunities for input on development, taking into account concerns regarding existing development standards (building height, setbacks and infill).	► E1.2.7
ROCKY	POINT NEIGHBOURHOOD ASSOCIATION	
1	Incentivize development of a multi-story amenities/services and small local business hubs on undeveloped land adjacent to Piper's Pub (4670 Hammond Bay Road) and on the south side of Hammond Bay Road across from the Nanaimo Wastewater Treatment Plant (4455 Hammond Bay Road) by zoning portion of land for this form of mixed residential/commercial development.	 D4.5.4 D4.5.20
2	Rehabilitate the crumbling median infrastructure at the entrance to Vista View Crescent off of Hammond Bay Road with updated planting, in consultation with the association to ensure safety and visual continuity, mitigate hazards and improve overall streetscape aesthetics. In addition, in collaboration with association and residents, plant trees along fenced marshy area near intersection of Logan's Run and Vista View Crescent.	► C1.3.2

Ref.	Program	Connected City Plan Policies
3	Encourage Council to continue to support and advocate for the installation of a cellphone tower that remedies service deficiencies in the Stephenson Point/Hammond Bay/Lost Lake area.	

LINLEY VALLEY-STEPHENSON POINT NEIGHBOURHOOD ASSOCIATION

1	Educate LV-SPNA residents on the details behind the ~\$100,000 and other costs cited in the 2024-MAY-13 Staff Report – Allocation of Unallocated Pedestrian Funds as it pertains to Hammond Bay Road between Prince John Way and Chinook Road (ex: items; quantity/length; unit costs; location of "cost prohibitive, limited road right-of-way/narrow pinch points", etc.)	 C2.2.1 C2.4.3
2	Provide, or improve, a temporary (or permanent) pedestrian lane for 200 metre stretch along southbound lane of Hammond Bay Road, between Cottle Creek crossing and end of sidewalk at 3315 Hammond Bay Road.	
3	Continue white line marking installed in 2023 for another 325 metres along eastbound lane of Stephenson Point Road, between Wavecrest Drive and end of sidewalk at 3340 Stephenson Point Road, and thereby expand the pedestrian link to several beach accesses/viewpoints.	► C2.2.1

NORTH TOWN DISTRICT

Ref.	Program	Connected City Plan Policies
LOST L	AKE NEIGHBOURHOOD ASSOCIATION	
1	Complete the next phase of traffic calming along Lost Lake Road.	► C2.4.3
2	Reallocate space along Lost Lake Road to support active mobility (e.g. pedestrians, mobility device users, and cyclists).	► C2.2.1
3	Setup a meeting with the City's Transportation and Engineering Dept. to complete a walking tour of Lost Lake Road to discuss further traffic calming, a multi-purpose shoulder, and a review of the mail-out survey and Council's response.	
WELLI	NGTON COMMUNITY ASSOCIATION	
1	Work with the City to identify opportunities to connect existing greenspaces in the Diver Lake Planning Area, particularly Ardoon Park to Shenton Park and a future bike commuter friendly underpass tunnel from Diver Lake to Long Lake.	► C4.9.3
2	Take action to protect, conserve, and enhance the two key water bodies in the neighbourhood: Diver Lake and Long Lake.	 C4.9.8 C4.10.12 C4.10.13

Ref.		Connected City Plan Policies
3	Implement traffic calming at the Jingle Pot Road/Shenton Road/ Norwell Drive/Wellington Road intersection and along Victoria Avenue, and include the Norwell Drive/Jingle Pot Road/Shenton Road/Wellington Road intersection in the current Norwell Drive Transportation Study in order to determine the best form of traffic calming to implement for that intersection.	

DEPARTURE BAY MID-TOWN DISTRICT

Ref.	Program	Connected City Plan Policies
DEPAR	TURE BAY NEIGHBOURHOOD ASSOCIATION	
1	Increase the Neighbourhood Association Grant Program individual grant totals beyond \$1,000.00 per association, and explore opportunities to extend City insurance to neighbourhood associations and their events to reduce those costs to grant expenditures.	► E1.2.7
2	Complete a study exploring the feasibility of either remodelling the Kin Hut or constructing a new indoor community gathering space.	► C3.6.23
3	Explore opportunities to replace the Departure Bay Activity Centre (that burnt down), such as a temporary structure on the gravel (i.e. tent) or amphitheatre space for youth (i.e. skate park).	► C3.6.19
ROCKY	CITY NEIGHBOURHOOD ASSOCIATION	
1	Make Rock City Road safer and more welcoming to pedestrians by implementing low cost, reversible solutions such as reducing maximum speed to 40 km per hour; re-lining the road to create reduced lane width; removing the centre yellow line; adding a pedestrian shoulder where needed so there is pedestrian space on both sides of the road; allowing on-street vehicle parking (and disallowing parking in the pedestrian shoulders); and, initiating a boulevard tree planting project in collaboration with the association.	 C2.2.1 C2.4.3 C1.3.2
2	Add a shared electric vehicle in the neighbourhood through proactive collaboration with Modo Car Co-op, and other stakeholders as needed. The City will consult with the association about the EV location and any other obstacles encountered.	► C2.1.6

