# HAREWOOD CENTENNIAL PARK Playground Safety Surfacing Upgrades

Harewood Centennial Park has become a popular destination park for families in our City for many years. In 2010, City Council adopted an improvement plan for Harewood **Centennial Park to ensure that the outdated park amenities were improved to meet** the recreational needs and desires of the changing community.

Playground upgrades were completed in 2015 which saw two additional playground spaces for children ages 5 to 12. These improvements included:

- Climbing structures
- Spinning elements
- Wood Fibar safety surfacing
- Picnic areas

The City of Nanaimo, in partnership with the Lions Club of Nanaimo, will be upgrading the existing

playground area in a two-phase project to improve accessibility, safety and inclusion to include:

### Phase 1 (2019-2020):

- Upgraded safety surface to Wood Fibar
- Improved access to playground

### Phase 2:

- New accessible and inclusive play features
- Rubber safety surfacing to improve access throughout the play space
