## APPENDIX A - RESERVES SUMMARY 42

# 2025-2029 FINANCIAL PLAN QUICK FACTS

## Budget Highlights

The 2025–2029 Financial Plan (Financial Plan) invests in services and infrastructure to support a community that is now over 100,000 strong with more than \$4.8 billion (2021) worth of assets.

Departmental business plans and project plans incorporate actions from the Integrated Action Plan as the City continues to make progress towards achieving the five city goals identified in City Plan: Nanaimo Reimagined.

Support of the five goal areas includes:

### A Green Nanaimo – Resilient and Regenerative Ecosystems

- Climate action projects including Building Benchmarking, Cool It! Program, Community Environmental Sustainability Project Grant Program, EV Charging Infrastructure Rebate Programs, Home Energy Assessment Rebates and Home Retrofit Support Program.

### A Connected Nanaimo – Equitable Access & Mobility

- Investment in infrastructure to support a robust, multi-modal network including new transit shelters, secure bike parking, and pedestrian improvements such as pedestrian flashers, audible signals and new sidewalks.

### A Healthy Nanaimo – Community Wellbeing & Livability

- 20 new firefighters in support of the Fire Master Plan Implementation.
- 12 new RCMP members, four per year, starting in 2025 to address community growth and demand for services.
- Expansion of the Community Safety Officers program with 10 new team members over two years to increase level of service.
- Support for affordable housing including funding for supportive housing units at the former Travellers Lodge and annual contributions to the Housing Legacy Reserve Fund.

- Continued investment in the renewal and construction of new recreational amenities including new washroom facilities at Maffeo Sutton Park, a new Beban Outdoor Learning Centre and continued investment in the Stadium District.

### An Empowered Nanaimo – Reconciliation, Representation & Inclusion

- Investment in arts and culture including operating grants to support cultural venues such as the Port Theatre, the Nanaimo Museum, and the Nanaimo Art Gallery. Increased funding for culture operating grants and culture project grants and continued funding for downtown event revitalization.
- Continued funding for events to recognize National Indigenous People Day and Truth and Reconciliation Day.

### A Prosperous Nanaimo – Thriving & Resilient Economy

- Increase in base funding for the Nanaimo Prosperity Corporation as they work to promote Nanaimo's dynamic economy and investment prospects.
- Funding to support Tourism Nanaimo, the designated Destination Marketing Organization for the City as it shapes the City's tourism landscape.

### 2025 Property Tax Increase

General Asset Management Reserve	1.0%
General Property Tax Increase	6.8%
<b>Total Municipal Taxes</b>	<b>7.8%</b>

### 2025 User Fee Increases

Sanitary Sewer User Fees	4.0%
Water User Fees	5.0%
Sanitation User Fees	5.7%

### Impact on a Typical Home

	2024	2025	\$ Change	% Change
<b>Assessment - Average Home</b>	\$788,058	\$787,743	(\$315)	0.0%
Property Taxes	\$2,859	\$3,081	\$222	7.8%
Municipal User Fees				
Water Fees*	508	533	25	5.0%
Sewer Fees	165	172	7	4.0%
Sanitation Fees	228	241	13	5.7%
<b>Total Municipal Taxes &amp; User Fees</b>	<b>\$3,760</b>	<b>\$4,027</b>	<b>\$267</b>	

*Rounded to nearest dollar*

*Assumes a single family home with average Class 1 assessment change*

*\*Based on average seasonal usage*

Based on a \$787,743 assessed value (average per BC Assessment for Nanaimo), the 2025 increase for property taxes and user fees on an average house with an average Class 1 assessment change is \$267. This excludes amounts collected for the Vancouver Island Regional Library (VIRL), the Regional District of Nanaimo (RDN), School District 68, hospital, Municipal Finance Authority and BC Assessment.

### 2025 Operating Budget

\$215.3 million will be spent for annual operating and maintenance resources that deliver day-to-day City services.

### 2025 Revenue

\$277.3 million provides funding for the City's day-to-day operations, projects, contributions to reserves and the Vancouver Island Regional Library (VIRL). \$168.4 million (including parcel taxes) of funding is from property taxes excluding property taxes collected for the RDN, School District 68, hospital, Municipal Finance Authority and BC Assessment.

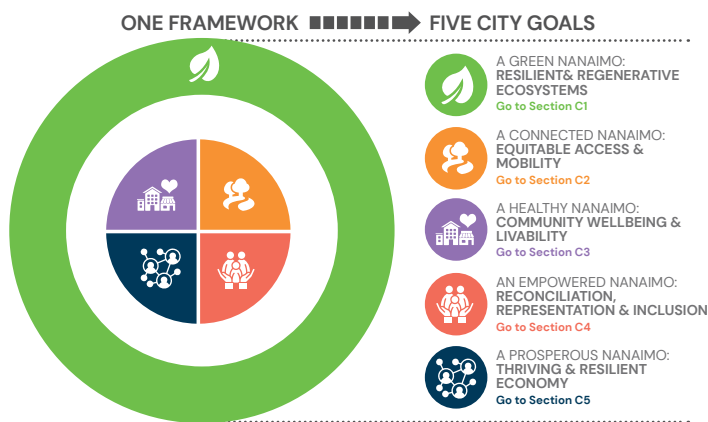

# FINANCIAL PLANNING FRAMEWORK

The City's integrated planning framework is comprised of separate but complementary planning processes. These processes support alignment and integration of resources and activities to achieve the strategic goals and priorities set by Council.

