

What is ACT?

The Acting for Climate Together (ACT) initiative was created by the City of Nanaimo (the City) and the Regional District of Nanaimo (RDN) to inspire, educate and encourage community groups to undertake local climate actions that combat climate change, build resiliency and contribute to the overall wellbeing of our communities. Whether you are already part of an established organization or want to form a new group, joining ACT will help you identify and take positive climate actions that are appropriate and achievable for you and your team.

By joining ACT, your group will receive support and recognition from the City and the RDN for taking action on climate change, including one-on-one meetings with staff, connections to other groups in the program, award recognition and achievement prizes. Businesses are also encouraged to participate in the program but will not be eligible for prizes.

ACT now!

Join ACT to find and implement climate actions that work for your team and make a difference in your community.

Whether you are already part of an established organization or want to get a new team going, joining ACT will help you find and take positive climate ACTions.

How do I join?

Are you ready to ACT? Join citizens around the globe by taking climate action to reduce climate pollution and build healthy communities that are resilient for the future.

Steps to ACT:

1. Get your team together!
2. Sign your team up for ACT at www.website.com.
3. Attend a Kick-Off Meeting hosted by the City of Nanaimo and the Regional District of Nanaimo.
4. Choose your ACTions and plan for success!
5. Complete your ACTions.
6. Celebrate and share your success!

ACTION BADGES!

Teams can earn ACTION Badges by completing ACTIONS in each of the following categories:

- **Transportation**
- **Food and Waste**
- **Buildings and Energy**
- **Nature**
- **Climate Knowledge**
- **Big ACTION**
(bring your project ideas)

Each category includes suggested ACTIONS with assigned points. Earn five points in each category to achieve a category badge.

For more detailed descriptions of each ACTION, please see the ACT Toolkit [NEED TO ADD WEBSITE].

www.rdn.bc.ca/acting-for-climate-together

Earn five points in each category to achieve a category badge.
