

CONSTRUCTION UPDATE

ALBERT STREET PHASE 3

RAILWAY CROSSING UPGRADE & ROAD CLOSURE

Milestone Equipment Contracting, Amrize, & Southern Railway of Vancouver Island will be implementing a road closure on **March 18-19, 2026**, to facilitate a railway crossing upgrade between Milton Street and Prideaux Street. **The closure will remain in effect 24 hours a day until complete.** This closure allows crews to complete the work in the most efficient and safest manner possible.

- Traffic Control Persons (TCPs) will be on site to ensure access to all private driveways and residences will be maintained.
- The railway tracks cannot be crossed during this work, so the work zone is closed to through traffic including vehicles, cyclists, and pedestrians.
- Commuters must reroute using detours.
- Every effort will be made to keep local disruptions to a minimum.
- If you have young children, please advise them of the dangers and limited visibility of heavy equipment and trucks.

For the protection of the public and our workers, please follow all posted signage and stay within the designated travel lanes. We appreciate your patience as we complete these upgrades.

Your cooperation and patience is greatly appreciated!