## City Plan: Nanaimo Relimagined

In July 2022 Council adopted City Plan: Nanaimo Relimagined (City Plan). City Plan adopts the Doughnut Economics model (pictured below) as a framework for achieving its vision and articulates its focus through five goals. The five goals provide the organizing structure for policies in the City Plan.

[View City Plan](#)

The Integrated Action Plan is a supporting document to City Plan and serves as a guiding document for Council to consider allocation through annual budgeting in order to strategically support priority actions.

[View Integrated Action Plan](#)

## Council Strategic Framework

In June 2023, Council endorsed their 2023-2026 Council Strategic Framework. The Framework reflects six key focus areas that will serve to guide Council's decision-making in the years ahead.

### Implementing City Plan Action Plans and Key City Management Plans

Develop Action Plans that will help guide Council's priority setting & implementation of City Plan over the term and into the future.

### Social, Health and Public Safety Challenges

Continue to implement the Downtown Safety Action Plan and support the Nanaimo Systems Planning Organization, while continuing to advocate to senior levels of government for support.

### Maintaining and Growing Current Services

Ensure that the City continues to plan for, maintain and grow its services while ensuring we are fiscally responsible and responsive to our community's evolving needs.

### Capital Projects

Recognize the capital projects, both large and small, that will contribute to service and quality of life improvements across the City and commit to working to plan and resource future key capital projects.

### Communicating with the Community

Commit to communication that is based on the principles of transparency, accountability and accessibility; understanding the importance of engaging with our community and stakeholders and ensuring we are responsive to their needs and concerns.

### Governance and Corporate Excellence

Ensure that good governance and corporate excellence continue to be foundational to our work, allowing the City to provide excellent service delivery and innovative, expeditious information-based decision making.

## 20 Year Investment Plan and Asset Management Update

In June 2023, staff presented the 20 Year Investment Plan and Asset Management Plan Update to the Finance and Audit Committee.

The 20 Year Investment Plan and Asset Management Plan Update, provides an overview of the City's long term investment plans and funding strategies. The plan includes investment in strategic initiatives, programs and projects, annual investment programs for renewal of existing infrastructure and new/upgraded infrastructure required for growth to maintain current levels of service. The plan supports Council's review and decision making regarding current planning processes, the City's Asset Management System and funding strategies.

Council approved the following recommendations based on the update:

- Continue the annual one per cent increases to property taxes for contribution to the General Asset Management Reserve Fund for the next five years (2024-2028) or until the next update and recommendations have been presented to Council;
- That the planned decrease in 2027 from two per cent to one per cent in the annual increases to water user fees for contribution to the Water Asset Management Reserve Fund be delayed until the next update and recommendations have been presented to Council;
- Complete the 2023 DCC review and adopt a new bylaw;
- Fund the major capital projects under development from borrowing subject to Council and electoral approval;
- Decommission or remove infrastructure no longer serving its purpose; and
- Implement improvements to the City's AM System:
  - Continue to develop levels of service.
  - Continued implementation and development of Cartegraph, a corporate asset management system (CAMS) software that will map, track and manage the City's assets and aid future decision making.

[View the 20 Year Investment Plan and Asset Management Plan Update](#)

## Development Cost Charge (DCC) Review

In 2023, the City began a DCC Review process which will include:

- Updating community growth and type of development estimates.
- Projecting infrastructure investment including timing and cost.
- Proposed changes to current charges.

A DCC report will be presented to Council later this year to provide additional information and seek endorsement from Council for proceeding to next steps including public consultation and a new DCC bylaw.

## Departmental Business Plans

Updated annually, departmental business plans outline how the department will achieve the City's objectives and support annual budget requests. Annual revisions ensure that the business plans remain current and responsive to emerging issues, challenges and changing conditions.

## 10 Year Project Plans

10-year project plans identify budgets required to complete infrastructure renewal, increase infrastructure capacity required due to growth and implement Council's strategic priorities. Projects are classified as either operating or capital per the City's Capital Expenditure Policy. Project plans are updated annually to reflect changes in estimates, scope, or timing as well as to incorporate new priorities or objectives.

## Financial Plan

Updated annually, the City's five-year financial plan includes budgeted revenues and expenditures for:

- Delivery of day-to-day services to the community
- Investment in infrastructure
- Delivery of strategic initiatives
- Enabling long term funding strategies.

