

THIRD STREET

Nov 10, 2025

Construction Notice

Each year, the City of Nanaimo undertakes capital improvement projects to support population growth, asset renewal, and other priority initiatives. Knappett Industries Ltd., on behalf of the City, will be completing infrastructure improvements that include:

- New watermain, sanitary sewer, and stormwater systems
- Road surface reconstruction and intersection enhancements
- New sidewalks, separated cycle tracks, and tree-lined boulevards

Construction is scheduled to take place between 7:00 a.m. and 7:00 p.m., with completion anticipated by late Fall 2026. During this time, traffic disruptions and detours are expected. Single-lane alternating will be in effect and the public is encouraged to reroute if possible. Every effort will be made to minimize local impacts. Traffic control personnel will be on site, and signage will be posted to guide motorists, cyclists, and pedestrians safely through the area. Please follow all posted signs and directions from flagpersons to ensure the safety of all construction workers.

We recognize that construction can be disruptive, and we appreciate your patience and cooperation as crews work to complete these important upgrades.