Ref.	Program	Connected City Plan Policies
DEPART	URE BAY NEIGHBOURHOOD ASSOCIATION	
1	Increase the Neighbourhood Association Grant Program individual grant totals beyond \$1,000.00 per association, and explore opportunities to extend City insurance to neighbourhood associations and their events to reduce those costs to grant expenditures.	► E1.2.7
2	Complete a study exploring the feasibility of either remodelling the Kin Hut or constructing a new indoor community gathering space.	► C3.6.23
3	Explore opportunities to replace the Departure Bay Activity Centre (that burnt down), such as a temporary structure on the gravel (i.e. tent) or amphitheatre space for youth (i.e. skate park).	► C3.6.19
ROCKY	CITY NEIGHBOURHOOD ASSOCIATION	
1	Make Rock City Road safer and more welcoming to pedestrians by implementing low cost, reversible solutions such as reducing maximum speed to 40 km per hour; re-lining the road to create reduced lane width; removing the centre yellow line; adding a pedestrian shoulder where needed so there is pedestrian space on both sides of the road; allowing on-street vehicle parking (and disallowing parking in the pedestrian shoulders); and, initiating a boulevard tree planting project in collaboration with the association.	 C2.2.1 C2.4.3 C1.3.2
2	Add a shared electric vehicle in the neighbourhood through proactive collaboration with Modo Car Co-op, and other stakeholders as needed. The City will consult with the association about the EV location and any other obstacles encountered.	► C2.1.6

Ref.	Program	Connected City Plan Policies		
3	Invest in infrastructure at the intersection of Rock City Road and Departure Bay Road to reduce the number of collisions and make them less dangerous. For example, consider installation of a removable, low-cost mini roundabout at the Rock City and Departure Bay Road intersection based on the Vortex modular roundabout design system; consider installation of a traffic circle or 4-way stop at the Rock City and Departure Bay Road intersection; improve visibility at the intersection so vehicles (and pedestrians) northbound on Rock City Road can see (and be seen by) on-coming traffic heading eastbound on Departure Bay Road; implement changes to Departure Bay Road that will reduce vehicle speed as they approach the intersection eastbound (i.e. travelling downhill).			
BRECHIN HILL COMMUNITY ASSOCIATION				

DICLOTI		
1	Replace the broken equipment at Barney Moriez Park.	► C4.3.11
2	Add lights to the existing crosswalks at the intersections of Larch Street/Stewart Avenue and Ocean Terrace/Brechin Road.	► C2.2.1
3	Work with the Brechin Hill Community Association to identify priority locations for pedestrian road safety improvements within the neighbourhood, with specific focus on completing the sidewalk between the new development at 550 Brechin Road and the Brechin Road/Stewart Avenue intersection, and improving pedestrian crossings, lights and visibility along Brechin Road.	► C2.2.1
NEWCA	STLE COMMUNITY ASSOCIATION	
1	Hold an informal meeting with the City's Transportation Section to review draft upgrade concepts developed to date for Stewart Avenue, to allow the NCA to be prepared to provide input for a formal community engagement session in the Fall of 2024.	 C2.2.1 C2.4.3
2	To improve neighbourhood safety and security, that Council propose a motion at a future Union of B.C. Municipalities (UBCM) meeting to adjust the Community Charter to make it legal for municipalities to establish a Vacant Property Bylaw, and consider removal of the benches and glass from the bus stops located on Terminal Avenue N in front of Midland Tools and the Ramada Inn to deter them from being used as shelters.	▶ N/A
3	Explore the concept of an off-leash Dog Park in neighbourhood (possibly at Husky site) with the City's Parks, Recreation and Culture Division.	► C4.9.3
BRADLE	EY STREET NEIGHBOURHOOD ASSOCIATION	
1	Complete a traffic calming study for Townsite Road.	► C2.4.4
2	With City's assistance, facilitate improved communication between association and construction manager for project at 591 Bradley Street with respect to road improvements.	► N/A

Ref.		Connected City Plan Policies
3	Consider expanding Community Safety Officer programs into neighbourhood and increasing homelessness response efforts.	► C3.1.5