# FINANCIAL PLAN PROCESS

The 2025 – 2029 Financial Plan contains budget estimates where final numbers are not available.

# FINANCIAL PLAN OVERVIEW

The City's principal activities include the provision of local government services to residents. Services provided include police and fire protection, solid waste collection, management of roads, drainage, sanitary sewer, waterworks and parks infrastructure, along with the delivery of leisure and cultural services.

The City also acts as a regulatory body with respect to business licensing, building permits and inspection, land use, development planning and subdivision approval services. Services such as library and sewer treatment are provided through other boards and partnerships with other governments.

## Annual Operating and Project Planning

The City's financial planning process is organized into departmental business plans that identify the resources required to carry out the City's day-to-day functions and services, and into project plans that identify the resources required to complete infrastructure renewal, construct new infrastructure and deliver strategic initiatives.

Operating budgets are sometimes referred to as 'base' budgets. The City uses a modified zero-based budgeting approach, which means all expenses except for a few exceptions, such as approved permanent staffing positions, must be justified each budget cycle.

## Key Budget Assumptions

The following assumptions were used in the Financial Plan (except for in cases where more specific information was available):

- 2% annual increase for expenditures in years two to five. This is the inflation-control target adopted by the Bank of Canada and the Government of Canada to keep total CPI inflation at the 2% mid-point of the target range of 1% to 3% over the medium term.

- 1% annual increase for revenue from fees and charges and sales of service, for years two to five, while other revenues are expected to remain unchanged.

The majority of City staff members are employed under two main union bodies: the Canadian Union of Public Employees (CUPE Local 401) and the International Association of Fire Fighters (IAFF Local 905).

The City and CUPE reached a three-year agreement, covering January 1, 2023 – December 31, 2025, in July 2023. The CUPE agreement included wage increases of 4% in 2023 and 2024 and 3.5% in 2025.

The contract with the IAFF expired on December 31, 2024, a contingency for wage increases has been included in the Financial Plan.

# KEY BUDGET DRIVERS

The City continues to grow and is more than 100,000 strong. Canada and the City have seen significant cost escalation in the last several years. In 2025, imposition of U.S. tariffs on cross-border trade will impact the costs of goods and services procured from U.S. suppliers. The City is actively working to monitor and mitigate the risks and impacts of tariffs on operations.

## 2025 Key Budget Drivers

The four largest budget drivers for 2025 are:

**Wages and benefits** – A combination of factors are impacting wages and benefits:

- benefit rate increases,
- contract increases,
- recreation programs returning to pre-pandemic levels,
- two CAMS positions now funded by property taxes,
- the progression along the pay scale of 20 new firefighters that started August 1, 2023, and
- additional staffing positions:
  - 20 new firefighters as part of the Fire Master Plan Implementation,
  - six new Community Safety Officers (CSOs) and a half-time Steno position to support the CSOs,
  - two new municipal support positions in Police Services to support RCMP members, and
  - three new positions to support increasing workloads and improve level of service—one in Finance, one in Planning & Development and one in Public Works.

Due to vacancies and to reduce operating surplus, the City has not budgeted for a full complement of staff in 2025.

**RCMP Contract** – Due to vacancies, the anticipated start date of four new members, and to reduce operating surplus, the City has not budgeted for the full amount of the contract.

**Asset Management** – With more than \$4.8 billion in assets, planning for the funding of their future replacement is critical. The 2025 budget includes a 1% increase to the contribution to the General Asset Management Reserve Fund to fund infrastructure.

**Investment Income** – The City's Investment Policy guides how the City invests funds while ensuring the City meets the statutory requirements of the Community Charter. After several years of above average returns on the portfolio, due to high interest rates, interest income is expected to decline as interest rates fall. The total return on the portfolio is anticipated to remain above average historical returns.

Significant budget changes are provided on the next page.

Expenditure Increases/(Decreases)		
911 Services - Net	\$	112,000
Asset Management		1,499,000
Community Safety Officers - Business Case <sup>1</sup>		508,000

Dollars are rounded to nearest \$1,000

<sup>1</sup> Includes 6.5 FTE's and associated costs

<sup>2</sup> Includes 1 new public service employee June 1, 2025 and 4 new members December 1, 2025.

<sup>3</sup> Includes 20 new Firefighters January 1, 2025, 2 new Police Services support positions, 1 new Finance position, 1 new Planning and Development position, 1 new Public Works position, 2 CAMS positions now funded from property taxes

<sup>4</sup> Less transfer to Facility Development Reserve Fund

## 2025 REVENUES

The City receives revenues from several sources with the main contribution from property taxes and user fees. Examples of revenues from other sources include grants, interest income and the Regional Parks Agreement.

Total projected revenues for 2025 are \$277.3 million with 60.7% coming from property taxes and 22.4% from user fees and charges. Revenues provide funding for; operating and maintenance expenditures, project expenditures, annual contributions to infrastructure renewal reserves and the VIRL.

