Maffeo Sutton Playground has been a major destination for families in our City for many years. Through collaboration with community partners, this playground will see the following improvements that are:

- Available for children and people of all ages and abilities
- Socially and physically inclusive
- · Respectful of a sense of place while promoting active play
- Integrated for different sensory experiences
- Comfortable to use
- An inclusive play space for our community

There are several phases to this project. Phase 1 will feature inclusive playground equipment for children from 5 to 12 years and is projected to be completed in May 2020 by the City of Nanaimo with the generosity and input from many community partners.
