Everyone Welcome - These are our same great "Everyone Welcome" sessions limited to 24 skaters. Lap skating to fun music. Designed for skaters of all ages and abilities, these sessions provide an opportunity for all members of the community to get active. Helmets are strongly recommended. Look for our fun "Game Zone" at these sessions held at the far end of the ice surface using sponge pucks.

Parent & Tot (6 years & under) - An excellent opportunity to introduce children to the ice or to work on skills learned in our RecSkate lessons. Come on the ice in shoes, with cleats or skates and enjoy toys and recreational hockey. Helmets are mandatory for tots. Parents must accompany children on the ice. Free admission for child, and skates and helmets are free.

Stick 'n' Puck - Whether you're new to the game of hockey or know the game and are looking to brush up on your skills, Stick 'n' Puck is for you! Get on the ice in a non-game, recreational setting. Space is limited, and session rules do apply. Please bring your own pucks.

Adult Leisure Skate (19+) - A great addition to your fitness routine. Enjoy skating laps or practicing your skills in the designated areas. Helmets are strongly recommended.

Adult/Senior/70+ Scrub (Adult 18+, Senior 60+) - Goalies play for free. Return to scrimmage play. Maximum of 24 on the ice.