The primary funding source for City services is property taxes budgeted at \$168.2 million (excluding parcel taxes) for 2025. This is an increase of \$13.0 million (excluding VIRL) over 2024.

### Projected Property Tax Increases

The City's Financial Plan reflects the best information available at the time of preparation. The budget includes a contingency for contract negotiations with IAFF.

Beyond 2025, the budget has been adjusted for known changes and reasonable assumptions. Future increases will vary as the budget is updated each year to reflect contract settlements, operational changes, growth, inflationary rates, community priorities and other key assumptions.

Several major projects for which the funding strategy includes borrowing are not currently included in the Project Plan as work continues to refine project scope, costing and timing. Some of these projects include the Public Works Yard Upgrades, Nanaimo RCMP Detachment Expansion, the Waterfront Walkway (Departure Bay section), the South End Community Centre and the Beban Park Master Plan and Facility Implementation Plan. As Council and electoral approval is received for these projects, Financial Plans will be updated to reflect these changes.

Year	General Asset Management Reserve	General Property Tax Increase	Total Municipal Taxes
2025	1.0%	6.8%	7.8%
2026	1.0%	6.7%	7.7%
2027	1.0%	2.5%	3.5%
2028	1.0%	2.0%	3.0%
2029	0.0%	2.6%	2.6%

### 2025 User Fee Increases

Sanitary Sewer User Fees	4.0%
Water User Fees	5.0%
Sanitation User Fees	5.7%

### Property Tax History

### Revenue Breakdown

### Taxation

Property taxes represent 60.7% of the City's 2025 revenues and finance a majority of the services provided by the City. Every property owner in the province must pay property taxes based on the value of their property unless the property is specifically exempted by provincial statute. The valuation of property within the City is determined by BC Assessment, a provincial Crown Corporation responsible for classifying and assessing the value of all real property in British Columbia.

### User Fees

In accordance with the Community Charter, municipal governments set fees and charges by bylaws to cover reasonable costs of providing services to the public.

The City has adopted bylaws authorizing user fees for parks and recreation programs, parking, animal control and water, sewer and garbage utilities.

### Development Cost Charges (DCCs)

DCCs are a method to fund infrastructure associated with growth. Monies are collected from land developers to offset some of the infrastructure expenditures incurred to service the needs of new development.

DCCs are imposed by bylaw pursuant to the Local Government Act as a method to finance capital projects. The City currently collects DCCs for roads, drainage, sanitary sewer, water and parkland. The City is in the process of an update of the DCC Bylaw.

### Grants

In addition to grants for specific projects, the City receives annual grants including funding under the Provincial Traffic Fine Revenue Sharing agreement. The City also receives grants in lieu of taxes from properties owned by the Federal or Provincial Governments or their Agencies and from private utilities operating within the City.

### Casino Revenue

In November 1999, the City began receiving 10% of the net earnings from a casino operation.

# 2025 OPERATING EXPENDITURES

Annual operating expenses provide for the day-to-day delivery of services to the community. Projected 2025 operating expenditures are \$215.3 million.

Sections are aligned within City departments to provide effective service delivery. Since January 2024, the City has operated under the following organizational structure:

## City Administration

- CAO's Office
- Human Resources
- Legislative Services
- Communications

## Community Services

- Police Services
- Nanaimo Fire Rescue
- PRC - Facility and Parks Operations
- PRC - Recreation and Culture
- Public Safety - Bylaw Enforcement, Parking, Community Safety Officers, Social Planning

## Corporate Services

- Finance
- Information Technology
- Corporate and Business Development - Economic Development, Real Estate, Tourism, Vancouver Island Conference Centre, Strategic Projects

## Engineering and Public Works

- Engineering Services – Facilities Asset Management, Capital Projects, Infrastructure Planning, Transportation
- Public Works – Cemeteries, Fleet, Solid Waste Management, Transportation, Drainage, Sanitary Sewer, Waterworks

## Planning and Development

- Community Planning, Sustainability, Business Licensing & Permit Centre, Current Planning, Subdivision, Development Engineering & Environmental Protection, Building Inspections

## Operating Expenditures by Department

	Actual 2024	2025	2026	Budget 2027	2028	2029
<b>EXPENDITURES (\$)</b>						
City Administration	\$ 6,611,105	\$ 7,806,178	\$ 7,804,911	\$ 7,601,135	\$ 7,690,158	\$ 7,913,100

<b>Annual Operating Expenditures</b>	<b>\$ 192,833,383</b>	<b>\$ 215,320,309</b>	<b>\$ 224,571,982</b>	<b>\$ 228,906,472</b>	<b>\$ 233,211,387</b>	<b>\$ 239,483,099</b>
Internal Cost Allocations	(8,077,550)	(8,380,267)	(8,556,109)	(8,727,437)	(8,896,288)	(9,080,010)
Internal Charges to Asset Renewal Reserves	(4,152,972)	(4,530,708)	(4,418,218)	(4,562,646)	(4,649,016)	(4,723,900)
Internal Debt Repayment	(454,568)	(523,442)	(591,231)	(582,230)	(573,229)	(564,228)
<b>Total Annual Operating Expenditures after Allocations and Charges</b>	<b>\$ 180,148,292</b>	<b>\$ 201,885,892</b>	<b>\$ 211,006,424</b>	<b>\$ 215,034,159</b>	<b>\$ 219,092,854</b>	<b>\$ 225,114,961</b>
Staffing (FTEs) - Municipal	720.6	752.0	758.0	758.0	758.0	758.0
Staffing (FTEs) - RCMP	164.0	169.0	173.0	177.0	177.0	177.0

Excludes all project expenditures and VIRL.