DOWNTOWN UNIVERSITY DISTRICT

Ref.	Program	Connected City Plan Policies	
PROTE	PROTECTION ISLAND NEIGHBOURHOOD ASSOCIATION		
1	Carry out road dust suppression, pothole repair and general maintenance schedule as needed rather than once per year, and determine a more permanent solution to this issue with the City. Follow through on road dust testing as agreed with City and address the recommendations of the resulting report.	► C2.2.13	
2	Plan for guaranteed access to and from Protection Island for Nanaimo residents (and a future ferry and dock) that is under City of Nanaimo/Regional District of Nanaimo control and not dependent on the use of privately held lands. Include Protection Island in public transportation plans and take into account the unique needs of Protection Island residents, and the challenges for non-island residents/tourists to access this part of the City. Assign a City staff liaison with the Nanaimo Port Authority and the Regional District of Nanaimo regarding ferry transportation, and provide financial support for a new dock space.	► C2.2.26	
3	Work with City and Nanaimo Port Authority to stablish secure bicycle storage facilities (suitable for safe and secure overnight storage) in the downtown and boat basin vicinity.		
NANAI	MO OLD CITY ASSOCIATION		
1	Promote safety by creating a clear and actionable set of passive safety measures for the Old City that can be introduced at "hot spots" to lessen fear and crime in the neighbourhood. Using passive safety measures requires a clear understanding of the steps that can be taken, the cooperation of the City and the neighbours, patrol of the area, and evaluation of success. The parkette at Franklyn and Milton Streets is an example of a hot spot that can be addressed by Crime Prevention Through Environmental Design (CPTED) principles as long as the necessary steps are understood and taken.		
2	Maintain Design Advisory Panel review of all development permit applications in the Old City. Support heritage connectiveness in the neighbourhood through the continued action of the Design Advisory Panel in applying the City's Old City and heritage design guidelines.	► C4.6.5	

Ref.	Program	Connected City Plan Policies	
3	Work on sustainable improvements to the quality of life of our neighbourhood, such as increasing tree canopy coverage to 33% of land area, focusing on the neighbourhood as a model for Active Transportation and Complete Streets, developing a program to enforce a No-Idle Zone in the neighbourhood as a model for the rest of the City, and actively engaging with residents of the neighbourhood in emergency preparedness plans for extreme weather events.	 C1.3.1 C2.1.1 C3.5.17 	
NEIGHE	NEIGHBOURS OF NOB HILL SOCIETY		
1	Ensure the Nob Hill Community is actively involved and engaged in future decisions regarding the placement of new social service providers, or the granting of additional funding to existing social services, in the neighbourhood, and consider providing increased Community Safety Officer (CSO) patrols, enhanced overdose response outreach, and expanded clean team efforts, particularly along Victoria Road.	 C4.2.2 C3.1.5 	
2	Conduct a community safety audit of the neighbourhood in collaboration with the society to pinpoint areas of concern, and then implement the audit's recommendations, including Crime Prevention Through Environmental Design (CPTED) assessment's focusing on Victoria Road and Nob Hill Park as needed.	► C3.1.5	
3	Consider establishment of an enclosed off-leash dog park in the grassy area at the base of Nob Hill Park.	► C4.9.3	
HAREW	OOD NEIGHBOURHOOD ASSOCIATION		
1	Create a gateway to Harewood by enhancing the triangle block bound by Harewood Road, Fourth Street, and Bruce Avenue, with improvements including sidewalks, boulevards, street trees, and a gateway sign "Welcome to Harewood" on Bruce Avenue.	 C5.5.8 C2.5.1 	
2	Continuetoimplementcommunitysafetyauditrecommendations with specific attention to identifying "hotspots" in Harewood in collaboration with the Harewood Neighbourhood Association.	► C3.1.5	
3	Work with the Harewood Neighbourhood Association to identify and install street trees annually at priority locations.	► C1.3.2	

SOUTH NANAIMO DISTRICT

Ref.	Program	Connected City Plan Policies
SOUTH	END COMMUNITY ASSOCIATION	
1	Improve pedestrian safety, accessibility and overall experience of three high-priority intersections in the South End: Nicol- Needham, Victoria-Needham, and Esplanade-Crace-Irwing- Trestle, including community-based initiatives (e.g. painted intersection mandalas, streetscape décor, driver education), with a focus on developing and implementing achievable pedestrian safety improvements to the Nicol-Needham intersection, in collaboration with the South End Community Association and the MoTI / City of Nanaimo transportation working group.	 C2.2.1 C2.5.1
2	Improve pedestrian experiences along Victoria Road and Old Victoria Road by implementing streetscape improvements, community-based initiatives and creative traffic-calming solutions, with focus on working with the South End Community Association to establish key interests and timelines for implementation of achievable community-oriented pedestrian experience improvements along these roads.	C2.4.3
3	Address the South End's dearth of public space and vacant lots by adding temporary or permanent pocket parks, dog parks, waterfront access and/or cultural/gathering spaces with focus on establishing a pocket park/forest at 26/38/48 View Street (View Street Park) and a dog park at 830 Milton Street or equivalent location.	1
CHASE	RIVER COMMUNITY ASSOCIATION	
1	Increase road safety, through traffic calming, installation of sidewalks, and adequate lighting, especially along Maki Road to the east of the Island Highway.	► C2.4.2
2	Continue moving forward with South End Community Centre by finalizing funding.	E1.2.5C3.6.25
3	Increase community fire safety by staffing both fire trucks at Fire Station #4.	► C3.1.1