For 2025 to 2029 contingency for IAFF contract negotiations is budgeted in committed contingency under Corporate Services.

### Employee Base – Full Time Equivalent (FTE) Analysis

The City budgets for a full staff complement in all departments. There are two exceptions in the Financial Plan:

- RCMP contract - 92% of the projected contract cost is budgeted for 2025 and 95% for 2026 to 2029 due to the history of vacancies and to minimize annual operating surplus.
- In 2025 a \$750,000 negative wage contingency has been budgeted in the General Fund to minimize annual operating surplus due to vacancies that occur during the year.

### New Positions

The Financial Plan includes 50.5 new positions, 36.5 in 2025, 10 in 2026 and 4 in 2027.

- 20 new firefighters in 2025.
- 12 new RCMP members, four per year starting in 2025 and one new Public Service employee in 2025.
- 10 new Community Safety Officer, six in 2025 and four in 2026 plus 0.5 FTE support position in 2025.
- Two new Assistant Manager positions in 2025, one in Finance and one in Planning and Development.
- One Superintendent, Sanitation, Recycling & Cemeteries in 2025.
- Four new police support positions, two in 2025 and two in 2026.

### FTE Schedule

	2021	2022	2023	2024	2025
City Administration	31.0	31.0	33.0	33.0	33.0
Corporate Services & Facilities	77.0	80.0	80.0	82.0	84.0
Planning & Development	58.0	58.0	59.0	58.0	57.0
Community Services - Parks, Recreation & Culture	135.6	136.7	139.8	145.0	145.7
Community Services - Community Safety	182.4	202.4	226.3	235.1	263.8

# 2025-2029 PROJECT PLAN

## Sustainability Challenges

The City owns infrastructure with a replacement cost in excess of \$4.8 billion (2021). Over time, this infrastructure will need to be replaced and additional infrastructure will be required to support a growing community.

Projects included in the Financial Plan focus on specific strategic initiatives, infrastructure renewal and new/upgrades to infrastructure that will address capacity issues and regulatory changes.

Each year as part of the project planning cycle, projects are prioritized based on available resources, both financial and non-financial.

## 2024 Projects Carried Forward

At the end of each year where a project has not been completed or where a project was delayed/not started, budgets are carried forward.

Projects that are delayed or not started at year-end and are not anticipated to be undertaken in the following year are normally not carried forward. The project plan includes \$75.6 million for projects carried forward from 2024.

### Definition of Capital Assets

For accounting purposes, projects are classified as either capital or operating. Projects that satisfy specific requirements as outlined in the City's Capital Asset Policy are classified as capital expenditures and are accounted for in the City's capital funds. Projects that are smaller in scope, and below specific capitalization thresholds, are classified as operating projects and accounted for in the City's operating funds.

Capital assets provide a benefit to the community beyond one year, are used to deliver services and usually require annual operating and maintenance expenditures. Examples include infrastructure such as buildings, roads, bridges, water and sewer facilities, as well as vehicles. The Project Plan section includes both capital and operating projects.

### Annual Operating Impacts of the Capital Program

When constructing new infrastructure or facilities, there is typically an annual operating and maintenance budget needed.

The City's infrastructure renewal programs support each department's ability to avoid unnecessary budget increases on annual operating and maintenance expenditures due to infrastructure being operated past its optimum useful life.

The City acquires new infrastructure each year through private sector development and construction of new infrastructure. Annual operating and maintenance budgets are not specifically increased each year for this new infrastructure. During the annual budget review process, annual operating work plans, historical cost analysis and specific cost information support budget increases where needed for annual operating and maintenance programs for City infrastructure.

### Project Planning

The City's project planning horizon is long-term and includes comprehensive condition assessment of current infrastructure, future growth needs, and strategic initiatives. Lifecycle models and renewal plans for current infrastructure are updated annually. Long-term planning identifies renewal and upgrade projects including scope of work, preliminary timing, and cost estimates. Where project timing is within the next five years more detailed design work begins to further define scope of work and cost estimates.

To optimize efficiency, minimize costs, and reduce disruption to residents, all City infrastructure within an area will be evaluated for condition and capacity to ensure all necessary work is completed concurrently.

Where appropriate, business cases are developed to identify expected outcomes/benefits, investment options, and annual operating and maintenance expenditures.

### Project Funding Strategies

Funding strategies for the City's investment program include:

- Maintaining a reasonable and stable funding level from annual property tax revenues.
- Annual contributions to asset management reserves.
- Collection of DCCs from developers for new infrastructure required due to growth.
- Seeking grants and private contributions.
- Borrowing, as appropriate.

### Project Funding Sources

Projects are funded from a number of sources including an allocation of annual property taxes, operating reserves, statutory reserve funds, grants, private contributions and borrowing. Projects in the Financial Plan are funded from the following sources as per the chart below.

## Debt

Borrowing is considered for major projects that will benefit future residents based on the assumption that since future residents will benefit from the project they should share in the costs by paying the debt servicing costs through future property taxes or user fees.

The maximum amount of debt, which may be held by a municipality is restricted by its Liability Servicing Limit. This limit represents the total cost of servicing debt throughout the year (including both interest and principal). The Liability Servicing Limit is set by the Community Charter and is defined as 25% of a municipality's controllable and sustainable revenues for the year.

The Liability Servicing Limit for the City at December 31, 2023 was \$57.8 million for annual principal and interest payments and the City was at 13.1% of the current limit.

The City's outstanding debt represents a number of projects including the Vancouver Island Conference Centre, Fire Station #4, Fire Station #1, Solid Waste Collection (refuse trucks) and the Water Treatment Plant.

Outstanding debt at December 31, 2024 was \$33.9 million. This included \$1.0 million of short-term borrowing for solid waste collection.

## External Borrowing

The Financial Plan includes new external borrowing for one project, the Wellcox Secondary Access, of \$12.6 million subject to electoral and Council approval. Debt servicing for this new borrowing is currently planned to be funded from the General Asset Management Reserve Fund.

### Current Borrowing at December 31, 2024 - External

Asset	Total Borrowing	Outstanding Borrowing at Dec 31, 2024	Year Borrowing Repaid
Fire Station #1	\$ 16,675,623	\$ 14,155,703	2038/2040/ 2041/2042
Fire Station #4	3,750,000	762,234	2027
Sanitation	1,698,899	1,074,757	2025/2028
VICC	30,000,000	5,116,565	2026/2027
Water Treatment Plant	22,500,000	12,751,699	2033/2034
	<b>\$ 74,624,522</b>	<b>\$ 33,860,958</b>	

### 2025 - 2029 Budgeted New Borrowing – External 20 Year Repayment Term

Asset	Total Borrowing	Year(s) Borrowed
Wellcox Secondary Access	\$ 12,617,000	2027 - 2029
	<b>\$ 12,617,000</b>	

### Projected Debt Servicing Costs - External

2025	2026	2027	2028	2029
\$ 5,451,100	\$ 5,329,300	\$ 4,275,200	\$ 3,257,000	\$ 3,215,500

<sup>1</sup> Rounded to nearest hundred

### Projected Outstanding Debt – External

### Projected Debt Servicing – External

### Internal Borrowing

The City has many reserve funds established for specific purposes. Monies collected in each reserve fund must be used for the purpose that the fund was established.

Under the Community Charter, Section 189, if necessary, and monies are available, a municipality may borrow monies from one reserve fund for the purposes of another reserve fund. Repayment must be within the time the 'lending' reserve fund requires the funds to be available and must include interest.

The Financial Plan includes internal borrowing from the Drainage DCC Reserve Fund to the Sewer DCC Reserve Fund, as the Sewer DCC Reserve Fund does not have adequate monies for planned projects.

A summary of current and planned borrowings and repayments are shown. Annual repayments, principal and interest, will be from the Sewer Operating Fund to the Drainage DCC Reserve Fund until the Sewer DCC Reserve Fund has adequate monies for the annual repayment amounts.

#### Current Borrowing at December 31, 2024 – Internal

Asset	Total Borrowing	Outstanding Borrowing at Dec 31, 2024
DCC SS45 Chase River PS & Forcemain	\$ 3,213,506	\$ 2,343,905
DCC SS19 Millstone Trunk South	3,624,532	2,947,548
	<b>\$ 6,838,038</b>	<b>\$ 5,291,453</b>

#### 2025-2029 Financial Plan New Borrowing - Internal

20 Year Repayment Term

Asset	Total Borrowing	Planned Year
DCC SS44 Hammond Bay & Turner Area	\$ 2,163,150	2025
	<b>\$ 2,163,150</b>	

#### Projected Debt Servicing Costs - Internal

2025	2026	2027	2028	2029
\$ 523,400	\$ 591,200	\$ 582,200	\$ 573,200	\$ 564,200

<sup>1</sup> Rounded to nearest hundred

### Grants and Private Contributions

The Financial Plan includes funding from a variety of grants and private contributions, including funding received as part of the development process.

### Reserve Funding

The purpose of setting aside reserves is to provide funding for anticipated future expenditures, to ensure sufficient funds are available when required, and to limit the need to incur debt or require large increases in taxation or user fees.

### Operating Reserves

Contributions to operating reserves are through annual contributions and allocations of prior year surplus.

City operating reserves include:

- Financial Stability Reserves
- Infrastructure Reserves
- Strategic Priority Reserves
- Other Reserves

### Statutory Reserves

The City has Statutory Reserve Funds that are authorized by the Community Charter and/or City Bylaws. Contributions to statutory reserves are through annual allocations of general revenue, user fees and development cost charges.

Statutory Reserves can only be used as authorized by the Community Charter and the related Council Bylaw.

Statutory Reserves include:

- Asset Management Reserves
- Development Cost Charges Reserves
- Facility Development Reserve
- Equipment Replacement Reserves

### Reserves Framework

The City's reserves are provided in the following framework:

- Financial Stability Reserves – reserves to mitigate specific risks or provide funding for future costs.
- Equipment Reserves – reserves that provide funding for equipment replacement.
- Infrastructure Reserves – these reserves are the primary funding source for infrastructure renewal.
- Parking Reserves – provide funding for renewal or upgrades to parking infrastructure/amenities or parking studies.
- Property Acquisition Reserves – reserves for the purchase and sale of land.
- Strategic Reserves – provide funding for strategic initiatives and investment identified by Council.
- Other Reserves – reserves that fulfill either a specific administrative function, comply with a bequest or are for short-term purposes.
- Development Cost Charges Reserves – specific reserves with contributions from developers to fund specific infrastructure projects required due to growth.

### Projected Reserve Balances

All Reserves	2025	2026	2027	2028	2029
Financial Stability Reserves	\$ 27,654,142	\$ 27,576,278	\$ 27,587,786	\$ 27,584,023	\$ 27,587,037
Equipment Reserves	14,632,247	13,584,033	14,889,343	14,004,392	15,208,155
Infrastructure Reserves	75,199,163	67,882,701	73,164,307	82,851,952	92,315,370
Parking Reserves	1,694,572	1,353,551	1,540,999	1,729,435	1,848,613
Property Acquisition Reserves	4,185,677	4,343,367	4,527,687	4,692,338	4,858,981
Strategic Reserves	10,477,570	4,977,264	6,612,659	8,294,985	10,002,547
Other Reserves	518,962	528,841	538,917	546,626	554,450
Development Cost Charges (DCC) Reserves	59,302,507	57,051,396	58,848,789	62,749,811	67,287,293
<b>Total Reserves</b>	<b>\$ 193,664,840</b>	<b>\$ 177,297,431</b>	<b>\$ 187,710,487</b>	<b>\$ 202,453,562</b>	<b>\$ 219,662,446</b>

The complete reserves breakdown can be found in Appendix A.

Appendix A shows the projected opening and closing balances, annual contributions and withdrawals for each reserve.

### 2025 – 2029 Project Plan Detail

The Financial Plan includes projects that are consistent with the City's objectives as outlined in City Plan: Nanaimo Relimagined, and master plans approved by Council.

Detailed project information is provided within the following framework:

- Strategic
- Equipment & Vehicle Program
- Facilities Infrastructure and Amenities Program
- Information Technology Infrastructure Program
- Parking Infrastructure Program
- Parks Infrastructure Program
- Sanitary Sewer Infrastructure Program
- Storm Sewer Infrastructure Program
- Transportation Infrastructure Program
- Water Infrastructure Program

Projects in the five-year plan focus on the renewal of existing infrastructure to support effective and efficient delivery of current levels of service and new/upgraded infrastructure required due to growth.

Strategic projects and initiatives include:

- Housing Legacy Reserve contributions
- Funding for property acquisition
- Commercial Street Implementation

Significant infrastructure investment projects include:

- Maffeo Sutton washroom replacement
- Beban Complex sloped roof replacement
- Utility & transportation projects in conjunction with Regional District of Nanaimo's Sewer Forcemain project
- Third & Fitzwilliam Ave upgrades

### Project Plan

The following pages provide a breakdown of the Project Plan:

- Summary by major expenditure category or program and funding source
- Detail reports for each major category or program and type

### Summary by Major Expenditure Category and Funding Source

## 2025 Project Highlights

PROJECTS	AMOUNT	PROJECT HIGHLIGHTS
Strategic	\$19,449,071	Projects and programs that address specific initiatives, issues or goals. 2025 projects include: <ul style="list-style-type: none"> <li>• Funding for the Housing Legacy Reserve Fund to help support affordable housing</li> <li>• Funding for strategic property acquisition</li> <li>• Funding to help eligible home owners access financing for energy-saving home retrofits</li> <li>• Funding for the Commercial Street Implementation plan to revitalize the heart of Nanaimo's downtown</li> </ul>
Equipment & Vehicle Program	14,076,706	The City utilizes a wide range of vehicles and equipment to deliver services. In 2020, the City adopted a Green Fleet Strategy which guides the fleet's direction. 2025 projects include: <ul style="list-style-type: none"> <li>• Three new F150 electric trucks for Community Safety Officers funded by Health Canada Grant</li> <li>• Replacement of two refuse trucks</li> <li>• Replacement of a backhoe</li> <li>• Replacement of fire apparatus</li> </ul>
Facilities Infrastructure & Amenities Program	19,933,633	The City currently owns and operates over 100 facilities which support delivery of a wide range of services. 2025 projects include: <ul style="list-style-type: none"> <li>• Nanaimo Aquatics Centre (NAC) lobby renovations and improvements to public access controls</li> <li>• NAC dehumidification improvements; project is anticipated to reduce GHG emissions</li> <li>• Multi-year project to replace the Beban Complex sloped roof</li> <li>• Replacement of dehumidifier at Nanaimo Ice Centre</li> </ul>
Information Technology Infrastructure Program	3,280,981	The City's technology equipment maintains systems access for network and business applications. 2025 projects include: <ul style="list-style-type: none"> <li>• Continuation of the multi year project to replace the City's Enterprise Resource Planning software</li> </ul>
Parking Infrastructure Program	635,355	The City currently owns and operates three multi-level parkades as well as providing surface lots and metered on-street parking. 2025 projects include: <ul style="list-style-type: none"> <li>• Modernization of the Harbourfront Parkade elevator</li> </ul>
Parks Infrastructure Program	17,792,517	Parks infrastructure includes destination parks, neighborhood parks, spray parks, sports fields, playgrounds, tennis/sport courts and trails. 2025 projects include: <ul style="list-style-type: none"> <li>• Replacement of the washrooms at Maffeo Sutton Park</li> <li>• Improvements to Rotary Bowl in the Stadium District</li> </ul>
Sanitary Sewer Infrastructure Program	9,014,413	The sanitary sewer infrastructure program includes renewal projects for infrastructure at end of life and new/upgrade projects to address current and future capacity issues. 2025 projects include: <ul style="list-style-type: none"> <li>• Hammond Bay Area Utilities Project*: Sewer upgrades, intersection upgrades and road rehabilitation between Rutherford Rd and Turner Rd</li> </ul>
Storm Sewer Infrastructure Program	3,704,846	The storm sewer infrastructure program includes renewal projects for infrastructure at end of life and new/upgrade projects to address current and future capacity issues. 2025 projects include: <ul style="list-style-type: none"> <li>• Storm water utility review</li> <li>• Natural assets inventory</li> <li>• Renewal projects to maintain system and upgrades to address capacity related to growth</li> </ul>
Transportation Infrastructure Program	21,797,025	Transportation infrastructure includes roadways, sidewalks, bicycle lanes, bridge structures, street lights, roundabouts and traffic signals to support a multi-modal network. 2025 projects include: <ul style="list-style-type: none"> <li>• Third/Fitzwilliam Utility &amp; Road Upgrade*: Utility and road upgrades between Howard Ave and Selby St</li> <li>• Continuation of the Midtown Gateway Transportation &amp; Utility Project*: Multi-year DCC project to improve transportation facilities for all road users in the Northfield/Bowen &amp; Northfield/Boxwood Area</li> <li>• Pedestrian improvements: Audible signals, pedestrian flashers and sidewalks</li> </ul>
Water Infrastructure Program	22,296,927	The water infrastructure program includes renewal projects for infrastructure at end of life and new/upgrade projects to increase pressures and fire fighting capacity and provide redundancy within the system. 2025 projects include: <ul style="list-style-type: none"> <li>• Dickinson Rd PRV replacement</li> <li>• Continuation of multi-year project to replace large diameter water meters</li> <li>• Four water distribution DCC projects to address capacity related to growth</li> </ul>
<b>Total</b>	<b>\$131,981,474</b>	

\* Concurrent project - project includes more than one infrastructure type.

## APPENDIX A: RESERVES SUMMARY

The City's reserves are provided in the following framework:

- Financial Stability Reserves – reserves to mitigate specific risks or provide funding for future costs.
- Equipment Reserves – reserves that provide funding for equipment replacement.
- Infrastructure Reserves – these reserves are the primary funding source for infrastructure renewal.
- Parking Reserves – provide funding for renewal or upgrades to parking infrastructure/amenities or parking studies.
- Property Acquisition Reserves – reserves for the purchase and sale of land.
- Strategic Reserves – provide funding for strategic initiatives and investment identified by Council.
- Other Reserves – reserves that fulfill either a specific administrative function, comply with a bequest or are for short-term purposes.
- Development Cost Charges Reserves – specific reserves with contributions from developers to fund specific infrastructure projects required due to growth.

All Reserves	2025	2026	2027	2028	2029
Financial Stability Reserves	\$ 27,654,142	\$ 27,576,278	\$ 27,587,786	\$ 27,584,023	\$ 27,587,037
